## A Hot Water Cure.

We all know what pain is—and yet we don't. We know what its sensations are, and that it can be cured by two agents—drugs and heat. If heat will answer it is the better, of course. Drugging pain may be temporary relief only. If heat helps at all it is also curing.

## HOT WATER BAGS

Are a potent aid in a hundred ills. Emergencies and pain will come where nothing will answer so well. Can be applied anywhere. We have all sizes of the best kinds at prices just as comfortable as the bags.

## SPLENDID SALE

There was a steady rush for tickets for the McKeough School Concert this morning at 10 o'clock when the plan opened. The office of Brisco Bros. was crowded and those who came late had to wait a long time for their seats. Roy Brisco took the names of those desiring seats and when the plan opened at 10 o'clock he had several pages of foolscap full of names. The first name was registered at 7.45 and the patrons of the concert kept registering right up till the time the plan opened. After the rush there were some seats left, but these are gradually being taken, and it looks as if the McKeough School Concert plan will be sold out when the plan is taken up to the Opera House to-morrow night.

Miss Abram, the principal of the school, and the staff are to be congratulated upon the eagerness exhibited by the public to secure tickets. That the concert will be a success financially is now assured, and that it will be a success from a spectator's standpoint is also certain. The principal staff have worked almost night and day for the past week preparing for the entertainment, and they deserve all the credit that may be derived from the presentation. When it is remembered that they are not paid for this extra and tiring work, their self-sacrifice is all the more appreciated.

## BOARD OF THANKS

Mr. and Mrs. Richard Pope wish to express in this form their most sincere thanks to the many friends and neighbors who extended their sympathy and kindness during the sad bereavement of their eldest daughter Pearl.

They wish also those who sent flowers to acknowledge these few words as an accepted appreciation of their kindness by tending the cheerful gleams their heartfelt thanks.

Chatham, Oct. 31, 1903.

The Chatham Gas Company, Limited, City:

Gentlemen,—I have much pleasure in testifying to the advantages of using Gas Coke as a heating fuel. I have used it for the past two seasons in my hot water furnace at the house, and find it very economical, and at the same time easy to regulate.

I may say that last winter I made a test of one ton of coal at \$7.00 per ton and the same money's worth of coke, and found that the \$7 worth of coke lasted fully one-third longer. May say that the weather conditions were fully as severe, if not more so, during the time I used the coke.

Yours sincerely,  
(Signed) C. AUSTIN.
