FORMER EMPRESS OF RUSSIA SUBMITS TO ARREST—CAPITAL CALM

Powers that Be Carefully Guarding Nicholas and Former Empress—Republican Sentiment in Parliament Favours Votes for Women for Constitutional Assembly—Ex-Empress Allowed to Retain Male Nurse of Her Son, Alexis.

London, Mar. 22.—A monster demonstration will be held in Petrograd on Sunday in favor of women voting at the elections for a constitutional assembly, says a Reuter despatch from Petrograd today. Grand Duke Nicholas is on the way to Petrograd, and former Emperor Nicholas, adds the despatch, is expected today at Tsarsko-Selo, where he will be met by General Korniloff, commander of the Petrograd district, with whom he will motor to the palace, escorted by a guard of cavalry.

to wait at the telephone, returned in a few minutes and said that he might be received in a half hour. General Korniloff and his staff drove to the palace, where they were taken to the private apartments of the Empress, who was in black, and who asked all to be seated. Her first words were: "To what am I indebted for your visit?" General Korniloff, rising, replied: "I have come by the instructions of the council of ministers, and I have to inform you of the decision of the provisional government."

SIDELIGHTS FROM GERMANY

Departmental Stores and Their Food Lists—Andrassy Disappointed with Britain.

Little by little the daily full-page food advertisements of the large Berlin departmental stores have diminished and shrunk, until they now appear at long intervals of ten days, and then only as a fraction of their former size. It need hardly be stated that articles of food which have either been commandeered by the military authorities for the exclusive use of the army, or reserved and canned goods, are entirely absent from these advertisements. The stately lists of beef and veal and pork, of sausages, butter, lard and fats have all disappeared. Gone, too, are eggs, cheese and milk products, rice, legumes, tea and coffee, cocoa and chocolate.

FOOD ISSUE IN BRITAIN IS SERIOUS

Government Taking Steps to Prevent Waste and Hoarding of Supplies.

London, Mar. 22.—The food question is pressing daily with increasing urgency on the British public, and according to authoritative reports a few days will see new and drastic steps on the part of the food controller, Lord Devonport, to meet the situation and prevent exploitation of the public by traders. The controller announced in the House of Lords today that although voluntary rationing had brought about excellent results, much more in this direction was required; otherwise, it might be necessary to resort to compulsory rationing, which would be a national calamity. He was very desirous of avoiding this, owing to the tremendous machinery needed. This machinery, however, was ready, he declared, if required, and a great reduction in bread and sugar was still imperative. The controller also intended, he said, to introduce a strong measure to prevent the hoarding of food.

LAW SCHOOL STUDENT

It was decided at a meeting of the Student Society of King's College, held yesterday in the Pugsley building, to constitute the Student Society of King's College, a body to make provision for an honor term being well advanced examinations were fast. It would be impossible for a team from U. N. B. to join this year. It is probable, however, that the next meeting of the legislative debating committee will be held on the 23rd. The class pin to be worn by undergraduates of the year was decided upon and sent for. After considerable discussion was decided to appoint an editor for the King's College published in Windsor, for your class. The many friends of Mr. Ineson, Hampton, will be of her severe illness. She continues to her last days with Dr. J. N. Smith in attendance.

UNITED STATES PREPARING FOR WAR WITH GERMANY

Washington, March 22.—Word that a European neutral might offer mediation to prevent open war between the United States and Germany has come to the administration without causing surprise or in any way affecting the government's plans for meeting the situation forced by submarine ruffians. Such a proposal is regarded here as nothing more than another scheme fostered by Germany with the hope of confusing the issue and possibly dividing sentiment in this country, while the destruction of American lives and ships on the high seas continues.

to be done but adopt measures of defense, and no basis exists for discussion. During the ten days that must elapse before congress assembles in response to his call President Wilson called the cabinet and its advisory committee of heads of great industrial concerns to meet here Saturday to discuss how much more work is necessary to put the country in a state of adequate preparedness for defense. The council, already has accomplished much toward mobilization of all the nation's resources, and these results will be shown at Saturday's meeting. Samuel Gompers, as chairman of the council's committee on labor, issued invitations to a large number of workmen, employers and scientists to accept membership on the committee and attend its first meeting, April 2.

DEATH OVERTOOK HOW NICHOLAS GERMAN OFFICERS SEATED AT TABLE

Stewart Lyon Says Canadian Population Behind Hun Retreat.

Canadian Headquarters in France, March 22. (By Stewart Lyon, Special Correspondent Canadian Press.)—The civilian population behind the Canadian front is jubilant over the display of "voluntary elasticity" by the enemy. On that part of the western battle line between Noyon and Arras the enemy still holds its trenches here. The raid on Tuesday morning by the Canadians proved that it resulted in the capture of a number of prisoners with a minimum of loss. Dramatic Incident. "A dramatic incident is reported from a part of our front on which, early in the war, stubborn battles took place between the French and the Germans. Some Canadian soldiers, fighting the field quarries noticed a grass grown mound of curious shape. On penetrating the mound they discovered the entrance to a dugout in which were four German officers seated at a table where sudden death had overtaken them. Their equipment was still hanging on a wall. The cause of the death was asphyxiation from gas entering the dugout or from the closing of its entrance by shell fire. If the latter, knowing there was no hope of escape, the officers must have sat down around the table waiting the end. Many other like tragedies may be described later."

GERMAN OFFICERS SEATED AT TABLE

Stewart Lyon Says Canadian Population Behind Hun Retreat.

"We know the Ravachols who by violence, by revolutions and murders would change the world their principles and their moral conceptions as regards social order and division of property. We are in the habit of looking upon these people as mad and dangerous, however noble their aims. But what are we to say of the English statesmen, and of Balfour himself, when we see them exhibiting themselves in the same light, but when words so savage, appalling, unrelatable, exuding bad faith and hypocrisy, issued from their mouths, I could not refrain from expressing my feelings."—London Daily Express.

HOW NICHOLAS WAS ARRESTED

Stewart Lyon Says Canadian Population Behind Hun Retreat.

Paris, Mar. 22.—Premier Ribot, in reply to inquiries and comments upon the new ministerial declaration made in the chamber of deputies yesterday afternoon, said, in alluding to peace, that "it is too early to say what this peace should be." When the United States make a generous appeal for the constitution of a society of nations we say that this is a great idea; that this is an idea which has a future, but to realize it all nations called to enter into this society must have attained some degree of liberty and democratic evolution."
