

Women's fall intramural program

The girls intramural program for the fall of 1972 - 73 is already organized to begin with softball on Thursday Sept. 21; Saturday Sept. 23 and Sunday Sept. 24. The place will be posted during the coming week.

This year the Athletic's dept. has working with them two new female student intramural assistants, Donna MacRury and Julie Ahlsten. It is felt that in the past the system of inter-faculty and inter-residence was not the most effective method of getting mass participation for women's intramurals. Therefore it has been decided to divide the total female student body into a new "House System". In this way each student will always be playing

for one House rather than having the conflict of playing for one's faculty or one's residence.

There will be eight (8) Houses in the new system comprised of approximately 250 female students per house. This includes the entire female student body of UNB, St. Thomas, and the new addition of Teacher's College.

As a result of the new system the intramural committee will no longer exist as it has in previous years with a president, secretary, treasurer. Instead it will consist of the two female student intramural assistants and the captain and co-captain of each house.

Lists of the members of the various "Houses" will be

posted around the campus. In addition to this the next week's Brunswickan will contain the names of the eight (8) houses, the name of members of each house, as well as the pictures of the appointed captains and co-captains of each House.

Please note that teams for the first intramural activity - Softball - must be made up by individuals who wish to organized and enter a team; but each team member will be awarded points for the House they will be a member of in the following weeks. All entries, with participants names, must be submitted by 5:00 p.m. Tuesday the 19th at the Athletics Office.

Officiating clinics planned

The Department of Physical Education of the University of New Brunswick is going to conduct several officiating clinics during the 1972-73 school year.

These clinics will be of short duration, approximately 6-10 hours. They are intended to afford the opportunity of learning the rules of a sport and appreciating the problems inherent in officiating. In some of the activities certification of some sort may be obtained, this however is not the purpose of these introductory clinics.

There is no charge and anyone is welcome.

Clinics will be offered in the following sports, the first meeting will be in the Gym at the time indicated.

- Field Hockey - Sept. 18 7:00 pm
- Soccer - Sept. 22 7:00 pm
- Tennis - Sept. 30 9:00 am
