

TENTH ANNUAL REPORT

—OF THE—

Missionary Society of Knox Church,

—FOR THE—

YEAR ENDING 31st MARCH, 1879.

In summing up the labours of another year, we are thankful for the measure of success which in spite the heavy cloud of financial depression that at the present time enshrouds the business world, has attended the appeals of our members to the friends of this institution. During the past year there has been collected the sum of seven hundred and eighty three dollars and sixty cents, (783.60) and notwithstanding that we lost some of the collectors appointed a year ago, this satisfactory result bears evidence to the thorough organization and practical energy displayed by the gentlemen who subscribed their names as collectors twelve months ago. Realizing the claims of missinary enterprise upon the liberality of all who call themselves christians, they have during the past year waited upon the members and adherents of our church, and the aggregate of the small, (in many cases even trifling) amounts collected from time to time, has left us the sum of four hundred and forty-five dollars (\$445.00,) to be distributed in the mission fields of our
