The Habitants.

The habitants were the real colonists of New France who settled in Quebec as distinct from the Coureurs de Bois or bushrangers and trappers. The name given to habitants indicates that they were looked upon as permanent residents, who to-day constitute the bulk of the population of the Province of Quebec.

A Difference.

Delia—"So you have broken your engagement! And, I suppose, of course, you returned that lovely ring?"

Cecilia—"Well, no; that wouldn't be reasonable. While I no longer like George, I admire that ring quite as much as ever, you see."

Some "Don'ts" for House-Cleaning.

Don't use water on waxed wood-work. Rub with a waxed cloth, then with a clean flannel cloth.

Don't wash all the curtains at one time and don't starch them. Use a little rice water or thin starch in the last rinse water. New curtains are not starched; why advertise that your curtains are old by starching them?

Don't beat rugs such as Brussels or Wilton on the right side. Lay them face down on the grass, beat and sweep on the wrong side. When replaced on the floor wipe the surface with a cloth wrung from hot salt water. This brightens and freshens the rugs.
