Might we ask the advertisers in the Times-Star to let us have their ad. copy not later than 6 o'clock the night before the day on which insertion is desired?

The crush of advertising, which The Times has been carrying the last few months, makes a call for HELP on the part of the business office an urgent necessity.

It's hardly necessary to state the value to YOU of this feature, as the earlier the paper is out, the larger the sale—hence, an increased market for you.

It also means that your advertisement will receive the best of attention as regards typographical treatment; will be dressed in the way your PUBLIC SALESMAN should be dressed. Best work, of course, can't be done in a rush, and neither you nor The TIMES is satisfied with a poorly dressed and

The unfortunate fact that quite frequently advertisements have to be omitted from The Times on account of late copy, prompts this S. O. S. call, and really your own best interests would demand that it be heeded.

ADMIRALTY ADOPTS BOLSHEVIKI SCHEME. Workers Committees Will Be Appointed in British Shipyards.

London, May 18—The admiralty has issued a circular informing the workmen at the royal dock yards and other naval establishments, says a despatch to the Times from Portsmouth, that the admiralty has decided to appoint committees of workers to deal with questions relating to their welfare and conditions of service.

The committees, it is added, will be elected by ballot by the workers and will be empowered to submit their decisions to the officers of the departments concerned, with the right of appeal, if necessary, to a special committee elected by the other committees. Any question that cannot be settled locally can be submitted to the admiralty.

CERTADING DISEASE. COMING TO FAIRVILLE.

To the Editor The Times:
Sir,—The city of Hamilton, Ont., has passed a law to destroy all tramp dogs and cats in the city as they have found that they were the means of spreading disease. Here in St. John are to be seen the worst sights of any city in Canada, tramp dogs running wild all over the city. Just at this time when a smallpox scare is going it is high time that some one who has the power to act should take the matter up. No dogs should be allowed in the street except on a chain or accompanied and licensed and all stray cats as well should be destroyed. This is a matter that should not be overlooked for any length of time.
