

CARLETON OBSERVER

Published every Thursday
Owned and published by Observer, Limited,
FRED H. STEVENS, Editor and Manager,
HARTLAND, NEW BRUNSWICK

A member of the C.W.N.A. The Observer, with 500 other Canadian Weeklies, is bound to the strict observance of the Rules of the Association.

SUBSCRIPTION: \$2.00 per year, payable in advance. Subscribers in U. S. must pay 50 cents extra for postage.

ADVERTISING RATES: Small ads, such as "Wanted," "For Sale," "To Let," announcements of marriages, etc., are charged 50c per line, 10c per line for three weeks, strictly cash with the order. Display ads, 1st insertion 20c, per column inch; following insertions the same at 15c per column inch. Minimum contract rate 15c per column inch. Space reserved for 14 days unless otherwise specified. Mailing list may be inspected by advertisers.

Contributions: News items from any part of Carleton and Victoria counties are eagerly sought. Brief letters on timely topics will be published at the Editor's discretion, but all such must be signed by the writer. It is useless to send poetry, prose literature or any other matter that is not real news of general interest to the readers in the two counties. Such will not be published, nor returned, if postage is not included.

PRINTING: The Observer office is so well equipped for general printing that it is every day successfully competing with the largest city offices. The quality of our PRINTING and the generally satisfactory service rendered in this department enable us to command full prices and a full run of work at all times. We do high class printing and accept and deliver promptly any order, small or large. Office stationery and Commercial work, Book and Periodical Printing, all handled equally well.

HARTLAND, N. B., SEPT. 15, 1921

MANY SUBSCRIBERS ARE CHEERFULLY PAYING UP

They Realize That It Costs Money to Run a Newspaper—Many Words of Encouragement

During the past week notices have been mailed to every subscriber to The Observer whose subscription has expired and a special offer has been made to induce them to pay up and renew for another year. The result of this renewal campaign is very gratifying as every mail brings remittances and almost every hour of the day brings a willing and cheerful subscriber to the office. Appreciated almost as much as the cash are the many words of commendation and encouragement the manager is getting every day. It gives him renewed zest and a new determination to give the people of Carleton-Victoria the kind of paper they want—a paper with all the district news, a paper fearing the criticism of none; or carrying the favor of any—a paper with a square deal for all classes and creeds, and the champion of everything that is good and true. It is very important that The Observer collects every dollar due it, and that it collects right away. It is easy for those owing more than a year to pay before Sept. 20. It will not be nearly so easy to settle after Sept. 20. If you have failed to receive our notice look at the date opposite your name on the margin of the first page. If it shows "21" you can renew until 1922 by remitting \$1.50 BEFORE SEPT. 20.

SPECIAL OPPORTUNITY FOR BRIGHT YOUNG MAN

The Observer will teach the right kind of young man the art of linotyping, fit him for accepting a position in six months, and guarantee him a position paying at least \$30 weekly at the end of that period. There are linotype schools in most large cities and the course averages six months. At these the student pays a tuition fee and his board. The opportunity to learn in The Observer office is much more advantageous than at one of the schools.

Linotyping is the art of operating the Mergenthaler Linotype, a machine that casts lines of type for newspaper and book printing. It is the best paid trade in America and there has never been a time in 30 years when there were not more positions than operators. The scale of wages varies according to locality from \$30 to \$35 a week, and of course the wage varies according to the operator's skill. In Montreal and Toronto operators are paid a minimum \$36 a week, working eight hours a day. Expert operators get more.

The qualifications are mature years—that is 20 years of age or more; good schooling; a well balanced mind; no bad habits; steady application to business. A natural liking of mechanical is a help. The work is a "sitting" job and consists chiefly of manipulating a keyboard similar to a typewriter, but the machine itself, with more than 10,000 parts, is the most complicated machine in the world. Women learn operating and get the same payment as men.

The Observer will consider an application for this opportunity to learn from an earnest, ambitious, steady young man. It is in no sense a "boys' job." Call any evening or write for further particulars.

Gray-Dort 1919 model, 5 passenger touring car for sale at a bargain. S. S. Miller, Hartland, N. B. 13 t.l.

BROTHERS ACCUSED OF SERIOUS CRIME

Two brothers, James and Benjamin Wharton, of South Johnville, were before Police Magistrate Comben, on Monday, charged with breaking and entering the United Farmers store at

There are more than 150 brands of baking powder in Canada; and the fact that there is more MAGIC BAKING POWDER used than all the other brands combined shows why Magic Baking Powder is known as Canada's best baking powder. CONTAINS NO ALUM

Bath, Wednesday, Aug. 21. The store had been closed for the night and the manager, Mr. Geldart, returned later when he saw a light in the store and on investigating found a large quantity of goods piled near the door. One of the accused, Ben Wharton, ran out but was caught later. Before closing, Wharton is supposed to have hidden in the store, and his brother with a team was nearby and at a signal came to the store where it is alleged the goods were to be loaded no the team and hauled away. After hearing the evidence the magistrate committed them for trial. Jones & Jones for the prosecution and F. C. Squires for the defence. They will probably be tried at the court meeting on 20th inst.

Mr. and Mrs. B. N. Shaw Celebrate Golden Wedding in the West

Congratulations to Mr. and Mrs. B. N. Shaw of Victoria, B. C., upon 50 years of life together—happy although married! Mr. Shaw was born at Victoria, N. B., and Mrs. Shaw is a native of Hartland. For years they owned the Kennedy farm below town and for a time they conducted hotel business here. Later they lived on a farm at Mainstream but about 15 years ago moved to the old homestead at Victoria, where, on "Highland Farm," their sons Scott and Frank still reside. The following from Victoria Sun will be read with much interest by their many friends here in the east:

Mr. and Mrs. Bursell N. Shaw, who have been residents of Victoria the last two years, are to-day quietly celebrating their fiftieth wedding anniversary.

"Mr. and Mrs. Shaw are especially fortunate as the heads of an unbroken family of eight children, four sons and four daughters, and four grandchildren.

"Three of their children are in New Brunswick, one in Pasadena and four in Victoria. Both Mr. and Mrs. Shaw are in very good health and appear quite as young as a couple of middle age.

"While on this occasion they are out surrounded by their numerous friends, and are far from their intimates of a lifetime, yet considering themselves privileged to have at least four of their children with them on this occasion, they are quite cheerful and happy.

"Mr. Shaw's forbears 'trekked' from the State of New York to New Brunswick in 1759 and can claim Canadian citizenship without any likelihood of a dispute. Mrs. Shaw (nee Nevins) is of French Huguenot stock which first settled in the American colonies and came as Loyalists to Canada in 1785."

C. P. R. TO ABANDON RAILS ACROSS MAINE

Plan Route to Montreal That Will Be Wholly on Canadian Soil

Rumors, persistent ones, have it that the C. P. R. is planning to abandon its rails across the State of Maine on its line to Montreal and seek a route entirely over Canadian territory. It is claimed the Company has been more or less harassed with annoyances by the Public Utilities Board of the State of Maine, and conditions imposed upon the Canadian Company have become unbearable.

According to plans, as reported, the C. P. R. trains to Montreal from here will go by way of Fredericton, taking the Gibson line to Woodstock, thence to Edmundston. At this point the Temiscouata line, now owned by the C. P. R., will be employed. With the building of 13 miles more of railroad the Temiscouata and Quebec Central will be connected up at an advantageous point for the C. P. R. to give it

Every 10c Packet of WILSON'S FLY PADS WILL KILL MORE FLIES THAN \$2.00 WORTH OF ANY STICKY FLY CATCHER. Clean to handle. Sold by all Drugists, Grocers and General Stores.

SMALL BUSINESS

Mr. Editor: I am a widow, my husband having died last winter from effects of wounds received in the war, and I have much to do to make a living for myself and little children. I keep a few hens to help along and during the time crops were growing I kept them shut up so they would not annoy my neighbors. Now that the crops are gathered I let them run, thinking they could do no harm. This seems to annoy Neighbor J. Stirling King and at his request a constable has visited me and warned me that I must again keep my hens up. This is all, but don't you think it is small business?

Mrs. A. R. KNIGHT
