LIFE SAVERS GIVEN

MEDALS AND WATCHES

P. E. Island Men's Bravery Recognized by the Department of Marine.

CHARLOTTETOWN, P. E. I., April 3.—On November 16th last during one of the terrible storms that swept the north side of the Island, the schooner A. J. McKee was wrecked on Alberton Bar. The captain perished but the rest of the crew of three men were picked off by a boat from the shore at the imminent risk of the lives of the rescuers. As a reward for their bravery they have been presented by the Dominion Government with gold medals and silver watches, medals to Capt. John Champion and Capt. Daniel Fraser, and watches to James Cudill, William Leavitt, Geo. McBeath, Charles McNeil, Frank Skerry, Charles Perry, John McCabe and William Smith. The public presentation with appropriate programme took place in Alberton Hall this week, John Agnew, M. P., making the presentation. The minister of marine was warmly thanked by the meeting for remembering the gallant sailors. A resolution was passed asking for the establishment of a life saving station at Alberton.

PRINCE EDWARD ISLAND

DEFICIT IS \$43,000

Premier Peters Delivered the Budget Last Evening—The Fishery Award Is Expected.

CHARLOTTETOWN, P. E. I., April 3.—Premier Peters delivered the budget speech in the legislature today, the debt first with the results of the Ottawa conference last October whereby the island secured an addition of seventy thousand to its annual subsidy on account of government legislation. The island is also confirmed in payment of her per capita subsidy on maximum population and on special grants. The latter provision, he said, completely cuts off the ground from under the opposition who had been calling meetings throughout the country denouncing the conference settlement and claiming our per capita subsidy liable to decrease with decrease of population. Current revenue for the year ending December 31st was \$304,000; current expenditure \$347,000; capital account, which included increased amounts for permanent bridges, etc., \$27,000. The deficit of \$43,000 will be reduced when arrears in taxation are collected. A bill is now before the house to collect more easily and cheaply. When the full amount of increased Dominion subsidy is available there will be a surplus without an increase in local taxation. The premier said that he would also press our claims for a share of the fishery award amounting to a million and a quarter. He had every reason to believe that a successful settlement would be arrived at. The speaker was optimistic concerning financial prospects in general.

I. C. R. Authorities Looking for More Yard Room—No Place Available Excepting Beyond the One Mile House

Yesterday afternoon a private conference was held between G. M. Jarvis, traffic manager of the I. C. R., Mr. McLean, one of the railroad's engineers and W. E. Foster, vice-president of St. John Board of Trade. The matter considered was the extension of yard room at the St. John terminals, this discussion following a meeting of merchants recently held in the Board of Trade rooms.

It has been shown that at the present time the Intercolonial in St. John, through insufficient accommodation, is unable to properly handle the business offering. There are today one thousand cars stored in a yard which is capable of accommodating only 750 and as a result of this congestion it is only after serious delay that consignments of freight can be delivered. The Board of Trade has been for some time agitating for increased yard room and it would seem now that definite action will be taken.

While no formal announcement was made by Mr. Jarvis, and while the matter will probably be carried to Ottawa before plans are prepared, it is understood that the railroad will very shortly take steps towards the expropriation of a large section of the marsh extending probably from the One Mile House to Coldbrook station, and comprising many acres of level land, similar to that which a few years ago was taken over by the railroad.

Every available inch of the property as far out as the One Mile House is now occupied, with the exception of a little corner on which repair shops are to be built this summer. There is no room for any more tracks. It is understood that the officials, too, have gone carefully over the ground and have looked into the possibilities of the extension of the yard towards Paradise Row, but they feel that this would not overcome the present difficulties, although it might in later years facilitate the delivery of local freight. What is needed just now is more room for shunting and this can only be had by going further out the Marsh.

HE WOKE UP THE **WRONG LAD THAT TIME**

Elliott, After Beating His Wife, Tried to Abuse an Old Man, and Got What He Was Not Looking for.

The central police station cells last night were occupied by four protectionists, two beaters and one wife beater. The protectionists were allowed to depart from the station at six o'clock today. The two drunks were fined \$4 each while the wife beater went to jail for two months in default of paying a \$20 fine.

The man who had no more regard for his wife than to ill-use her is Joseph Elliott, who resides on Sheriff street. In court this morning Mrs. Elliott testified that she is the mother of five children, the youngest an infant. Elliott had given her just enough money to pay the bills and while she was looking after her youngest child he came home and asked for some of the money he had given her. On her refusal he caught hold of her, dragged her about the room and beat her. Mrs. Elliott put up a defense against her husband as long as she could but finally had to run from the house and summon the police. Elliott was taken in custody and lodged in one of the water street lock-up cells. A short time afterwards Andrew Geary, an elderly man, arrived in the Water street lock-up. He was placed in the same cell with the wife beater.

Elliott, who is a big able bodied man of about 36 years of age, felt strong, having just beaten a woman. He saw what he thought was another easy victim and began abusing the old man who occupied the same cell. Geary stood it as long as possible and finally got up off his bed of planks. He sailed into the bully in such a manner that before the policemen could unlock the cell door and separate the two, the old man had Elliott in a bad state. When the latter presented himself to the court this morning his mouth was badly swollen and still bleeding.

Mayor Sears announced publicly today that he will go before the people. His worship went on to say that he had been running no matter who else does. "I am a Liberal," said he, "and I am going to run, so you may sure cut for yourself whether I will come out as a straight Liberal candidate or not."

A MONUMENT TO THEIR **DEAD SHIPMATE**

A small monument is being carved at Stanton Bros. works on Leinster street. The seamen on the C. P. R. liner Empress of Britain left the order for the job. The monument is to the memory of Wm. S. Hurley, a native of Birkenhead, England, 48 years of age, who died in the hospital here on December 6th. He contracted pneumonia on his way out from England on the Empress. His burial took place in the marine lot in Fernhill. A photograph of the stone, after it has been placed on the grave will be taken by Stanton Bros. and sent to the young man's parents in England.
