Brockville, November 23, 1915 The report was adopted and the by law passed.

In the evening, Warden William Holmes, Reeve of Edwardsburg, was the guest of honor at a banquet tendered him by the members of the Counties Council who presented him, as a mark of their respect and esteem, a gold-headed cane. The presentation speech was made by M. B. Holmes, Reeve of Athens, who read a well written address of appreciation from the members of the Counties Council.

Speeches were made and the usual toasts were proposed and responded to. The banquet was held in the Grand Central Hotel and the menu and service was deserving of the greatest praise as nothing was lacking to complete the success of a very pleasant occasion.

A vote of thanks was tendered the chairman, Councillor T. A. Kidd, who filled that position with grace and ability. Votes of thanks were also tendered the host and hostess.

The Council resumed Thursday afternoon after a long session by the special committee appointed to report on the country roads money question. A by-law to make Elgin a police village was introduced and the report of the House of Industry committee was presented by Councillor Bissell and considered in committee with Conneillor Ferguson in the chair. The question of a nurse for the Home was discussed but it was decided that the need for one was not great.

Ottawa Winter Fair

The progress which the Ottawa Winter Fair has made each year during the past few years, will be evidenced in a more marked degree in connection with the 1916 Show. The rapid developement of this Show has more than justified the efforts of the officers in endeavoring to make it a prominent factor in the live stock development in Eastern Ontario and Quebec, and this year the grant of \$5000,00 from the Federal Department of Agriculture, is being utilized to increase the prize list for all classes of live stock.

The prize list classification in all 4 In the Township of the Rear of departments has been greatly increased, offered in the various classes. In the horse department the classification in present time, we are getting out stone and new classes have also been added, making the classification complete. Additions of a like nature have. by, road No. 31 has been completed been made in the dairy cattle, beef ments.

In Dairy Cattle, in addition to adding materially to the prize money offered in the pure bred classes, the prize money in the grade classes has been increased and the grade dairy cow now given the recognition she deserves. In the poultry department a number of classes have been added and the prize money raised from \$2, \$1, and 50 cents, to \$3, \$2, and \$1, and a proportionate raise as the entries in each class increase.

The Seed department of the Ottawa Winter Fair will constitute the Eastern Ontario Provincal Seed Fair, with a complete classification for all kinds of grains, grasses and clover Seeds, also potatoes and corn. Classes have, also, been included for members growing registered seed, and the prize money in this department amounts to over \$800.

Prize lists will be ready for distribution in a few days and may be Secretary (see advertisement elsewhere in this issue).
