HORNE MUST SERVE OUT HIS SENTENCE

The German Government Made a Request for Release of the Conspirator

[By Canadian Associated Press.]
Ottawa, May 1.—No application for the deportation of Werner Horne, now in the penitentiary at Dorchester, N. B., has reached the Department of Justice here, but after the war the German Government, through diplomatic channels, requested that Horne be released on the grounds that he was a German officer and a prisoner of war. The Canadian Government replied that they had no German officer of that name in prison; there was, however, a criminal named Horne in custody, whose release would not be granted.

SIR LOMER GOUIN WILL NOT RETIRE

Montreal, May 2.—The feature of the weekly luncheon Saturday at the Montreal Keweenaw Club was the presence of Hon. Rodolphe Lemieux, this being his first appearance before a semi-public local body since his return from overseas, where he received from the hands of King George the military cross awarded to his son, Captain Rodolphe Lemieux who fell in the war. Mr. Lemieux announced that Sir Lomer Gouin was not to retire from active politics and would remain at the head of affairs in Quebec. This announcement, having regard to Mr. Lemieux's close association with Sir Lomer, is regarded as authoritative.

[St. John Standard.]
L. W. Simms, who presided at the meeting of the Maritime Branch of the Canadian Manufacturers' Association in Moncton, has returned home. The Maritime Branch adopted a resolution urging the restriction of the tariff preference on British goods to goods entering Canada through Canadian ports. The development of hydro-electric power in the Maritime Provinces was urged as a means of encouraging manufacturers, and the idea of maintaining the employment bureau was endorsed. The Maritime Governments were urged to take co-operative action to secure increased subsidies from the Federal Government in lieu of the land grants made to the western provinces. The manufacturers opposed the policy of railways offering special inducements to Maritime people to migrate to the West.

John D. Palmer, president of the Hartt book and shoe factory, was in attendance at above meeting.

THE FARMERS AFTER TORONTO WORLD

Ottawa, May 2.—Though no definite arrangement has yet been made, it is asserted here that negotiations have been proceeding for the acquisition by the United Farmers of the Toronto World. Some conservative politicians who have been negotiating for the purchase of the paper seem to have abandoned the effort for a time for reasons not connected with the recent revelations of the Ontario territories as timber limits. For this reason and because of the departure to North Carolina of Hon. Howard Ferguson, it is expected here that the roundtable conference called for May 10 by Hon. Rogers will not even be held. The partial success which had been hoped for by enthusiasts.

HOMLIEST WOMAN ON FACE OF EARTH

New York, April 28.—The title of the world's homeliest woman is claimed by Mrs. Mary A. Bevan, of London, who has just arrived here to join an American circus. Mrs. Bevan is a very plain woman, but she did not find out many years ago that a suspiciously homely countenance has financial compensations. It was only last year that the judges at an English seaside resort pronounced her the ugliest woman in England, at the same time awarding her first prize of \$5,000. Then Mrs. Bevan began to capitalize her looks. She has two sons, two daughters and a husband who never makes personal remarks.

A story of a Mexican goat ranch, revolutionary plots and mystery. The typical Bower book, full of dashing, breathless reading.

WILDFIRE, By Zane Grey

Like all of Zane Grey's novels, this one is straight, clean and exciting—perhaps, if possible, it is a little more thrilling than any of the others.

THE U. P. TRAIL

By the same author. This book is an epic of a mighty episode in the history of the Western country, a tale of human passions and their best and their basest, and human energies strained to their tensest.
