ACRICULTURE

Notes and Suggestions of Practical Utility FOR THE FARM, FIELD, GARDEN

Right wrongs no man. Keep the fence corners clean. A proper care of tools is economy. Grow more peas and beans to feed. Clover is the great renovating crop. Trees properly set require no stakes. Early cultivation is better than late. Brain and brawn maks a good span. Early accustom the pigs to eat clover, See that your team is properly mated.

Shallow cultivation appears to be best.

Tastures ought to be well fed down, but and clover.

"Will it pay to make butter to keep?"
The habit of caring for tools every night is a good one.

"Will it pay to make butter to keep?"
We should not advise anyone to keep more butter than is needed for current consumption; but it ought to be so well made that the
