### LOCAL NEWS

**ANOTHER MAN.**  
James Wells of 26 Simonds street says he is not the one of that name referred to in police court reports.

**RACE POSTPONED.**  
The mile race scheduled at the South End rink for this evening has been postponed until further notice.

**HYDRO OFFER.**  
Mayor Schofield announced this morning that he had received another offer from the New Brunswick Electric Power Commission, but had not yet had time to examine into the details of it.

**ON SAD MISSION.**  
Mrs. Joseph Keltie of Glen Falls left today at noon on the Valley Railway for Gagetown, being called there by the sudden death of her sister, Miss Ida Osborne.

**BURIED TODAY.**  
The funeral of Alexander Adams was held this afternoon from his late residence, 60 Gilbert's Lane, to Fernhill. Rev. H. E. Thomas conducted service. Members of Dominion L. O. L. attended the funeral.

**MARRIED IN BOSTON.**  
Mrs. R. Patterson of this city, has received from Boston, word of the marriage of her daughter, Helen Douglas, to William Bridges, also of this city.

**BASKETBALL.**  
Arrangements are under way to obtain the army for a game of basketball between the Y. M. C. A. Senior team and a fast team from Lincoln, Me., on the evening of January 18, the first day of the skating championships.

**THE STORM IN PORTLAND.**  
Fenwick M. McKee, local mailman, has returned to the city today from Portland, Me., where he took the Furness liner Tamaqua. He said the storm was very severe in Portland, and yesterday a hurricane signal was displayed for the first time in twenty-five years.

**NOVELTY SHOWER.**  
About twenty friends of Miss Nellie Roberts gathered at her home, 188 Metcalfe street, last evening and tendered her a novelty shower in honor of an approaching happy event. Miss Roberts received many useful and beautiful gifts, testifying to the esteem in which she is held. Games and music were enjoyed and refreshments were served.

**A PROMISE KEPT.**  
Forty-one boys of the South End Boys' Club, who had not smoked since the time they were given the promise some time ago, were the guests of His Worship at an entertainment in Trinity church school house on Wednesday evening when an enjoyable programme was presented by the Metagana boys. The boys were much pleased with the entertainment and had a thoroughly good time.

## WIND AT TIMES 76 MILES AN HOUR

Gale was Real Howler at Pt. Lepreau.

Nearly Fifty Miles in City—Shipping Held in Port—Clear and Cold the Probabilities for Tomorrow.

St. John seems to be approaching the end of what is probably the worst storm of the winter. Snow started to fall about 5 o'clock last evening and kept on with changes to sleet and rain until about one o'clock this afternoon, while the wind rose at times to a velocity of nearly fifty miles an hour never going under thirty miles during the night.

Today a great deal of trouble was caused by the mixture of snow and water on the streets. In many places natural dams were caused and the water rose until it had reached a depth of nearly a foot. The gutters were badly plugged, causing many an unfortunate pedestrian to step into one while under the impression that it was solid ground he was on. In other places the sidewalks were clean but the rain had washed off the snow and left a coating of ice which proved very slippery and treacherous, especially with the high wind blowing.

The wind last night varied from 36 to 44 miles an hour with occasional gusts which reached 48 miles. The temperature was high, the maximum being at midnight when it was 44 degrees above zero, this dropping to 38 degrees at nine o'clock. The barometer fell one and one-tenth inches and is holding steady at that point with slight tendencies to rise.

The weather station at Point Lepreau, one of the most exposed places in the Bay of Fundy, reports that at times the wind reached a velocity of 76 miles an hour from the northwest. This morning at 8 o'clock it had dropped to 48 but the seas were running "mountain high." This is a very unusual velocity for the wind to attain in the bay.

A street car which was reported stuck on the line to Glen Falls had not reached the city at one o'clock, but it was expected that a rescue would be effected this afternoon. All the company's sweepers are out on various parts of the line, so that no unnecessary delays will be caused. A car on the Main and Prince William stop left the rails about nine o'clock last night, in Duke street, and struck a pole on a corner, knocking it off the base about a foot and a half, but leaving the top held in position by guy wires.

Several vessels about to sail from this port were held up this morning by the storm. The steamer Empress, for Digby, was unable to make her daily trip for the first time since last February. Two schooners with cargoes of lumber were forced to put into this port for harbor during the morning. One of these was the Edward Smith.

Tomorrow's weather is expected to be clear and cold which is likely to mean slippery walking for pedestrians and hard work turning corners for traffic on the streets.

The basement in city hall was flooded this morning, the water being about one foot in depth. The trouble was said to have been caused by the blocking of a sewer.

Clifford Price, superintendent of streets, said this morning that the department of public works had seventy men and thirty-five teams working since early morning removing snow and spreading sand.

### DELEGATIONS AT CITY HALL

New Industry and Skating Championships.

Proposed Sardine Factory—Police Patrol for Lily Lake Asked—Half Holiday the Second Day, Beginning at 12 O'clock.

No business was transacted at the committee meeting of the city council this morning owing to the absence of Commissioners Fink and Bullock. Two delegations, however, were heard by the other members of the council and consideration promised their requests. C. J. Mellday appeared in behalf of the St. John Fisheries, Ltd., and asked exemption from taxation for a period of five years. Charles A. Owens, Frank White and D. J. Corr appeared in behalf of the Y. M. C. A. and asked for police service at the Canadian National Championship races.

Mr. Mellday appeared with A. A. Ellis, of Lepreau, and asked exemption from taxation for the St. John Fisheries, Ltd., for a period of five years. This request was made under 60 Victoria, chapter 55. He said the company has been capitalized for \$99,000, the incorporators being A. A. Ellis, of Lepreau, C. R. Stickney and Joseph Wickerson, both of Eastport, Me. It was the intention to erect a factory which would cost, with machinery, from \$50,000 to \$60,000. The company intended to can sardines in all kinds of fresh and salt fish. The plant would be operated the year round and would employ from 100 to 150 persons.

If favorable consideration were given the request of the company by the council, a start would be made within one month. An option had been secured on a site on the West Side. It was said that Mr. Stickney would be the general manager and Charles Wilson, the secretary.

Mr. Mellday said that the company was going ahead; it was simply a question whether it would locate in St. John or in Charlotte county.

The mayor asked that the request be placed in writing and he promised it consideration when all members of the council were present.

Those interested in the company are reported experienced in this industry and have several plants in operation in other parts of the country.

**The Championships.**  
Messrs. Owens, White and Corr asked that police be furnished to patrol the skating track at Lily Lake on the days of the races and to keep order. It was said that about fifteen policemen would be needed. Mr. Owens said that in the event of a big storm the day before the races he would like to count on the city supplying men and plows to clear the track.

The mayor said that the city would do everything in reason to help the meet as it was recognized that it was the biggest thing in the sporting line that had been undertaken in St. John in several years.

In reply to a question, Mr. Owens said that the track was in fairly good condition this morning.

The mayor asked at what time it was intended to start the races and Mr. Owens said that they would be started about two o'clock so that they could be run off before dark.

His Worship said that in that case he would proclaim the half holiday commencing at twelve o'clock so as to enable all to reach the scene of the races on time. The holiday will be declared for the second day of that meet and in the case of a postponement the holiday also would be postponed.

The meeting then adjourned.

### SHOCKING STORY OF CITY DENTIST

A certain amount of imagination is included as being a necessary adjunct to the equipment of the everyday business and professional man, but it sometimes occurs that it leads to startling results. Take the case of one of our well known local dentists.

He was making some slight repairs to his electrical apparatus and took the precaution to disconnect the line at the switch to prevent accident. In his previous occupation, however, he had forgotten the safety measure which he had taken, and his assistant was suddenly startled by his exclamation, "Gosh, I got a shock." When it was pointed out to him that there was no possibility of the current getting through the wire, he decided that his imagination had played a trick on him. He is still open to conviction, however.

### FOR MICHAEL KELLY.

To the Editor of the Times:—Sir,—The following short sentence containing every letter of the alphabet might be of some use to Michael Kelly:—"A quick brown fox jumps over the lazy dog."

W. G. V. STOKES,  
112 Pitt St. City,  
St. John, N. B., Jan. 11.

### IN MEMORY OF BROTHER.

John Coram, 365 Lancaster street, West St. John, has received a bronze memorial plaque from His Majesty the King, in memory of his brother, Thomas Coram, who was killed in the battle of St. Eloi, on March 31, 1916. Private Coram enlisted with the 26th Battalion on June 13, 1915. The medal was accompanied by a note with His Majesty's signature.

### THE TRAINS.

Both Montreal trains which left here yesterday afternoon and last evening encountered the severe storm. The first was late in arriving in Montreal. In order to cope with the storm the C. P. R. had of their ploughs and flanges continuously at work all over the district, and as a result no delays were occasioned this morning. The Montreal train was late reaching the city this afternoon, but this was said to be due to bad connections while en route here.

### CHICAGO GRAIN MARKET.

Chicago, Jan. 12.—Opening: Wheat, May, 1.14; July, 1.00 3/8. Corn, May, 33 7/8; July, 33 1/8. Oats, May, 38 3/4; July, 39 3/8.
