

Northwest Coal.

St. PAUL, Dec. 18.—A fine seam of coal has been found at Crowfoot Crossing 800 miles west of Winnipeg, on the Canadian Pacific Railway. It is 14 feet thick, 150 feet below the surface and is anthracite of good quality.

Burglary in Montreal.

Another extensive burglary occurred on Thursday morning in Montreal, a Jeweller's store within a stone's throw of police headquarters being entered, the safe blown open, and ten thousand dollars' worth of jewellery and eight hundred dollars in cheques carried off.

\$70,000 in Ashes.

AL, Dec. 17.—The tin stamping factory of Thomas Davidson & Co. was totally destroyed by fire this evening. The factory, which was a three-story building, was valued at about \$30,000, machinery \$27,000 and stock \$13,000. Insurance \$30,000. Among the companies interested are the Commercial Union, British American, Royal and Western. The fire throws 125 men out of work.

A Powerful Shot.

SANDY HOOK, Dec. 18.—A shot weighing 152 pounds was fired from the Haskell multi-charge gun this morning with 116 pounds of powder. The velocity of the shot was 1,801 feet per second; elevation $8\frac{1}{2}$ degrees: the range, 6,514 yards; the muzzle energy of the shot, 3,422 foot tons. This is the most powerful shot yet fired from this gun, and much exceeds that of any gun in the world of the same calibre.

A Big Mail Robbery.

The mail that left Kamloops for Victoria was robbed between the point of departure and delivery of everything valuable. The sum total of the robbery amounts to \$9,000. Two registered letters containing \$4,000 in cash. The balance was in checks and money orders. The chief remitter was the post office department in money orders, which amounted to about \$3,000. The postmaster of Kamloops, Mr. Vonn, I see \$500, and the estate of T. Spellman \$4,000, mostly in checks, reference to which will be found in the advertising columns.—Victoria (B. C.) Colonist.

East of the Andes, and intersected by many great rivers, is probably the greatest and most valuable forest on the globe, and almost untouched by the axe. Mr. Thompson, who held the position of Consul at Brazil for some time stated in a lecture on his return, that in travelling on the Amazon he saw sandalwood trees that here would each be worth £1,000, yet of whose value the natives seemed unconscious or indifferent.

The saw log cut on the Bonnechere River will be much larger this year than for past years. Messrs. McLachlin Brothers intend cutting largely on their limit recently purchased from Barnett & McKay.

Catarrh—A New Treatment.

Perhaps the most extraordinary success that has been achieved in modern science has been attained by the Dixon treatment for Catarrh. Out of 2,000 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of the patients presenting themselves to the regular practitioner are benefited, while the patent medicines and other advertised cures never record a cure at all. Starting with the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissues, Mr. Dixon at once adapted his cure to their extermination; this accomplished the Catarrh is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has ever attempted to cure Catarrh in this manner, and no other treatment has ever cured Catarrh. The application of the remedy is simple and can be done at home, and the present season of the year is the most favorable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. A. H. DIXON & SON, 30 King Street West, Toronto, Canada, and enclose a stamp for their treatise on Catarrh.—Montreal Star.

"Yes; I shall break the engagement," said she folding her arms and looking defiant; "it is really too much trouble to converse with him; he is as stiff as a post, and talks as if he had a mouthful of mud. Besides, the way he looks and speaks is disgusting." Don't break the engagement for that; tell him to take Dr. Hago's Catarrh Remedy. It will cure him completely. "Well, I'll tell him. I do hate to break it off, for in all other respects he's quite too charming." Of course, it cured his catarrh.

Man's Organism

is the most complex work of the Creator, and when this complicated structure, so exquisitely wrought, is disturbed by disease, the most efficient aid should be sought from the most skilled physician—for the human body is too precious to be neglected. It becomes the question, then: "What physician shall be employed?"

DR. OSCAR JOHANNESKY, of the University of Berlin, Germany, has made a lifelong study of ailments of the Nervous and Genito-Urinary System.

HIS REMEDIES CURE

Any Debility or Derangement of the Nervous System, including Spermathecia, Gonorrhea, Syphilis, Stricture, Impotence, etc., etc.

BECAUSE you may have been cheated and fooled by quacks, who claim to cure this class of disorders, do not hesitate to give Dr. JOHANNESKY's method a fair trial before your case becomes chronic and incurable.

FREE

A valuable treatise, explaining of Dr. JOHANNESKY's system, will be sent by mail, post paid and securely sealed from observation, to any sufferer addressing his sole authorized agent for the United States and Canada.

HENRY VOGELER,

40 South Street, New York.

EPPS'S COCOA

BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such a beverage that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle miasmas are floating around us ready to attack wherever there is a weak point. We may escape many a fatal ailment by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.
