

You can't argue with Mr. Pig

You know how dead-set a hog always is to get out of the field you put him in. You know how much time and bother it takes to replace broken rails and plug up breaks in the fence after you have turned your hogs

into pasture. You know how obstinate swine are—how hard it is to keep them where you want them. But do you know there is a fence made especially to do that very thing?—a fence that settles the argument with Mr. Pig.

"Ideal" Fence keeps hogs where they are put

This Heavy, Hog-Proof "Ideal" Woven Wire Fence has all the best of it with the pigs. Each "Ideal" lock grips the upright and cross wires in FIVE DIFFERENT PLACES—grips them so they simply CANNOT SLIP—and thus the hogs cannot move the uprights sideways, nor the cross wires either up or down. The uprights are all of large gauge No. 9 wire—HARD (not soft) wire, heavily galvanized, and all in one piece. The strongest hog cannot make the fence yield. He has got to stay where he is put, when you fence with "Ideal." For it is

The Strongest, Staunchest Fence Made

"Ideal" Fence is as strong as it looks—no small or soft wires in it; made wholly from HARD STEEL large gauge No. 9 wire, from top to bottom all the same. Drop us a card for neat folder and catalog 121, listing of "Ideal" features and styles for every fence purpose. With it will come a sample "Ideal" lock. Don't buy fence till you see this. Address

The "BISSELL" out-throw DISK HARROW

To settle all doubt about which is the BEST OUT-THROW DISK HARROW, we ask you to test the "Bissell" Out Throw in a field competition with other Out Throw Harrows.

The "Bissell" Out Throw has many features that have made the name "Bissell" famous in connection with Disk Harrows. It has plates of the correct shape. One gang is set slightly ahead of the other. The gangs cannot crowd or bump together and cause the Harrow to rock when you come to hard soil—a new feature in Out Throw Harrows. The hitch is well back, the draught is light and there is no neck weight.

The machine in actual use is our best advertisement. No need to send special travellers to sell the "Bissell." We put our name on every Harrow. If you would like to learn more about Disk Harrows, send to Dept W for free booklet of both out-throw and in-throw styles. 58
