## Why Castoria?

YEARS ago Castor Oil, Paregoric, Drops and Soothing Syrups were the remedies in common use for Infants and Children; Castor Oil so nauseating as to be almost impossible and the others all containing Opium in one form or another, but so disguised as to make them pleasant to the taste, yet really to stupefy the child and give the appearance of relief from pain.

It required years of research to find a purely vegetable combination that would take the place of these disagreeable, unpleasant and vicious remedies that from habit had become almost universal. This was the inception of, and the reason for, the introduction of Fletcher's Castoria, and for over 30 years it has proven its worth, received the praise of Physicians everywhere and become a household word among mothers.

A remedy ESPECIALLY prepared for Infants and Children and no mother would think of giving to her baby a remedy that she would use for herself without consulting a physician.

Children Cry For  
Fletcher's  
CASTORIA

## Have You Tried It?

Everybody has read the above headline; how many believe it? Have you a little one in the home, and has that dear little mite when its stomach was not just right felt the comforts that come with the use of Fletcher's Castoria? You have heard the cry of pain. Have you heard them cry for Fletcher's Castoria? Try it.

Just help baby out of its trouble tomorrow with a taste of Castoria. Watch the difference in the tone of the cry, the look in the eye, the wiggle in the tiny fingers. The transformation is complete from pain to pleasure. Try it.

You'll find a wonderful lot of information about Baby in the booklet that is wrapped around every bottle of Fletcher's Castoria.

Cocoanut Oil Fine  
For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Don't use prepared shampoos or anything else that contains too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain multifoliated cocoanut oil (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanse the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get multifoliated cocoanut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.
