Wanted—A Man!

These three words have played an important part in the lives of all of us at some period of our existence. We have either been seeking a job or have been in need of a man to fill one. Perhaps as yet you have not paid much heed to the labor situation now confronting you. Indications strongly point to a scarcity of "Farm Help" this year. The probability is you will require more help this season than in bygone years. Increased area and more intense cultivation accounts for it. Then, too, you must not forget the war has drained and is constantly draining the country of men. Don't depend on the East this year for the usual heavy rush of men; far better get busy now and prepare yourself for emergencies.

The Guide goes into the homes of over 34,000 families. The type of man you want is one who has been born and raised on the farm. If you want a man to run your outfit—either steam or gasoline—a man to drive a team and do general farm work, a stockman, a dairyman, or a man for any other particular job, The Guide will bring that man to your door.

To the Man Looking for a Job

If you are an experienced man and want a job or desire a change, The Guide will find a position for you in quick time. Simply state the kind of job you need, experience, wages, and give your address. Our rate for "Situations Vacant" and "Situations Wanted" is only 4 cents per word per insertion. Just write your ad., count the words and send it along for two or three insertions with sufficient money to cover. Make your money order or postal note payable to
