COLONIZATION ROADS UNDER DISCUSSION

Demand from French-Speaking Member for Better Facilities for Newcomers.

Fredricton, N. B., April 16.—In the Legislature this evening Mr. Leblanc, speaking to the item of colonization roads said that he regretted this was an item which was very little discussed. His own county of Restigouche had more colonization than any other county of the province. Each year it was the same \$5,000 appropriated by law and \$2,000 voted to the House. There was talk of immigration but he would point out that without any effort on the part of the government a considerable number of very desirable citizens had come into the province. What had the government done for them in colonization roads or in any other way? As far as immigration was concerned he would remind the House that some forty years ago settlers were brought from the Old Country and placed upon some seventy lots in Balmoral, Restigouche County. The government cleared the land and built houses and assisted in every way. Today the descendants of that one of those settlers were there. The majority of the party left in a few years. Their farms had been acquired by native Canadians who were the only people to send into virgin forest to make homes. Along the International Railway in Restigouche County there were settlements made within a few years which had a population totalling seven or eight thousand. This district had been created a separate parish and sent two members to Restigouche County Council. It did not look right to vote the magnificent sum of \$7,000 for all the colonization roads in the province. He admitted that the Hon. Minister of Public Works had come to the rescue in the Parish of Grimmer, and had assisted on the highways. The province of Quebec was preparing to spend \$5,000,000 in colonization. Why could not the House vote \$5,000 instead of \$2,000? Mr. Baxter asked if Grimmer or Hazen Settlements could be reached by highway. Mr. Leblanc said they could not. The only roads were in the Settlements themselves. Mr. Michaud said he concurred in the remarks of his hon. friend from Restigouche. Madawaska also had its colonization problem. There was a tract there improperly furnished with roads. He would direct the attention of the House to the fact that the encouragement of settlement was one very effective way of readjusting Maritime Province representation at Ottawa. It was highly desirable to encourage those who would stay on the land. If the hon. members would go to the northern counties they would gain some idea of the hardships which settlers underwent. He noted that the Department of Lands and Mines had an estimate of a doubled revenue. A good part of that money should go to colonization roads. \$25,000 would not be too much. Mr. Tilly said he had visited that section of Restigouche under discussion and he concurred in what had been said about the industry of the people who had made the settlements. At the time of his visit the roads were impassible. Probably they had been improved since. He would direct the country from which money should be withheld. He agreed that native Canadians made the best settlers. Mr. Potts said the matter deserved careful consideration. A vote of \$2,000 on this item was insufficient. The hon. members who had brought up the matter should let it drop. If they were sincere in their request for a large vote it was all right. If they were playing politics for the purpose of impressing the people of the new settlements, it was all wrong. He wished the people of the district in question to have good roads, in fact he expected to go there and speak to the people. He would suggest that the matter lie over for a while.

Mr. Veniot Wants More Roads to Spend Money On.

Hon. Mr. Veniot said that the Hazen and Grimmer settlements had been opened some ten years ago. He had visited them then when they were a few log cabins and in 1918 he had gone again and found a population of at least 7,000 people. Roads existed from Kedgwick to St. Quentin within the settlements. The people wanted highway connection whether north of Campbellton or south to St. Leonard or St. Annes. It would be 35 miles to St. Leonard and 22 miles to Campbellton. The route had been partially surveyed and a proposition had been placed before the Dominion Government to open a road from St. Quentin to Siegas. If the Dominion would see its way clear to give a 40 per cent assistance to a principal farm road, the work would go on rapidly. If the province had to act alone it would take longer. The custom had been to spend money for colonization roads on opening the roads. Later the settlers did \$30 worth of road-work each. He did not consider that system a good one. While this Restigouche colony was the largest and probably the most prosperous one in the province there were others. An attempt was being made to colonize

returned soldiers on the Blue Bell tract in Victoria Co., and a bill was before the House to purchase for settlement purposes from the New Brunswick Land and Railway company a tract of 4,000 acres back of Gonsen Ridge, Madawaska county. After those schemes came others in Northumberland, Gloucester and Kent. There was on foot a scheme to establish soldiers settlement between Sore and Bathurst. The distance between the two places was about 13 miles. Twenty-four miles of highway to Bathurst would be cut off a journey of sixty-four miles. The Department of Public Works was debarred from opening new roads. That was under the Department of Lands and Mines. His suggestion to make to the hon. minister of that Department, either that a larger amount be spent on colonization roads or that the matter be placed entirely under the Department of Public Works. Under the present arrangement the work was merely a subordinate part of a large and important department. Under the arrangement which he had suggested there would be some one who would consider the opening of such roads part of the departmental duty. As far as the suggestion just made by hon. members was concerned it was going too far to ask for an increase of \$20,000. It was not money for the purpose, but under conditions of the present year would not be warranted. When Grimmer Settlement first was opened such an amount would have produced magnificent results. He would suggest that the hon. members of the counties concerned meet with the hon. Minister of Lands and Mines and hold a consultation in the matter.

Mr. Young said that the County of York contained quite a little town located on the Transcontinental division of the C. N. R. which possessed no means of communication with the outside world except a railway. That was Napadogan, a sub-divisional point with a growing population. There was no highway, but the construction of a stretch of nine miles of road would connect the place with Williamsburg and give easy access to the settlement. The people wanted the road could not come under farm settlement, however, because the Nashwaak Pulp and Paper Company owned the intervening land. Hon. Mr. Veniot said this would come under the Department of Public Works. He could inform the hon. member and the House that a survey for that road had been ordered and was partly done. The survey would be completed by the late summer or autumn. It had been decided to construct the road.

Mr. Baxter said he would support the movement for increased money for colonization roads and he felt that if the members interested requested an increase they would get it. He noticed by the public accounts that 12 per cent of the appropriation last year remained unexpended. Either the hon. Minister of Lands and Mines did not want to spend the money, or the members of the counties concerned did not press him.

Hon. Mr. Smith said that applications for colonization road money usually were three times larger than could be met and the money had to be distributed throughout the province. An expenditure of \$7,000 was authorized last year, but the terms were not met in all cases. This had been on account of the scarcity of labor. There had been \$2,000 to be expended in Restigouche county but it had not all been spent because money could not be secured to do the work. In one year, however, Restigouche over expended. Money for colonization roads was not for maintenance, but for opening the roads.

Mr. Young asked if there was any statute defining the duties of settlers toward the roads. Hon. Mr. Smith said there was not. After the roads were opened the Department of Public Works assumed control.

Hon. Mr. Foster said that the hon. member for Restigouche (Leblanc) had made reference to the fact that there had been no increase for some time in the appropriation for colonization roads. The statement was hardly correct. The records showed that the amounts had been as follows: 1912, \$300; 1913, \$3,600; 1914, \$5,500; 1915, \$4,500. The appropriation at the present time, \$7,000 in all, was considerably greater. Colonization roads money could not be applied to roads already built, and on that account could not be used on existing roads in Hazen and Grimmer Settlements. He had visited those settlements himself and had travelled on the "real" colonization roads away back

to Bathurst would be cut off a journey of sixty-four miles. The Department of Public Works was debarred from opening new roads. That was under the Department of Lands and Mines. His suggestion to make to the hon. minister of that Department, either that a larger amount be spent on colonization roads or that the matter be placed entirely under the Department of Public Works. Under the present arrangement the work was merely a subordinate part of a large and important department. Under the arrangement which he had suggested there would be some one who would consider the opening of such roads part of the departmental duty. As far as the suggestion just made by hon. members was concerned it was going too far to ask for an increase of \$20,000. It was not money for the purpose, but under conditions of the present year would not be warranted. When Grimmer Settlement first was opened such an amount would have produced magnificent results. He would suggest that the hon. members of the counties concerned meet with the hon. Minister of Lands and Mines and hold a consultation in the matter.

TOBACCO HABIT DANGEROUS

says Doctor Connor, formerly of Johns Hopkins hospital. Thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug Nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of tobacco habit in any form. Just go to any up-to-date drug store and get some Nicotol tablets; take them as directed and lo! the pernicious habit quickly vanishes. Druggists refund the money if they fail. Be sure to read large and interesting announcement by Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the meantime try Nicotol tablets; you will be surprised at the result.

"Beauty is Only Skin Deep"

but a beautiful skin is possible only when the liver and kidneys are active, and the bowels functionate properly. The secret of beauty as well as of health is to maintain perfect digestion and elimination. BEECHAM'S PILLS help to preserve beauty and maintain health, because they influence liver, kidneys, skin and stomach to functionate in harmony and efficiently. Worth a Guinea a box. Sold everywhere in Canada. Tel. nos. 255, 256.

"77" FOR COLDS

For Croup, Influenza, Catarrh, Cough and Sore Throat. To get the best results take "Seventy-seven" at the first sign of a Cold, the first sneeze or shiver. If you wait till your bones begin to ache, it may take longer. The use of "Seventy-seven" points to the vast system of Dr. Humphrey's Remedies as unerring as the needle to the pole. Doctor's Book in English, French, Spanish, Portuguese or German—unlimited free. At all Drug and Country Stores. Humphreys' Homeo. Medicine Co., 156 William Street, New York.

HOW I CURED MY RHEUMATISM

BY PETER SAVALA I have found a very safe way to get rid of rheumatism. It is simple, easy—results are astonishing. It eases the pain almost instantly. It banishes the terrible ache from my nerves and muscles. In two months I was well and—free from the awful pain and misery I have not had even a twinge from rheumatism since. This is an ancient Greek prescription. Every doctor in Greece knows its wonderful value and prescribes it for the most obstinate case of rheumatism. I will tell you all about it FREE. I will tell you how I became crippled with rheumatism and how I got the remedy that drove this terrible agonizing affliction right out of my body. It makes no difference how swollen or distorted your joints may be; how severe the pain; or how discouraged you are. I now see that I have the very means of helping you to find relief in a few days and a lasting release in just a few weeks. Just write me personally. Say: "Tell me how you cured your rheumatism and how I may cure mine." Address your letter or post card to PETER SAVALA, 250 Craig St. West, R. 125 Montreal, Que.

LARGELY ATTENDED PARLOR MEETING

W. C. T. U. Meet at Home of Mrs. James I. Davis, Queen Street, Last Night—Excellent Programme Carried Out.

A largely attended Parlor Meeting was held last night by the W. C. T. U. at the home of Mrs. James I. Davis, Queen Street. The evening was in charge of Mrs. Seymour and Mrs. David Hipwell, the Provincial Superintendent of Parlor Meetings. After the reading of the 23rd Psalm, the Lord's Prayer was said in unison. Miss Esther Logie gave an appropriate reading, "What to Drink" and upon being encouraged a humorous reading, "Out of Joint." Miss Stella Earle and Miss Edna D. Brown sang pleasing solos and readings were given by Mrs. J. Gillies, Mrs. W. R. Humphrey, Miss Edna Brown and Mrs. R. D. Christie. Miss Estelle Fox presided at the piano. A vote of thanks to all who had made the programme such a pleasant

MEMORIAL TABLET TO BE ERECTED

The Church of England congregation in Hampton are arranging to honor the memory of their members who died in military service, by a brass tablet to be erected in the Parish Church. E. A. Schofield, E. R. DeMille, Dr. F. H. Wetmore, Mrs. A. M. Dann, Mrs. P. E. Dann and Miss Travis have been appointed a committee with authority to proceed in the matter. An Honor Roll of the names of those who enlisted for Overseas Service will also be provided.

There Must Be A Reason! The INCREASE ALONE in the Sales of SALADA TEA during the first twelve weeks of 1920 in comparison with the same period of 1919 amounted to— 634,062 Pounds (If put in half pound packages this tea would form a line 110 miles long) THERE IS A REASON: SALADA is a perfect blend of the choicest pickings of the world's finest tea gardens packed in metal packages that preserve the virgin goodness of the leaf until it reaches your tea-pot.

AMERICAN WAS TRYING TO ESCAPE

Berlin, April 16.—Paul R. DeMott, of Paterson, N. J., who was shot and killed at Wesel by a German sentry recently, was making a deliberate attempt to escape from prison when fired upon, according to an oral report made by a representative of the American Commission here, who had just completed an investigation of the incident.

Fletcher Peacock of the Vocational Training Board, Fredericton, was in the city yesterday in connection with the closing of the first series of the Vocational Training Classes held here this winter.
