WEDDING BELLS

A great mistake, we are sorry to discover, was made in our column last week, in reporting the alleged marriage of Miss Mabel M. Clouston and James Sherard, and Miss Rosie E. Morrison and John Mullin. It appears that although the information was given us personally by a pair who called themselves the latter couple, there was no truth in either statement. THE UNION ADVOCATE published both in good faith, and exceedingly regrets the annoyance caused the innocent parties.

A BEAR STORY

The following is vouched for by one of our correspondents. About a year ago Mr. Martin Fox, who is a well-known hunter, set some traps for bears. When he went to look at them one morning, he found a she bear and three cubs up a tree. He cut down the tree and killed the old bear and took the cubs home with him. He sold two cubs at the St. John exhibition last fall and kept the other one. Late in the fall young Bruin dug a hole and buried himself. A few days ago, after a five months' sleep, he came out of his winter bed as fat and sleek as ever.

CURIOUS CELEBRATIONS

How Do You Propose to Celebrate on June 22nd?

A Lancashire lady has already announced her intention of presenting a bright new sovereign to every child born in her parish on Coronation Day.

This is going one better than the clerk of the parish council of Moulton, near Northwich, on the occasion of the Coronation of King Edward. His present to every infant ushered into the world in his parish on that day was a beautiful cashmere frock.

At Marshfield, in Gloucestershire, the babies had a field day, the great feature of which was a procession in perambulators. At Walworth a Coronation baby show was arranged, with a London hospital doctor as judge and prizes for the best fed and best clothed.

There was no doubt a rush of Coronation weddings at Rye, Sussex, where the vicar issued a notice that during the Coronation month the marriage ceremony would be performed without payment of the usual fees. A queer-minded individual at Elmham, Norfolk, had the temerity to suggest that a portion of the Coronation celebration fund should be used for the purchase of a public house for the parish! The proposition met with unanimous rejection.

Two Tons of Pie.
In accordance with long-established custom, the loyal inhabitants of Den by Dale will doubtless prepare a monster pie in celebration of King George's Coronation. That made on the occasion of Queen Victoria's Jubilee was 8 ft. in diameter, 2 ft. in depth, and upwards of two tons in weight. It was baked in a dish weighing 15 cwt., was drawn by ten horses, and cost £250.

The little town of Wye, near Ashford, in Kent, decided to commemorate our late King's Coronation in an original and permanent way. In the chalk on Wye Downs it was resolved to dig a huge design of a crown, on lines similar to the famous "white horses" of Berkshire and the North Riding of Yorkshire, which would be visible for many miles.

On the same occasion from 15,000 to 20,000 bonfires were arranged for, one of the highest being on the Richmond Beacon, in Yorkshire. At each bonfire fifty rockets were to be sent off simultaneously, or 750,000 to 1,000,000 in all.

St. Paul's Rope-Walker.
St. Paul's Cathedral has been the scene of some wonderful performances at various Coronations. When King Edward VI was crowned a marvellous exhibition was given from the battlements, according to Holinshed, by an agile Arragonian.

He descended upon a rope, which was secured to an anchor at the gate of the Dean's house. Then he walked up the rope again and performed "certain mysteries" on the said rope, to the great wonder of the assembled multitude and the no less delight of the youthful Sovereign.
