

Appointed Canadian Agents.

Having secured control of the old reliable McDougall's Sheep Dip and Cattle Wash, manufactured by Messrs. McDougall Bros., London, England, for Eastern Canada, our territory including the Provinces of Ontario, Quebec, New Brunswick, Nova Scotia, and Prince Edward Island, we will be in a position to supply this well-known Sheep Dip direct or through the trade at prices much below any such preparation at present in the market.

New Dundee, July 20th, 1904.
Lyman, Sons & Co., Montreal, Canadian Agents for W. F. Young, P. D. F., Springfield, Mass.:

Dear Sirs,—Enclosed please find \$2 for a bottle of your "Absorbine." Have just used a bottle, and find it to be a wonder-worker. Please send same as soon as possible, as we are greatly in need of it. **DAVID SMITH,** New Dundee, Ont.

Official Records of 37 Holstein-Friesian cows, from July 11th to July 24th, have been approved, four of which were made at least eight months after freshening. The thirty-three cows that made records previous to eight months after calving averaged in seven-day tests as follows: Five full-age cows: age 9 years 8 months 23 days; days after calving, 30; milk, 407.2 lbs.; fat, 13.330 lbs.; quality of milk, 3.28 per cent. Eight four-year-olds: age 4 years 4 months 28 days; days after calving, 24; milk, 417.2 lbs.; fat, 13.310 lbs.; quality of milk, 3.19 per cent. Nine three-year-olds: age 3 years 3 months 8 days; days after calving, 15; milk, 326.7 lbs.; fat, 11.358 lbs.; quality of milk, 3.49 per cent. Eleven classed as two-year-olds: age 2 years 4 months 26 days; days after calving, 25; milk, 317.6 lbs.; fat, 10.416 lbs.; quality of milk, 3.29 per cent.

Waterloo County, Ontario, has no more enterprising or enthusiastic breeder of pure-bred stock than John Hill, of Wellesley Stock Farm, who is intelligently pushing the breeding of Shorthorn cattle, Yorkshire hogs, Clydesdale horses and White Wyandotte fowls. The Clydesdales are sold down to half a dozen just now, the demand being so keen in that section of the country. Shorthorns number upwards of 25 head, eight of them being imported. Nonpareil Archer (imp.) (81.78) =45202=, sired by Prince of Archers (71240), dam Nonpareil Blossom 2nd, heads the herd. He is a grand, good one that cost his owner \$700. He weighs, now in ordinary fit, about 2,200 lbs. at three years old, and is proving himself a worthy sire, some extra good things in the herd being sired by him. The females, taken all together, are a choice lot. Those that are Canadian-bred are by such noted bulls as Blue Ribbon =17095= (imp.), Warfare (imp.) =6452= and Wimples Chief. Females such as these, mated with Nonpareil Archer, are almost sure to produce first-class stock. Space will not permit individual mention of all the good ones at this time. Butterfly's Duchess 3rd, by Wimples Chief =26894=, is a choice roan, as is also Euphemia 3rd, by Blue Ribbon, and her daughter, by Warfare (imp.), is a real good quality red heifer. Fairy Queen, imported by Mr. W. D. Flatt, and bought by Mr. Hill at \$650, is in fine form, and is doing good work as a breeder. No expense has been spared in laying a sound foundation for a first-class Shorthorn herd, and those looking for the right type of cattle will do well to keep their eye on this herd. The Yorkshires number over 50 head, and as with the Shorthorns, so with these, Mr. Hill did not let the price prevent him getting the best. He headed his herd with Imp. Summer Hill Dalmeny Topman 6th =12387=, and also purchased two of the best imported sows he could find, namely, Summer Hill Colston Sunshine =12442= and Summer Hill Cotgrave Dalmeny Lady Frost 2nd =12396=. One of the first sows he secured, and a right good one, was Imp. Dalmeny Lady Frost 8th =10228=. He has still further increased the quality of his herd this year by purchasing two choice imported sows at Messrs. Flatt's last Hamilton sale. These are yearlings, and are ready for the show-ring any time. They are in farrow, and Mr. Hill naturally expects something good from them. There are young pigs from the above stock for sale, which are worth looking after.

White Wyandottes of the choicest breeding are also kept for sale. See Mr. Hill's advertisement, and call on or write him for prices, etc.

Sharple's Tubular SEPARATORS

We want you to know Tubular Cream Separators as they are.

The low can, enclosed gears and ease of turning are shown in this illustration from life. Tubulars have neither oil cups, tubes, nor holes—they oil themselves. They have bowls without complicated inside parts—they hold the world's record for clean skimming, durability, capacity, easy turning and easy washing. They save half the work—greatly increase the amount and quality of butter—are wholly unlike all other separators. Catalog H-198 will interest and benefit you. Write for it.

Canadian Transfer Points: Winnipeg, Toronto, Quebec, St. John, N. B., Calgary, Alberta, Address
