RUSSELL UNDER THE BAN.

Montreal Player is Set Down by Interprovincial League.

Toronto and London Newspaper Opinions of the Tigers and the Tiger Seconds

Toronto, Oct. 22.—Secretary Dr. W. B. Hendry, of the Interprovincial Rugby Union, has written the Montreal Club to the effect that Ernie Russell, over whom the trouble with the C. A. A. U. arose, had better not figure in any more games. The stand taken arises from the recent election of Russell to the captaincy of the Wanderers hockey team in the face of his affidavit to the effect that he would not again take part in games with and against professionals.

The Argonauts feel that they are not being fairly dealt with by the Montreal Club in this matter, and do not care to jeopardize their standing in the amateur world any farther. The matter will come to a climax when Montreal meets Argonauts here on Thanksgiving Day. Prominent members of the Argos say that Montreal insists on playing Russell there will be no game. However, it is up to the union, and their letter-to-day sets forth what stand they will take.

TO INVESTIGATE WESTMOUNTS. Montreal, Oct. 22.—It is stated that the Kingston football team, before leaving Montreal on Saturday, intimated that they intended to make a little investigation into the standing of the Westmount team. This decision, it seems, was reached because some one told them that Snowden had played against Ernie Hamilton at basketball, and at the time when Hamilton, through his connection with the Montreal lacrosse team, was, according to the C. A. A. U. definition, professional, because of the C. A. A. U. rules: a man who plays with or against professionals is ineligible.

ONE OPINION FROM TORONTO. This is what the Toronto Telegram has to say about Saturday's game here between the Argos and the Tigers: In history there is but one event that may be likened to Argonauts' retreat from Hamilton, Ont., on Saturday, the 19th, and that is possibly when Napoleon II. did a Marathon from the ancient city of Moscow, minus the incidental music that goes with the two-step. With flare of trumpets and in a C. P. R. chariot went the Argos with the avowed intention of beating the Tigers. Indeed, there were some poor, deluded, sanguine souls who looked for a bull market and bet their money accordingly. More's the pity, for never had an aggregation less chance of winning than the bargain counter remnants that played under the colors of the Argonaut Rowing Club.

The foregoing may seem unkind, though to anyone who witnessed the struggle last Saturday, if struggle it may be called, it would not seem unreasonable. Argos, so said the wisecracks, would break through ere the Tiger halves had a chance to handle the ball, though watching the first five minutes of the game would quickly disillusion the ordinary observer. Against Montreal, for their work out out with Argos they simply romped and acted kittenish like the much touted Argonaut wings, alas, were fiascoed.

Tigers, of course, played a good game, but bless your heart in their opponents they had the most luscious kind of meal. They pounced upon the visiting brethren like a royal Bengal with a few lanch, and showed about as much pity. In football you know Argos were never any great shucks when it came to head-work, excepting possibly the year when Fred Thompson handled the men and then played Ottawa College the second game against his advice. On Saturday there were three men on the bench, conditioned men who might have filled a long-felt gap, but no, this trio of Wright, Thompson and Taylor were absolutely overlooked.

How were the Argos beaten so badly, you ask, with evident astonishment. Well, that is a very simple question. They were beaten in every department. For Tigers out-punted and out-tackled them. Pete Flett, for instance, who is capable of playing an excellent game, threw away two beautiful chances during the third quarter.

Pete's dive near at the present juncture is a little more work on the field. Argos' tackling was abominable; in fact, only once during the game did Maguire, for instance, get Simpson. Of the Tigers, they all played well, though they will not have the same easy picking they had Saturday. He is sure of that. Their back division was superb, especially the playing of Gordon Southam. Once during the first of the game he fumbled the ball and Argos set, whereupon some in the grand stand set up a cry like a flock of geese at work. Southam, who has just returned from Europe, had decided to give up football, but with three days' notice agreed to help out the Tigers. Outside this one fumble he played a beautiful game, his

here as to whether the race is to be held under C. A. A. U. sanction. If not, none of the Irish-Canadians will start.

SHRUBB ANSWERS LONGBOAT. Winnipeg, Oct. 22.—It would seem now that the open question as to which, Shrubb or Longboat, is really entitled to wear the laurels of champion long-distance runner is within measurable distance of being definitely settled. Yesterday Shrubb received a challenge from his Indian rival to run from Oakville to Toronto, a distance of 22 miles, just to decide all comparisons. Longboat to start one hour after Shrubb, and lapse of time to be reckoned at finish. When seen this evening by a correspondent, Shrubb said he had not yet had time to consider it fully, but it appeared like a tricky deft. He, however, wired as follows: "Will accept on condition that Longboat shall start level with me. My last and only proposition is that we shall run a series of four matches of five, ten, fifteen and twenty miles respectively, on a measured track, and then a final race of 25 miles distance on the road. The entire gate receipts of the first five-mile race to be given to the Sick Children's Hospital Toronto."

U. S. DECLINES.

Not Money Enough Subscribed to Build 90 Footer. Stockholm, Oct. 22.—The Secretary of the Swedish Legation at Washington, A. Ekengren, cabled to the Royal Swedish Yacht Club yesterday to the effect that the New York Yacht Club "certainly would not accept a challenge for the America's Cup with a 70-footer."

Contrary to expectations, not enough money has yet been subscribed to provide for building a ninety-footer, so the Board of Directors of the Swedish Yacht Club, after a three-hour session, yesterday deferred the question of a challenge for the America's Cup to an extraordinary meeting of all the members of the club, which has been called for Oct. 30.

WON AIR RACE.

Mr. Kapferer Leads Race of French Aero Club. Paris, Oct. 22.—M. Kapferer, pilot of the air ship Ville de Paris, has won the regular autumn competition of the Aero Club of France. Four balloons sailed away from St. Cloud on Sunday in this competition. Before starting each pilot handed to the secretary of the club a sealed envelope in which was the name of the place where he proposed to land, the winner to be the man who came down nearest to his objective point.

RIDING CLUB'S RUN.

The Hamilton Riding and Cross Country Club had a most successful run on Saturday afternoon. The members met at the head of James street and followed the master for about twelve miles through beautiful meadow land, where the best of fencing was found. The following were in the saddle: Mr. George Hope (master, on Wiley Buckles; Miss Van Wagner, on Jocelyn; Miss Phyllis Hendrie, on Babe; Miss Elsie Doolittle, on Duke; Miss Ruth Quarry, on Romeo; Miss Colman, on Ben; Gordon J. Henderson, on Thomson; Stanley Robinson, on Big Bear; Geo. J. Robertson, on Harvey; Norman Boyd, on Doodles; Jas. Thompson, on Virtuous; Geo. Shambrook, on Judy; A. Lyall Scott, on The Kid; Harold Lewis, on Dileas; James Moodie, on Sir Robert; Jas. L. Killgour, on Land's End; G. F. Crawford, on Kingsmill; Stewart McPhie, on Mac; Anthony J. W. Hammond, on Officer; J. Morrow, on Kesene; Master Hammond, on Skunk; Huntsman W. Yeo, on Jennie Golden; Huntsman F. Yeo, on Molto.

GRIMSBY CURLERS.

At an enthusiastic meeting of the Grimsby Curling Club, these officers were elected for the ensuing term: Carl Roberts, President; C. W. Harrison, Secretary; Wm. Montgomery and A. G. Pettit, Executive Committee. Rev. Dr. Gilray, pastor of College Avenue Presbyterian Church, Toronto, is to be operated upon at the Toronto General Hospital.

BALLOONS ARE COMING THIS WAY.

Great Britain, France, Germany and U. S. in Race.

St. Louis, Mo., Oct. 22.—Drifting along in a direction just west of north, when lost to view in the dusk, and with a freshening southeast breeze behind them, nine big balloons competing for the honors attaching to the second international aeronautic cup race. A brilliant moon is shining, and throughout the middle west conditions seem excellent for a record-breaking flight.

A stiffer wind would have been more welcome to the occupants of the wicker cars, but the five-mile breeze in the lower air stratum this evening gave promise of splendid racing currents in the upper altitudes. The Germans start; the French and English aeronauts were more conservative, and selected a middle course, while the Americans raced away at an altitude when seemed just to clear trees and mounds. The St. Louis, one of the largest balloons in the race, came so close to the grand stand that it was seized by spectators and swung back to a safer starting point, whence it was sent away two minutes after the official word to go was given.

The prizes are: The international aeronautic cup and \$2,500 to the winner, the cup to be held by the aero club to which it is given; second prize, \$1,000; third prize, \$500; fourth prize, \$250; fifth prize, \$200. The race is for greatest distance from starting point to landing point. In the race there are three balloons representing America, three representing Germany, two France, and one Great Britain. The baskets of each balloon contain a pilot and his aide.

WINTER QUARTERS.

Secured for the Members of Hamilton Rowing Club. A general meeting of the Hamilton Rowing Club was held in the Board of Trade rooms to discuss the question of obtaining winter quarters for the club. A proposition was submitted whereby the members might use the gymnasium of Chas. Powis' school, and it was accepted. A committee was appointed to secure a sufficient number of the club members to agree to subscribe the nominal fee required to enable the club to accept the proposition, and it is expected that the members interested will notify the secretary not later than Wednesday afternoon of their approval and personal co-operation.

In view of the fact that the Rowing Club expects to put at least three crews in the Henley regatta next year, it is absolutely imperative that the men get to work at once, in order to get in proper shape, and the facilities offered by the club members referred to, in the shape of rowing machines, boxing, fencing, and wrestling, together with efficient instructions in all these sports, if taken advantage of, will alone make the winning of these events at Henley possible. It is also essential that the members of the Rowing Club get together occasionally to talk over the affairs of the club and having winter quarters should establish an esprit-de-corps that is necessary to the success of the club.

A LYNX HUNT NEAR PARIS.

Paris, Oct. 22.—Yesterday a large lynx was seen down at the plaster mines of the Alabastrine Company, about one mile from Paris, and this morning Roy Martin went down to see if he could get a shot at same. He was fortunate at noon, seeing the lynx, and chased it up a tree, when it was an easy shot. Had the lynx not been killed outright, "Tip" might have had to put up a harder fight, as they are of a treacherous nature and will attack a person quite readily. The animal weighed 26 pounds, and measured from nose to tail 3 feet 1 inch and 18 inches around the chest.

ALLEGED ROBBERS.

Ten Employes of West Shore Held for Grand Jury. New York, Oct. 22.—Ten conductors and brakemen employed by the West Shore Railroad were held in \$1,000 bail to-day to await the action of the grand jury at New Durham, N. J. They are charged with the theft of goods from freight cars in the yards at West-hawken, N. J. Cars in these yards have been broken into frequently of late and quantities of lace, silks and furs have been stolen.

In order to apprehend the thieves, W. A. Humphrey, chief of the railroad's detectives, and a number of assistants disguised themselves as tramps and spent several nights in the yards, living part of the time in freight cars in true tramp style. As a result of their investigation the ten men were arrested and arraigned to-day.

Few Baseball Fatalities in 1907.

Fewer fatalities have resulted from baseball this year than in 1906. Five deaths only have been traced as being directly due to the national game this year. On April 20, at Montezuma, Ia., Orrie McWilliams choked to death as a result of trying to chew candy and play ball at the same time. The candy stuck in his throat. William Thomas King, 26 years old, was struck over the heart and instantly killed May 25, at St. Dennis, Baltimore County, Md. Dr. Manville Phillips, a physician of

CRIBBAGE CLUB.

Good Game at the Opening Meeting of Season. Hamilton Cribbage Club held its opening meeting of the season last night, and had a very interesting game in the club quarters at the Arcade. The players divided by numbers, and the odds played the events a close game, the even side winning by three games. The scores: Odd. Even. Elmslie Lucas 6 Ereth 1 Stevenson Jarvis 3 Vaughan 6 Brown 4 Hazel 2

The club will meet hereafter every Monday evening in the Liberal rooms. The Checker Club will meet this evening. BEVERLY WEDDING. Marriage of John Quillman and Miss Mitchell. A very pretty wedding took place at the home of Mr. Wm. Mitchell, on the tenth concession of Beverly township, county of Wentworth, when his daughter, Orpha Gertrude, was given in marriage to Mr. John Quillman, of Toronto Junction, in the presence of about 75 guests. At 3:30 p. m. the nuptial knot was tied by Rev. E. J. Haines, of Freelon. After hearty congratulations were extended to the newly wedded couple, and a brief time spent in social conversation, the guests were invited to partake of a feast of good things generously provided by the genial host and hostess. A toast was proposed to the bride by the minister, and responded to by the groom. The remaining part of the evening was spent in carrying out an informal programme of impromptu addresses, solos and instrumental selections by guests and friends of bride and groom. The many beautiful and costly gifts to the bride showed the respect in which she is held by her many friends and neighbors. The honeymoon days are being spent in visiting friends in Hamilton and Pennsylvania.

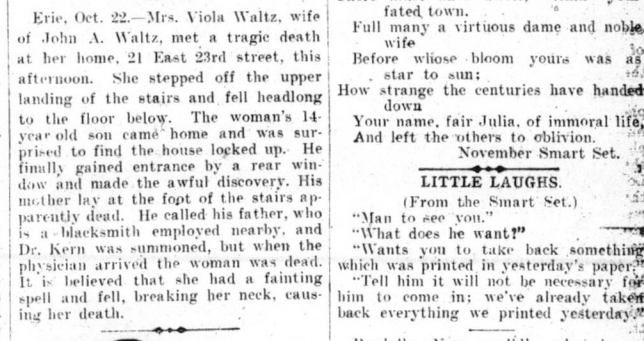

FRANCIS JOSEPH.

Passed Poor Night and Losing Strength. Vienna, Oct. 22.—Emperor Francis Joseph did not pass as good a night as usual, owing to frequent attacks of coughing. He rose before 4 o'clock, and when he was examined by his doctors they found that the catarrhal symptoms were unchanged, that there had not been sufficient expectation and that his strength was less satisfactory than yesterday, but he was not suffering from fever. In brief, his malady is pursuing an irregular, fluctuating course. On Seeing "The House of Julia" at Herculaneum. Not great Vesuvius, in all his ire, Nor all the centuries, could hide you from shame; There is the little window, where you came, With eyes that woke the demon of desire, And lips like rose leaves, fashioned out of fire; And from the lava leaps the molten flame Of your old sins. The walls cry out your name, Your face seems rising from the funeral pyre. There must have dwelt, within your fated town, Full many a virtuous dame and noble wife, Before whose bloom yours was a star to sun; How strange the centuries have handed down Your name, fair Julia, of immortal life, And left the others to oblivion. November Smart Set.

LITTLE LAUGHS. (From the Smart Set.) "Man to see you." "What does he want?" "Wants you to take back something which was printed in yesterday's paper." "Tell him it will not be necessary for him to come in; we've already taken back everything we printed yesterday."

BROKE HER NECK.

Boy Breaks Into House to Find Mother Dead. Erie, Oct. 22.—Mrs. Viola Waltz, wife of John A. Waltz, met a tragic death at her home, 21 East 23rd street, this afternoon. She stepped off the upper landing of the stairs and fell headlong to the floor below. The woman's 14-year-old son came home and was surprised to find the house locked up. He finally gained entrance by a rear window and made the awful discovery. His mother lay at the foot of the stairs apparently dead. He called his father, who is a blacksmith employed nearby, and Dr. Kern was summoned, but when the physician arrived the woman was dead. It is believed that she had a fainting spell and fell, breaking her neck, causing her death.

SULTAN ABD-EL-AZIZ OF MOROCCO. DEAD FOR HOURS. Almshouse Inmate Cuts Throat After Hearty Meal. Buffalo, Oct. 22.—Aquiline Baier, 54 years old, who has been an inmate of the Erie County Almshouse since December 16, 1906, cut his throat yesterday afternoon. He was found dead under an elm tree in the rear of the institution, 400 feet away, by Superintendent Heilbronn, shortly before dusk last evening. Baier had been in good spirits all day. It was said by the hospital officials, in fact he had not been melancholy since the day that he was sent to the institution by the city poor department. He arose yesterday morning at the usual time and ate a hearty breakfast with the other inmates. Then he started out for a walk. That was the last seen of him alive. Baier, it is said, had relatives in this city.
