Population of New York.

The population of the city of New York, according to the estimate of the Department of Churches after a careful study of the situation, was about four millions last June, the increase since 1900 having been more than half a million, says The New York Sun. If that rate of increase continues during the rest of the present decade, the population in 1910 will be about four millions and three-quarters.

That is, in 1910, the population of New York will be more than a million and a quarter greater than in 1900. Of this increase, probably more than one-third will be of Jews, which race at once makes up toward one-fifth of the inhabitants. In 1900 the population of foreign birth and parentage constituted about four-fifths of the whole, and its percentage is now increasing because of the unprecedentedly great immigration.

At present the aggregate of the disbelievers of the Christian population of the city is only about two-fifths of the whole. This includes the whole of the Roman Catholic population and the total number of Protestants, consisting of Episcopalians, Methodists, Presbyterians, Baptists, and others. The Federation estimates a total of about half a million Protestants who attend church more or less regularly and more than a million Protestants who are "churchless" or outside of any religious faith. New York, therefore, cannot now be called a Christian city. The total of Protestant communicants and church attendants, as estimated by the Federation, is only about as great as that of the Jews alone, and by 1910 it is likely to be much less. By that time there will be more Jews here than natives of native parentage. The Jewish population has increased from only about 3 per cent. of the whole in 1880 to nearly 20 per cent. in 1905.

NORTH OXFORD.

Final Meeting for Provincial Rights At Woodstock Saturday Night.

Woodstock, June 12.—So far as Woodstock is concerned the platform campaign for Provincial rights closed Saturday night with a big meeting in the opera house. On Monday night the Liberals will hold a final rally and an appeal will be made to the old party pride to save the Government. Hon. W. S. Fielding, Hon. Wm. Patterson and several other speakers will be heard and a big effort is being put forward to arouse enthusiasm for the work of getting out the vote on Tuesday.

Saturday night's meeting was held under most discouraging conditions. It rained all day and poured all night, and the immense gathering was a surprise to everybody. The speakers were Premier Haultain, W. F. Maclean, M. P., and J. E. Armstrong, M. P.

The London Campaign. London, June 12.—A severe rainstorm did not prevent nearly 2,000 people attending the citizens' league meeting here Saturday night. The speakers were F. W. Daly, Rev. J. E. Starr of Toronto, Dr. Goggin and Edmund E. Sheppard.

A Straight Denial. Toronto, June 12.—Last night the following telegram from Walter Scott, M. P. for West Assiniboia, dated from London, was received here:

Regarding Cousins' telegram from Medicine Hat read by Haultain Friday night here, I wired Mayor of Medicine Hat for facts and have following answer, dated June 10:

"Walter Scott, M. P., London.—Cousins' telegram wholly wrong. Liberal Association and board of trade will meet Monday evening to ask council to send delegation to Ottawa, about Strathcona Horse headquarters and new postoffice. Absolutely nothing whatever about autonomy bills or education clause suggested or thought of. Signed, F. G. Forster, Mayor."

NEWFOUNDLAND.

Colony Will Levy Big Tax on Banks and Marconi Wireless.

St. John's, Nfld., June 12.—Premier Bond in the Legislature Saturday afternoon announced plans for raising increased revenues. He said the Canadian Marconi Cable Co. had established three wireless stations in Newfoundland without authority, and that Colonial Government believed they were now doing commercial business with the Marconi stations at Cape Cod, Cape Breton and passing steamers. Therefore the Government proposed to tax these stations \$4,000 each if satisfied that such business was being done.

The Premier also stated that it was not the intention of the Government to let the Anglo-American Cable Co. pay more than five Atlantic cables at \$4,000 each as the extensions to the Canadian continent were regarded as a part of the same cables.

It was proposed, however, to levy a tax aggregating \$20,000 annually upon banks doing business in the colony.

HUDSON IS DEAD.

It is Alleged From Blow Struck In An Assault on June 1.

Peterboro, June 12.—Frederick J. Hudson, proprietor of the Royal Hotel, died Saturday night at St. Joseph's Hospital. On the evening of June 1 Hudson was assaulted and struck upon the head, it is alleged, by an English farmer named Patrick McAuliffe. A depression of the skull was the result, and it is supposed to have been the real cause of death. An inquest will be held on Wednesday evening.

Hudson was born in Perth, 44 years ago, and was for 26 years in the employ of the C. P. R. as engineer, but went into the hotel business two years ago. He was unmarried.

Heavy Fighting With Bulgarians, 17 of Whom Are Executed.

Salonica, June 12.—In the fighting at Panchalin, near Voden, on June 2, it is said the Greeks lost 300, while the Bulgarians lost 25 killed or wounded, besides 17 prisoners, who were executed by their captors.

On June 3, in a fight at Libad, west of Gumenadja, three Greeks and 16 Bulgarians were killed. The Bulgarians would have been annihilated but for the timely arrival of Turkish troops. The latter number 908.

ARE READY FOR WAR

Norwegians Won't Recede From Present Position.

Reports to Norway's Government Are Withdrawing From Their Position—Sweden Will Refuse to Recognize the Revolution in Norway, Whose Leaders Gather Munitions.

Christiania, June 12.—Reports received here of Saturday's conference at Stockholm between the officials of the Government and the Riksdag, are taken here as an indication that the Swedes are withdrawing from their position. It is recognized here that Sweden has three courses—first, to declare war; second, to agree to Norway's proposals; third, and intermediate course, not war, but the refusal to recognize Norway's independence and the refusal to appoint a sovereign.

All the officials are exercising the utmost reserve. A member of the Cabinet, who was interviewed Saturday, but who declined to permit the use of his name, said that the Norwegians never would recede from their present attitude, which is the result of many years' deliberation. It was not expected, he said, that Sweden would declare war, but in that event, he added, Norway would be prepared. The army has been mobilized for annual drill, and the Government has taken precautions to lay in an adequate stock of military stores at advantageous prices.

While the Swedish army and navy, he continued, are larger than the Norwegian army and navy, there is no reason for fear. The Norwegians never have been conquered and never will be.

Sweden Won't Recognize. Stockholm, June 12.—Premier Ramstedt, in an interview, says the Swedish Government will refuse to recognize the revolution in Norway, and will submit to the Riksdag motions conformable to this standpoint. The Premier thinks that the Riksdag will adopt his view, and is convinced that no foreign power will recognize Norway as an independent country against the will of Sweden.

BIGELOW SENTENCED.

Judge Quarles, His Former Friend, Imposes the Extreme Penalty.

Milwaukee, Wis., June 12.—Frank G. Bigelow, confessed defaulter in the sum of \$1,500,000 of the funds of the First National Bank of Milwaukee, while president of the bank Saturday pleaded guilty to an indictment of ten counts, each count a violation of the national banking laws, and was sentenced by Judge Quarles to ten years' imprisonment at hard labor in the Federal penitentiary at Fort Leavenworth, Kan. The former bank president was turned over to a marshal and started for prison the same night.

Judge Quarles, in passing sentence, dwelt on the circumstances surrounding the case and with emotion referred to his own long personal friendship for Bigelow. Bigelow was visibly affected, although he bore himself with remarkable fortitude.

MRS. HUBBARD'S EXPLORING TRIP

Wife of Labrador Victim Will Continue Trip That He Planned.

Halifax, N. S., June 12.—The wife of Leonidas Hubbard, who perished while exploring in the Labrador interior, has planned to continue Mr. Hubbard's work and has arrived here. She will leave this week on the steamship Marlow for Gillisport, on the Labrador coast, and thence she will continue explorations from the party where her husband was last seen.

Mrs. Hubbard's party will include five members, besides Indians and other guides. Mr. Wallace, who was associated with Hubbard in the previous expedition, passed through here with the same object in view as that of Mrs. Hubbard. Mr. Wallace said nothing about joining Mrs. Hubbard's expedition.

ATTEMPTED ASSASSINATION.

Two Bullets Find Billet in Colonel of Kaff Secret Police.

London, June 12.—A despatch to a news agency from Kaff, Russia, says an attempt was made Saturday afternoon to assassinate Yusef-Cel, Spahibach, the chief of the secret service police. The colonel was walking in the main street of the city when an unknown man fired twice at him with a revolver.

Both shots were effective, and Spahibach was seriously wounded. His assailant escaped.

France, Germany and Morocco.

Paris, June 12.—Prince Radolin, the German Ambassador to France, met Premier Poincaré Saturday afternoon, and the two men had an opportunity to canvass the sentiment in London, Rome, Madrid, Washington and other capitals, heretofore considered friendly to the French view.

Jumped into the River.

Ottawa, June 12.—Mrs. Sarah Moss, wife of an employee of the Canadian Atlantic Railway, aged 33 years, on Saturday night jumped into the Rideau canal, near the exhibition grounds. She was rescued and revived. She is evidently weak-minded and was probably influenced by reading of the action of Mrs. Gobel in jumping off the Chaudiere bridge on Wednesday.

Boy Drowns at Brantford.

Brantford, June 12.—Yesterday afternoon a young boy, Albert Babatini, aged 4 years, fell in the canal at the Market street bridge and was drowned. The life-saving section of the fire department turned out, but did not recover the body for an hour. The parents of the child were in Paris for the day.
