

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

Paroid ROOFING

PAROID is so good that the name has come to stand for the best kind of roofing. Complimentary, but dangerous! It means that for your own protection you must look for the name Paroid on every roll you buy. Then you are sure of the roofing that is approved by the National Board of Fire Underwriters.

SAVE MONEY

Look for the Roll with the PAROID Label

Once laid, a Paroid roof is weather-proof and fire-resisting for years to come. The saving on repair bills alone ensures the economy of Paroid, to say nothing of the absolute protection to your stock and crops.

8 permanent colors—Red, Grey, and Green.
For your home, use Neponset Twin Shingles.
Look for the Neponset Dealer and get genuine satisfaction.

AGRICULTURAL SOCIETY HAD GOOD YEAR

Fair Was a Success....Interesting Results of
Potato Plots....Directors Elected

The annual meeting of Agricultural Society No 122 was held in the Town Hall, Newcastle, Wednesday afternoon, Nov. 21st, the president, Howard Whiston, presiding.

President's Report

The President's report was as follows:

In presenting this, the President's annual report, we find that conditions facing us are about the same as last year.

The war is still dragging on with the end not in sight, and the government is looking to the farmers for increased production to support our army in the field and make up the shortage in Europe. It is very gratifying to the Directors to know that such an effort was made by our members to increase the amount of wheat grown in this section and although the season was very unfavorable, the majority of those who sowed wheat had very favorable returns and we only trust that the season of 1918 will see the wheat average in North and South Esk doubled.

Hay was an 'exceptionally' large crop, while potatoes and oats were a fair average, so that, taking the season all through, it has been very favorable to the farmer.

The Directors imported one car of Basic Slag and three cars of ground limestone, which were distributed to the members at cost.

We also held a Fair at Whitneyville the first week in October, which we are pleased to report, was a decided success, and we hope to make a Fair for our Society an annual event.

In regard to the finances of the Society, they are in a good healthy state, and our Secretary-Treasurer will give you a detailed statement in his report.

Respectfully submitted,

H. Whiston, President

The Secretary-Treasurer, (G. G. Stothart) submitted his report for the year as follows:

Receipts

1916	
Dec 1—Cash on hand	\$116.57
Membership dues	73.00
Sale of Bull	55.00
1 car slag, 3 cars lime,	
51 bushels seed oats,	
100 lbs bluestone	989.21
Interest	1.04
	\$1234.82

Expenditure

John S. Mullin, delegate	
expenses	\$10.00
Slag, lime and oats	940.75
Fred Sobey, expenses, care of	
bull	18.00
M. Pub Co., advertising	3.70
Horse hire	4.00
Prize list of exhibition	114.05
	\$1090.50
Balance in bank	144.32

These reports were received and adopted.

The following Directors were elected for ensuing year, on recommendation of the Nominating Committee: Hiram Whitney, John D. Goodfellow and James Young.

Coun Michael O'Shaughnessy, Craplin Island Road; John D. Goodfellow, South Esk; John McColm, North Esk; James Young, Whitneyville; Wm Taylor, South Esk; John S. Mullin, Exmoor; Howard Whiston, George Stables, G G Stothart, Newcastle; Hiram Whitney, Whitneyville; Stanley Hill, Ellentown; John Cain, Boom Road; James Parks, Redbank; Joseph Sobey, Maple Glen; Wm Johnston, Chatham Head.

George Stables and J R Lawlor were appointed Auditors.

The report of the committee on the Potato Plot Contest was given by Hiram Whitney. The test was made in a field on Hiram Whitney's farm and was supervised by government experts. Each of 15 members supplied about 12 lbs of seed.

The result was as follows:

Plot 12, James Young—188 lb—	marketable 168; small, 18½; affected with rot 1½
Plot 14, James Lamont—172½—164	7½, 1.
Plot 8, Donald McTavish—162—143	18½, ¼
Plot 15, James Bremner—151½—	141, 9½, 1¼
Plot 10, John D. Goodfellow—149—	137, 9, 3
Plot 4, Charles Fawcett—138½—	128, 9½, 1
Plot 11, Hiram Whitney—131—121,	9, 1
Plot 1, John Morrison—115½—109,	5½, 1
Plot 3, Wm Johnston—117—106,	9, 2
Plot 6, Harold Jordan—141½—105,	9, ¼
Plot 2, Melvin Stewart—113—101,	10, 2
Plot 13, Ernest Hopkins—102—94,	8, 0

Plot 9, Fred Whitney—101—90, 10.

Plot 7, G G Stothart—88½—79, 8½

Plot 5, Clifford Jones—81½—75, 6½, ¼

Communications on Swine Production in Canada, Fertilizers and Greater Production, from M. A. McLeod, Superintendent of Agricultural Societies, and from the latter on laws relating to sheep raising were read and referred to the Directors for action.

Stirring addresses were given by Rev. P. W. Dixon, John McColm, Wm. Johnston, and Hiram Whitney.

Farmers were urged to send in to the Secretary-Treasurer their orders for fertilizer by December 1st, or as early as possible that month. The government has purchased 1500 tons of 3-5-5 brand (3 per cent ammonia 6 per cent phosphoric acid and 5 per cent of potash) and this Society proposes buying one carload (20 tons) of this; also slag and ground lime stone.

Adjourned

Swine Production in Canada

Wheat, sugar and oats are the three great essentials the Allies in Europe are requiring from America. Pigs are urgently called for and Canada is asked to seriously consider a special effort in the production of pigs as the quickest way to remove the situation. Every province is requested to bring this before the people. New Brunswick can do practically nothing in the wheat or sugar supply.

There are perhaps many farmers who do not keep any or at the most but one sow. There are many in villages who might seriously consider keeping one sow. It does not cost much to keep a sow 'tough the winter months until farrowing time.

Perhaps the scraps from the house would help to keep a pig, thus reducing the amount of grain required. The Food Controller is taking steps to:

(1) Control the profits of the packers. He is going to assure every man with a pig or pigs to sell that he will receive every cent the British market will allow after deducting reasonable killing, curing and transportation charges.

(2) A feed department is to be organized to regulate the price, composition, distribution and transportation of feeds to every part of Canada. If the sows cannot be procured in any district transportation charges on imported sows will be paid by the Federal Department of Agriculture.

The situation is serious and the only solution seems to be Production. It is true that labor is scarce but it has now become a question of supplying the armies and failure to do so means disaster.

The question is a personal one—will you arrange to keep one more sow and raise one more litter of pigs next season? If you do not keep a sow, will you arrange to do so?

Pigs can be raised successfully and more cheaply by using pasture throughout the summer supplemented with mill feeds.

Secure a sow this year, breed her to farrow about May 1st Mr J D McKenna, Editor of the Maritime Farmer, Sussex, has arranged, through the Food Controller, to have straight cars of mill feed brought to New Brunswick for the benefit of the farmers who before were forced to buy a quantity of flour in order to secure feed direct in car lots.

The Provincial Department of Agriculture is willing to assist in securing sows, if necessary, and later to give any methods or information at hand.

We pass this on as it was given to us and ask you to consider it seriously.

THAT NIGHT COUGH

Could anything be more trying or more exhausting? Peps will end it! The Pine vapor breathed down the air passages when a Peps is dissolved in the mouth relieves the irritation, soothes the inflamed place and stops the cough.

Mr. John Doussept of Little Current, Ont., says: "I was troubled with an irritating cough that kept me awake at nights. Nothing I took gave me relief until I used Peps. This wonderful breathe-able remedy, however, has entirely rid me of the cough."

For asthma, bronchitis, laryngitis, sore throat and colds use Peps. All dealers. 50c. box.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, Liver and Bowels.

Look at the tongue, mother! It coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

PROFIT IN LAMBS

A four-page pamphlet, entitled "Fattening Lambs for the Block," furnishes particulars of profits that can be derived in that way. The pamphlet is No. 16 and be had free from Publications Branch of Dept. of Agriculture, Ottawa. Stress is laid upon the profits to be earned by the winter feeding of lambs. All ewe lambs fit for breeding purposes should be saved and when lambs are to be sold the proper time to do so is when they are finished. A table is given showing the average profits in winter lamb feeding by tests made in a period covering seven years at the different Experimental Farms and Stations throughout the country. Council also given regarding the feeds necessary for winter lamb finishing, and, briefly the cost of equipment is set forth.

15 TIMES THE MONEY

was spent on doctors' bills, without any benefit, as was spent in Zam-Buk, which effected a complete cure!" says Mrs. Fred Gervais of 126 Blouay St., Montreal.

"A rash broke out on my baby's skin, and she became very fretful and lost weight. I took her to a doctor, who gave me some lotion to apply, but it did not do baby any good. I then took her to another doctor, but with the same result. Then a friend, who saw the condition baby was in, brought me some Zam-Buk, which she so highly recommended that I commenced using it. In one week's time baby looked much better, and before a month had elapsed she was quite well again."

"Baby is now the picture of health, and I think it wonderful that \$2 worth of Zam-Buk brought about this cure when \$30 spent in doctors' treatments did no good whatever! I certainly advise other mothers not to experiment with useless remedies, but to save their little ones unnecessary suffering and themselves needless anxiety and expense by using Zam-Buk in the first place."

Zam-Buk is also best for eczema, ringworm, scalp sores, boils, ulcers, abscesses, bad legs, blood-poisoning, piles, cuts, burns and scalds. All dealers or Zam-Buk Co., Toronto. 50c. box, 3 for \$1.25.

...RESOLUTION OF CONDOLENCE
The following has been sent by Newcastle Methodist Sunday School: Mrs. Simon MacLeod,

Dear Friend,

Having been apprised of the death of your beloved husband, and remembering his invaluable services to the Methodist Sunday School and other departments of Church work, at Newcastle, this Sunday School condole its loss, express its sympathy with you and yours and hopes that you will be led in your affliction to trust fully in the guidance of the Great Leader who will cause all to work together for good to the lovers of God. Meanwhile, we as a Sunday School and Church, will continue to pray that you may be comforted and sustained in your great loss.

On behalf of the Sunday School.

"CASCARETS" WORK WHILE YOU SLEEP

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—Take Cascarets tonight.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.
