INTERNATIONAL SOLIDARITY. Socialism's New Fad Means Its Destruction. On the Other Hand Success is Impossible Unless All Countries Agree—Some Progress in Numbers.

LONDON, Sept. 9.—The reports upon the progress of the socialist movement in all parts of the world which were submitted at the Stuttgart congress have now been published in three large volumes. One would infer from a perusal of these enthusiastic records from twenty-six countries, extending from Japan to Chili, that mankind were about to adopt the tenets of socialism en masse.

PORTLAND, Ore., Sept. 10.—The Oregonian today prints this dispatch from Seattle, Wash.: "Every indication is that the Vancouver, B. C., riots were carefully planned to impress Kishi, chief of the Bureau of Foreign Commerce, it is significant that the leaders of the Seattle organization against Japanese immigration, were in Vancouver heading the demonstration."

MONCTON COMPLAINS OF POSTAL IRREGULARITIES. Carelessness in the Local Service and Delay in Handling English Mails Talked Over.

SENATOR FERGUSON BETTER. MONTREAL, Sept. 10.—Hon. Senator Ferguson, of Charlottetown, P. E. I., left the Royal Victoria Hospital last night and started for home on the Ocean Limited. He was accompanied by Mrs. Ferguson who has been the guest of Rev. Dr. Gardner and Mrs. Gardner.

WONDER IT HAS NOT HAPPENED BEFORE. British Writer Comments on the Anti-Japanese Riot. Proof That Agitators From Seattle Were in Vancouver to Take the Lead in the Disturbance.

LONDON, Sept. 10.—The Daily Mail in its issue today does not discuss the Vancouver incident editorially, but prints an interesting sensational article by Hamilton Fyfe, who is evidently familiar with the Pacific Coast countries of America and the Orient, and who sums up the incident by saying: "The wonder is that it has not happened before."

TOKYO, Sept. 10.—The most meagre account of the anti-Japanese trouble in Vancouver, B. C., is published in a special cablegram to the Asahi this morning. While awaiting details, the Asahi refrains from editorial comment. The published dispatch which is from Ishii of the Japanese bureau of commerce, is brief and expresses the opinion that the trouble is over. The Japanese press and officials generally show no disturbance over the immigration question and it is conceded in official circles here that the matter will be ultimately settled satisfactorily.

MONCTON COMPLAINS OF POSTAL IRREGULARITIES. Carelessness in the Local Service and Delay in Handling English Mails Talked Over.

MONCTON, Sept. 10.—Mail grievances were discussed at a meeting of the council of the board of trade last evening, with the result that a petition will be forwarded to the postmaster general dealing particularly with the delay in delivering English mails in this city. On Friday last passengers who landed from England arrived here twenty-four hours before the mails which came on the same steamer.

HOSPITAL NURSES WILL ALL RESIGN. If Matron is Not Dismissed at Once. Interesting Charges in the Fredericton Investigation—A Cook Who Would Swear Occasionally.

FREDERICTON, N. B., Sept. 10.—The death occurred at the private hospital here at an early hour this morning of Mrs. Abraham Emack, of Gibson, aged 57 years. The deceased leaves her husband, three sons, Miles, Albert M., Thos. T., and two daughters, Mrs. Wm. Robinson, of Alberton and Saddle M., at home. She also leaves five brothers and four sisters. About a month ago Mrs. Emack cut her finger, from which blood poisoning set in, which finally caused her death.

MONCTON, Sept. 10.—With Judge Hamilton presiding, Thomas F. Collins, the young Englishman charged with the brutal murder of Mary Ann McCallum at New Ireland, Albert County over a year ago will on Tuesday, Sept. 17th, face the beginning of his third trial. Once Collins has stood within the shadow of the gallows, escaping the hangman's noose through a legal technicality, and on the second trial the jury disagreed, if not in Canada, it is the first time that a prisoner sentenced to death in the province was granted a new trial on the ground of misdirection by the court, and it is also the first time, not only in the history of the courts of New Brunswick but in the history of the courts of Canada that a prisoner has been tried three times on the same charge of murder. Counsel for the defense will be the same as in the two previous trials namely Hon. H. A. McKinnon, of St. John, J. C. Sherrin, of Moncton. It is reported that Solicitor General Jones will again conduct the case for the crown. One hundred and twenty-five jurymen have been summoned, as at the last sitting, owing to the number of challenges which the defense took the panel was nearly exhausted. Considering the nature of the case and the fact that it has been tried before no doubt there will be considerable difficulty in getting a jury even from the large panel summoned. Cases both for the defense and the crown will be conducted largely along the same lines as in the two previous trials. It is understood that Collins will again go on the stand to give evidence in his own behalf. Mystery surrounds the finding of the axe which again play an important part. It is understood that a fund towards Collins's defense is being raised in Moncton at the present time.

ATTACK ON HINDUS MAY CAUSE PROTEST. Great Britain Expected to Take Matter up at Washington. Some Fears are Expressed in British Columbia Regarding Violence Against The Hindus.

WASHINGTON, Sept. 9.—While no information of an official character has reached the United States State Department concerning the summary and violent expulsion of Sikhs from Bellingham, Washington, it is constantly expected that, if the facts were as reported in the press, Ambassador Bryce will soon be heard from. All the state department can do is to follow the precedents established in Wyoming, Louisiana, California and elsewhere, in cases where foreigners have been mobbed or killed. That is, the department, in the name of the President, may address the governor of Washington transmitting perhaps, the complaint of the British Embassy, if there should be one, and requesting him to take steps to prevent a recurrence of the trouble.

GETTING READY FOR COLLINS' THIRD TRIAL. It Will Commence in a Few Days in Albert County. No New Developments Since the Last Disagreement—The Case Unique in New Brunswick.

MONCTON, Sept. 10.—With Judge Hamilton presiding, Thomas F. Collins, the young Englishman charged with the brutal murder of Mary Ann McCallum at New Ireland, Albert County over a year ago will on Tuesday, Sept. 17th, face the beginning of his third trial. Once Collins has stood within the shadow of the gallows, escaping the hangman's noose through a legal technicality, and on the second trial the jury disagreed, if not in Canada, it is the first time that a prisoner sentenced to death in the province was granted a new trial on the ground of misdirection by the court, and it is also the first time, not only in the history of the courts of New Brunswick but in the history of the courts of Canada that a prisoner has been tried three times on the same charge of murder. Counsel for the defense will be the same as in the two previous trials namely Hon. H. A. McKinnon, of St. John, J. C. Sherrin, of Moncton. It is reported that Solicitor General Jones will again conduct the case for the crown. One hundred and twenty-five jurymen have been summoned, as at the last sitting, owing to the number of challenges which the defense took the panel was nearly exhausted. Considering the nature of the case and the fact that it has been tried before no doubt there will be considerable difficulty in getting a jury even from the large panel summoned. Cases both for the defense and the crown will be conducted largely along the same lines as in the two previous trials. It is understood that Collins will again go on the stand to give evidence in his own behalf. Mystery surrounds the finding of the axe which again play an important part. It is understood that a fund towards Collins's defense is being raised in Moncton at the present time.

FAST WORK ON THE PANAMA CANAL. The Record for Excavation Set in August; The Ditch One-Tenth Completed.

WASHINGTON, Sept. 9.—The total excavation of the Panama canal is now one-tenth completed, according to the report received here Friday. The progress made during August, despite the heavy rainfall of 11.83 inches, surpassing that of any previous month, exceeding the July record by 215,625 cubic yards. The total amount of material to be excavated was estimated in June, 1904, to be 111,280,000 cubic yards. Since then and up to Aug. 31, an aggregate of 10,823,684 yards has been excavated, not counting that taken out at points contiguous to the canal prism, which cannot properly be deducted from the estimated grand total. There are now 63 steam shovels at work on the canal, while there will be 24 more delivered and placed in commission in the near future.

FISHERMAN MADE A VALUABLE HAUL. DUNKIRK, N. Y., Sept. 10.—Gus Ormsby, a fisherman, while lifting his nets off Vanburen Point in Lake Erie, discovered the wreck of the propeller Dean Richmond, which was lost in a storm with all on board, during a gale in October 1893. The Dean Richmond had a cargo of lead and copper ore valued at \$200,000 and with attempts had been made by the underwriters and by private enterprises to locate the bones of the treasure ship.

PREMIER STOLYPIN'S DESPERATE TASK. To Combine Stern Repression and Gradual Progress. Significance of Choice of Assistant Interior Department—France Furnishes Money to Start Industrial Boom.

ST. PETERSBURG, Sept. 9.—The interval between the signature of the Anglo-Russian convention and the convocation of the third Duma is being occupied by Premier Stolypin in framing a policy. His personal position with the Czar is stronger than ever and the choice of Alexander Krivosheina as acting Minister of the Interior, which leaves M. Stolypin as Prime Minister without departmental routine, gives him the authority virtually of a Chancellor of the Empire. His friends claim for the new policy that it will be conservative without being reactionary.

MONCTON, Sept. 10.—The significance of Krivosheina's entry into the Cabinet will be better understood from the memorandum opposite his name in the private note book of the late Gen. Tropoff, kept for the Czar, on the character and intentions of higher officials. There Krivosheina is marked "a thoroughly reliable man." This from Tropoff means a man devoted wholeheartedly to orthodoxy and an energetic champion of government by administrative decree. His answer in a conflict between the Minsk Duma would be that a Minister does the governing and the Duma may do the criticism, but each keeps its own place.

MONCTON, Sept. 10.—The total excavation of the Panama canal is now one-tenth completed, according to the report received here Friday. The progress made during August, despite the heavy rainfall of 11.83 inches, surpassing that of any previous month, exceeding the July record by 215,625 cubic yards. The total amount of material to be excavated was estimated in June, 1904, to be 111,280,000 cubic yards. Since then and up to Aug. 31, an aggregate of 10,823,684 yards has been excavated, not counting that taken out at points contiguous to the canal prism, which cannot properly be deducted from the estimated grand total. There are now 63 steam shovels at work on the canal, while there will be 24 more delivered and placed in commission in the near future.

KILLED WHILE SHOWING HOW COWBOYS RIDE. PHILADELPHIA, Sept. 10.—William J. Mulhall, a well known college football player and athlete, was killed at Stratford, a suburb, yesterday, by plunging head foremost over a mustang which he was attempting to mount. Mulhall was showing to a friend some of the evolutions practiced by cavalrymen in their drills, and giving cowboy exhibitions. He attempted to vault into the saddle while the mustang was on the run and misjudging the distance, plunged over the horse. He fell on his head, fracturing his skull and dying in a short time. Mulhall was 27 years old.
