Fake Investigations

The Ottawa administration has got to that stage when they forget the attitude of being master instead of servant to the citizens, it is time that that government should be giv-

When the people ask for investigations and a commission is appointed urgent question the government at once commences through its agencies to hide anything which the people might consider as being damaging to the government, instead of assisting the commission to have everything relating to the subject brought to

Recently Major Hodgins who had something to do with the engineerinvestigate. Now instead of having full information placed before the

which would tend to substantiate his charges, does the lawyer for the government fall in with the suggestion and show his willingness for a free thing that might damage his masters. Here's the reply he made reservice commission the Laurier gov-

this committee searching around here for information. He either had in his possession evidence to make this charge or he had not. If he had not, he had no husiness to make them, let him go on the stand and prove his charges.'

Is this the way investigations of this kind are to be treated? If the government has a clean re-

ery investigation into charges made Railway against the administration. Able devise ways and means to suppress should be divided among the contidamaging information.

Telephones
