

Made in Canada

Why we guaranteed these roofs for twenty years—

THE two new structures illustrated herewith carry Barrett Specification Roofs and are guaranteed by a Surety Bond for twenty years.

We know from an experience of over sixty years that Barrett Specification Roofs will greatly outlast the guaranteed period, and therefore do not hesitate to give this Surety Bond.

No other roofing is guaranteed in this way because no other manufacturer, evidently, cares to take the risk of having to repair and replace his roofs if they fail.

The reasons for their long life are:

First,

because they are constructed of Barrett Specification Pitch and Felt, the greatest waterproofing materials known.

Second,

because a greater amount of this waterproofing is used in Barrett Specification Roofs than in any other kind of roof-covering, and the amount of waterproofing material in the roof largely determines its life.

Third,

because under the 20-Year Guaranty Plan the roof must be constructed under the supervision of our inspectors, and we know, therefore, it will be constructed right.

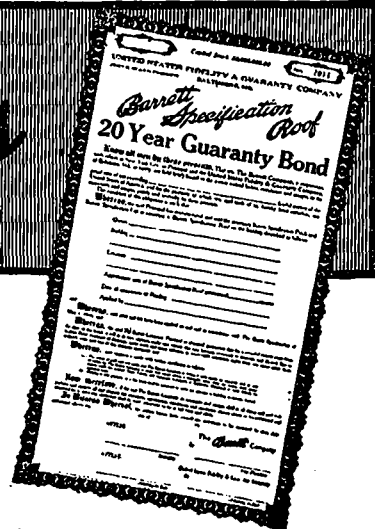

That is why these roofs last twenty years and more; that is why we can afford to give a Surety Bond Guaranty with every one.

The 20-Year Guaranty Bond

The 20-Year Guaranty is now given on all Barrett Specification Roofs of fifty squares and over in all towns with a population of 25,000 and over, and in smaller places where our Inspection Service is available.

Our only requirements are that The Barrett Specification dated May 1, 1916, shall be strictly followed and that the roofing contractor shall be approved by us.

Copy of The Barrett 20-Year Specification and further information promptly furnished upon request.

This is the Bond that guarantees your roof for 20 years.

Pumping-Station of Riordan Pulp and Paper Co., Limited, Hawkesbury, Ont.
