[Tientsin Rugs]

The difficulty arising in the securing of genuine Persian, Turkish and Indian rugs prompted us to look elsewhere in the world's markets, and resulted in the purchase of a number of high grade Tientsin Rugs, very much below market value. These beautiful floorcoverings—masterpieces of the Chinese art of rug weaving, have never been introduced into Vancouver before, and their delightfully pleasing colorings in light and dark sky blues, terra cotta, yellow and black, will win a warm welcome by those looking for colorings that are different.

The designs shown are of antique Chinese origin, and are rich in their beauty of line and figure presentation.

We invite rug lovers to view these and call attention to the attractiveness of the prices.
