SHAMER-UP.—Owing to a special train
leaving the rails at Stewiack and mak-
ing a general smash-up on Saturday
morning the day express from Halifax
was nearly 2 hours late at Sackville.

GOOD BUTTER SCARC.—Good butter
has been quite scarce in the market this
week. A few small lots were brought in
yesterday by country dealers. The price
ranges from 18 to 22 cents per pound.
Sun.

FLOUR.—Says the Telegraph: The Tele-
graph was shown by a city flour dealer a
letter from a western miller firm under
date of 12th inst., and which indicates
that flour will be higher. Wheat had
advanced from 3 to 5 cents within a
week of that date, and flour could not
be offered at less than 20 cents in ad-
vance on prices quoted by wire on the
7th inst. There are reports of consider-
able winter kill in Ontario where fall
wheat was sown on high light land.

JOGGINS WAY.—The Canada Coal
& Railway Co. are making preparations to
add a length to the breakwater at
Joggins Shore. Robb Engineering Co.
have sent a dynamo and other electrical
appliances to Joggins pit, which is to be
lit by electricity. The ice is nearly
clear of the Macdonald and Herbert rivers.
An English family, sent out by the
church immigration society arrived last
week. They are much superior to any
immigrants yet seen hereabouts. There
is talk of commencing vigorous work at
the Mundine mine. The lumber cut on
the shore and up River Herbert will
probably exceed that of any previous
season.

TUNNEL ENIGMA.—Last September,
Mr. Palmer, C. E., of the Straits Tun-
nel survey tried to compel James Kelly
in charge of the drill to carry out his
instructions by force of arms. He made
a blow at Kelly which the latter parried,
returned with interest, knocked Mr.
Palmer in a roadside ditch and then
laid a complaint of assault and battery
before Justice McFarlane at Cape Tra-
verser. Palmer was fined \$6 and costs.
The other day Mr. Palmer made a com-
plaint of the same nature against Kelly
in Ottawa where the latter lives and on
the 8th it was dismissed.

STONE.—Mr. Wm. Clarke has re-com-
menced work at his quarry, Wood Pt.,
and expects to be shipping stone in two
months. There is no word yet of the
N. Y. Freestone Quarrying Co. recom-
mencing work. The other day the Mas-
ter in Chambers at Toronto made an
order allowing Architect Lennox to issue
a commission to enquire into the quan-
tity and quality of New Brunswick
brown stone. This is rendered neces-
sary in order to settle the differences be-
tween the city and the contractors for
the new Court House, as the city claims
that inferior stone from quarries has
been put in the building.

PERSONAL.—Sackville loses next week
one of its most useful citizens, by the
removal to Providence, R. I., of Mr. E.
L. Stevens. For nearly a quarter of a
century he has been in the province and
during most of that period has occupied
the responsible position of foreman in
Fawcett's Foundry, which he has resigned
in order to remove where his chil-
dren are settled. The Post echoes the
sentiment of the community in express-
ing regret that it has to lose a citizen of
Mr. Stevens' upright and genial charac-
ter and in venturing to hope that he
and his wife and family will enjoy
health and prosperity in their new home.

—Rev. R. W. Weddall of Fredericton
spent Sunday in town.

—Geo. McKean of St. John was in
town yesterday.

THE FISK SINGERS.—The Fisk Jubi-
lee Singers were given a full house on
Monday last, the occasion of their fourth
concert in Sackville. It goes without
saying that the entertainment was first-
class in every particular and the sing-
ing even more admired than before.
Their programme was almost a new one,
the plantation melodies having been
changed for music of a higher class,
to which they did full justice. The bass
solo by Mr. Caldwell, "Rocked in the
Cradle of the Deep," showed his voice to
be of great compass. Old Black Joe
was given in response to an encore.
Mrs. Jennie Jackson De Hart, of the
original company, sang "Swanee River"
and as a recall a comic ballad was given.
"Jingle Bells" was one of the best
chorus pieces. The ever popular laugh-
ing song was also given. On Sunday
evening Misses Wells and Bell and Mr.
Caldwell sang one piece in the Meth-
odist church.

MR. ALLISON OFFER.—A long list of
attractions are offering at Mr. Allison
during the succeeding month. On Fri-
day next, to-morrow, the faculty con-
cert is to be given in Lingley Hall. The
program contains numbers by the musi-
cal faculty assisted by the singing class
and the excellent school orchestra and
Miss Landers reads a piece with musical
accompaniment.

The Euboeatarians held its annual
entertainment on the evening following,
Saturday in Memorial Hall. As usual
it will be one of the treats of the sea-
son.

The Eclectic Society announces
their entertainment for the 28th. The
posters give full particulars of the many
attractions offered.

Francis Mills Turner, Brookville,
Ont., was cured of a severe cold by

that effect.

Local Matters.

Mrs. Boyce, of North Wallace,
Cumb. Co., N. S., aged 85 years, has
this winter lost, containing 100
squares, no two of the squares being
alike. This is considered quite an
unusual task for such an aged lady.

SCHOENER NAVASSA, Capt. Hatfield,
of Parrsboro, N. S., arrived at St.
Stephen's last week with coal for the
St. Croix Soap Company. Special
Customs Officer Bonness, for
violation of the revenue law in
1882 by smuggling into Nova Scotia
A deposit of \$400 was made and the
vessel released.

Four new post offices were opened
in New Brunswick up to April 1st,
viz., Monquart, with Ralph K. Gilber-
son postmaster; Oaktown, with C. F.
Watson, postmaster; both in parish
of Kent, Carleton county; Esirino
west, in Kent county; Esirino
postmaster; and village of St. Jean,
Acadistville parish, Kent county.

A serious accident occurred last
week on the Albert Southern railway
at Alma. A young man, about 20
years of age, son of Jerry Kintz at
that place, while attempting to jump
on a carload of logs, fell under the
wheels of the moving car, one of his
legs being cut off, and the other so
badly injured it is feared it may have
to be amputated.

Capt. G. E. Beely has purchased
from H. H. McCully seven acres of
land at Port Greenville with the in-
tention of erecting a hotel, capable of
accommodating 400 guests. The
beach opposite the property is one of
the finest in the province and every
facility will be provided for boating
and bathing. Capt. Bentley is nego-
tiating for a large steam launch, which
he expects to bring home shortly, and
which will be used for excursions by
the guests of the hotel.—Press.

The house and farm outbuildings at
Mapleton, N. S., owned and occupied
by Christopher Lodge, were totally
destroyed by fire on Thursday even-
ing, the fire originating in the roof of
the house. The greater part of the
furniture was saved, but the silver-
ware, many pieces of which were worth
presently, were lost. About 100
bushels of potatoes were also destroyed.
The total loss was about \$2,500;
insurance \$1,500.

A Mrs. Crossman, living in a small
tenement in Moncton, on Monday af-
ternoon locked up the house, leaving
a three-year-old child alone. A short
time later the burning was discovered
on fire. Fortunately the door was
broken in time to rescue the child,
badly frightened but not seriously in-
jured. The child had evidently been
playing with matches and set fire to a
quantity of paper in the room. The
fire was extinguished after doing con-
siderable damage to the building.

A new company, the Albert Steam-
ship Co., has been formed with the
object of having steamship communi-
cation between Moncton and Albert
county ports. The first directors of
the company are Willard D. Wright,
A. G. Dixon, W. D. Bennett. Among
the stockholders are J. E. Christopher,
E. W. Lynde, R. P. Palmer, J. C.
Stewart and others. It is understood
the new company has made applica-
tion to the Local Government for a
subsidy for the enterprise. The step
is a laudable one and the enterprise
should meet with deserved success.

INVESTIGATION CURED.—Gentlemen, I
was thoroughly cured of indigestion by
using only three bottles of B. B. B.,
and truthfully recommend it to all
suffering from the same malady. Mrs.
Davidson, Winnipeg, Man.

Baie Verte.

—The spring continues cold and back-
ward in striking contrast with last sea-
son; however the disappearance of the
Bay ice and the appearance of maple
sugar and dense clouds of brant, and
other fowls give evidence of the pres-
ence of spring.

—Sportsmen are abundantly success-
ful in bagging large numbers of birds
which are none more numerous than usual.

—During Sunday last some person or
persons evidently in quest of a good
swim, took possession of Knapp
Goodwin's sugar camp, where they kin-
dled a fire and enjoyed an old fashioned
"sawgoff." Suspicion immediately rested
on a portion of a certain mill gang em-
ployed not far distant, who have been
arrested and will be duly tried.

—The high tea and Refreshment re-
cently given by our good ladies was a
decided success. The friends gathered
enjoyed a pleasant evening and before
leaving deposited in the treasury \$25,
for sidewalk extension.

—Rev. C. W. Hamilton is to occupy
the Methodist pulpit here next Sunday.
This being Mr. Hamilton's native vil-
lage his many friends will be pleased to
have this opportunity of hearing him.

—Mr. Firth of Campbellton spent
Sunday here, the guest of Mrs. Harper.

—Miss Florence Goodrich is fast im-
proving under the withering disease of con-
sumption. Owing to her sisters illness
Miss Frances Goodrich was called home
from Boston last week.

—Mr. Chas. Fawcett is visiting her
brother, Rev. C. W. Hamilton of Bay-
field.

—A number of our young people were
in Sackville Saturday evening to hear
the Jubilee concert.

—The Easter Entertainment given in
the Methodist church by the Band of
Honor, under the efficient management
of Mrs. Bedford Harper was of high in-
terest.

—Miss Agnes Fawcett of Mt. Allison
spent Easter in town, also a number of
our young people who are students at
the college.

Samuel Horton has opened a carriage
repair shop at the Upper Corner, where
custom work will be promptly attended to.

Point de Bute

—The Annual April meeting of the
S. and W. Agricultural Society was held
here on Monday last. There was not
much business done interesting to the
general public. Scarcely any change
was made in the prize list of last year
worth noting, except an additional prize
of \$2.00 for factory butter, not less
than 3 samples to be shown. S. Edgar
Dixon was appointed to take charge of
the Society's grounds for the year.

—Herbert Wells and George Carter
leave for Lynn, Mass next week.

ligent boy, willing to work, need apply.

HIGH TIDE.—A high tide was report-
ed on Tuesday night, and a lobster fac-
tory at Cape Traverser was washed
away.

THE STRAITS.—Summerside harbor
opened on Tuesday and it is expected the
Northumberland will take her route be-
tween that point and Pt. de Chene
either today or tomorrow.

FOUNDRY CHANGES.—Mr. Sanaul
Ackles takes Mr. E. L. Stevens' place as
foreman at Fawcett's Foundry and Mr.
John McQueen, Mr. Ackles' place as
foreman at the Enterprise.

NEW MILL.—Messrs. M. and W.
Barnes, Wood Point, have added to
their steam saw mill at Allen's Creek, a
shingle machine. Messrs. Barnes are
sawing principally dimension lumber for
N. S. markets.

IN LOCK.—The Monetary Times says
owing to the advance on raw sugar, the
Moncton sugar refinery will net \$20,000
on the 2,000 tons of sugar by the barque
"Strathmuir," now due from Illoilo.
The cargo was purchased last year.

The port of Sackville is now open.
The first vessel—the Ohio, cleared on
Monday. She carries a load of wood to
Rochelle, N. S.—The Harriet, expected
daily. She left Vineyard Haven on the
13th for Sackville.

MARSH SALE. The sale of marsh be-
longing to Capt. Amos Atkinson, came
off on Monday afternoon. W. W.
Fawcett bid in one piece of 8 acres at
\$325, and Allan Estabrooks 11 acres
of bog at \$265.

PUBLIC AUCTIONS.—Posters are out
announcing a sale to be held on Saturday
22nd inst., at the residence of the late
John Ford, Esq. A long list of useful
articles is noted.

—E. L. Stevens offers his household
furniture, etc. for sale on the 25th. See
posters.

POSTAL.—Postmaster Allison assumes
charge of the Sackville office on May
1st.

—A new issue of postal cards has
been made and sent to the different
offices. They are about 1 inch longer
than the old style and half an inch
wider. They are intended for use in print-
ing circulars, letters, etc., not for corre-
spondence. The old size is still issued.

PERJURY.—Says the Press: The
Queen v. Edward H. Powell on the in-
formation of C. J. Strang of Tidnish,
on action for perjury, is to go before
Magistrate Thos. A. Welling at Bay
Verto on Monday. Several witnesses
from Amherst have been subpoenaed to
attend.

TO RAISE THE ROADBED.—There are
reports to the effect that the I. C. R.
roadbed is to be raised about three feet
during the coming summer between
Amherst and Moncton. It is said
that it is being done to allow for flood-
ing the marshes, but the Post is not
aware that such is the intention of the
marshowners.

TO THE ASYLUM.—Constable Burton
Estabrooks took Leonora Wood, the
girl who laid a charge of incest against
her father here a short time ago, to the
asylum on Friday. The case of this un-
fortunate girl is a very sad one. At
Pugwash some time ago she made a
similar complaint against her father and
when the case was called denied his
guilt. At Dorchester when the last
case came up she flatly contradicted all
her previous statements and swore her
father charged her with incest. When
asked why she did so her answer was
that if he sent her father to prison she
would have no one to support her.

Information Wanted.

A few evenings since I listened to a
good natured discussion upon the ques-
tion of baptism. The discussion was
carried on in a very Christian like
spirit, it was in no sense an angry dis-
pute as too many such discussions un-
happily are.

The conversation at length turned up-
on the necessity of certain work, and it
was strongly affirmed by the gentleman
who took the Greek word, Baptize or
"Baptizo" means to dip, plunge under,
immerse, overwhelm, etc. etc. That
these were its proper and primary sig-
nifications. On the other hand it was
contended that the word meant to favor
up, sprinkle, wet, etc., in its primary
or proper sense. Now to settle this
question will some of your many readers
who have Greek Dictionaries favor us
with the meaning of this word just
as given in the Lexicons, they may have,
as also the editions.

This is not to provoke a religious
discussion in your columns, but simply
to get at the real and proper meaning
of this word.

Yours Truly,
