"THE WORLD" appears to be very much out of temper with the ADVANCE. Its space is limited and its proprietors should not devote so much of it to the special office of their personal malice. The *World* is a paper which is read by the public whether the *World* is or not, and our neighbor will do well if he learn a little of public taste and break off its habit of declaring semi-weekly and weekly, without regard to the paper and its editor, everything that is bad. That kind of thing did very well for a time, but even the most depraved readers tire of monotonous abuse. The *World* has repeated this for a long time, its silly charge of invective against the ADVANCE, as if the fate of the county depended on someone believing it. It may as well conclude that if it few readers do not endorse the sentiment they will not do so by having the charge laid before them so persistently. The question is asked whether the *World* is any other subject to be before its readers? It ought to have, in fairness to them, and we hope, for its own sake, that it will soon endeavor to become a newspaper instead of a vehicle of private spite, envy and ill-will.

THEY WILL WALK and run steadily for 12 hours at Masonic Hall, Newcastle, on Monday next. Go and see them.

REV. MR. VANDERLY of Bathurst Village, was recently presented by his parishioners with a handsome horse imported from Prince Edward Island expressly for him. Father Vandery has labored for years in Bathurst with a zeal in his Master's service, and a devotion to the spiritual and temporal interests of those committed to his charge which have entitled him to the respect and esteem which, as the act of his parishioners shows, he so fully possesses.—*Freemans*.

BAR "DUNSTAPPAKE" launched recently from Mr. Geo. McLeod's yard at Kouchibouguie, is 864 tons register and will class 13 years in Bureau Veritas. She is described as a very handsome vessel and will prove a valuable addition to Mr. McLeod's already large fleet. Capt. Fulmore, (formerly of the "Alexander Keith") will be her commander. She will be towed to Miramichi, where she will be rigged by Mr. Finn, of St. John. She will also load there for a port in the United Kingdom.—*Globe*.

IT WILL BE FUN, ere the match is done, to see the walkers break and run.

SUBSCRIBERS whose subscriptions have expired would greatly oblige by remitting renewal without waiting for a reminder from this office. Our subscription list is so large that it involves much labor and expense to send out bills in the usual way, and our friends know by the yellow slip when their subscription is due.

ST. JOHN'S CHURCH.—Services will be held in St. John's Church, Chatham, on Sunday next, morning and evening.
