HOTEL BRUNSWICK BEING RAPIDLY REBUILT

Contractor J. A. Reid is making good progress toward the rebuilding of the Hotel Brunswick. The roof is practically replaced and other repairs are being rapidly made. It is expected that by the first week of October or thereabouts, sufficient progress will have been made to allow the opening of a number of floors in order to relieve the congestion which exists during the rebuilding. The hotel will be a comfortable and convenient place for a reasonable period.

Moncton Man Had To Quit His Work

Never Thought He Would Regain his Health but Tanlac put him Back on the Job

B. knows Evariste J. D. LeBlanc, of 207 Robinson St., who is book keeper at his brother's fashionable establishment on Main street. He is one of the oldest and most highly respected residents of Moncton. "I was ill for about two years, so ill indeed that I had to give up work for a whole year, and never thought I should ever start again," said Mr. LeBlanc to the Tanlac representative who had heard of his remarkable recovery and called to see him at his place of business. "I suffered from shocking stomach trouble I can never tell you all that I went through and suffered. If ever I ate anything like a decent meal, I was seized with pains in the abdomen. For hours afterwards I would be greatly distressed, and also have peculiar dizzy feelings. I had but a very feeble appetite and came at last to hate the sight or smell of food. I got very weak and thin, and must have lost a great deal in weight. I also suffered a lot from rheumatic pains in my legs and knee joints. As all my friends know, I was in a deplorable condition, and really despaired of ever getting my health back again.

"I had read in the papers of so many people who had gotten relief from stomach trouble similar to my own case by taking Tanlac, that I went along to my friend and bought a bottle. It certainly did wonders for me. My rheumatism disappeared entirely and I haven't had pains in my legs or knee joints since. But what surprised me even more was the way it settled my stomach trouble. I began to assimilate my food properly, and could eat quite a hearty meal without any distressing after effects. My appetite rapidly increased and I quickly got stronger until now I have actually gained fifteen pounds in weight and am back at my business again. My friends all say to me, 'Why Evariste, how well you look; you are getting quite fat and I must say that I am feeling better today than I have for years past. Tanlac has been a real boon to me and I take great pleasure in giving you this endorsement.'

Tanlac is sold in Newcastle by E. J. Morris, in Redbank by Wm. M. Sullivan and in Doaktown by O. Hildebrand.

Hon. Dr. Smith's Resignation Is Accepted

St. John, Sept. 14.—The resignation of Hon. E. A. Smith as Minister of Lands and Mines in the Provincial Government has been received by the Lieutenant Governor and has been accepted, and Premier Foster in a statement given out to the press this morning. He went on to say that a successor would be appointed in the course of a few days. The Premier said that Hon. Mr. Smith's resignation was not the result of any disagreement with his colleagues as to the general policy of the Government, nor was it the result of a disagreement among the cabinet over the rates of stumpage but it had to do with the working out of the details in connection with the establishment of a game sanctuary.

No Influenza Yet in New Brunswick

The province has entered the dangerous month of September with a clean bill of health so far as epidemic influenza is concerned. In Chicago between 2,000 and 4,000 cases have made their appearance but they are not reported to be of a very virulent character. Two years ago the disease made its first appearance in New Brunswick and, finding its first foothold in the northern counties it spread through all counties in more or less serious outbreaks here their beginning and the prophesies are that each year will see some recurrence of the disease. The last return of the department of health for the province which have been received, they that have been extremely low, certainly indicate a very healthy condition of the

Big Republican Sweep in The State of Maine

Portland, Maine, Sept. 14.—Maine gave an overwhelming plurality to the Republican ticket in the state election yesterday, with a total vote larger by 65,000 than the highest ever previously in the state.

Frederick Parkhurst, of Bangor, was elected governor by a majority of 35,000 over his Democratic opponent, Bertrand G. McIntyre, of Norway. The plurality was 17,000 more than the largest obtained by any other gubernatorial candidate in the history of the state.

Four Republican congressmen were elected by larger pluralities. Every member of the State Senate will be a Republican while of a membership of 151 in the State House of Representatives, the Democrats succeeded in electing only 15. In the last legislature there were 2 Democratic senators and 41 Democratic representatives. Roy L. Hardwell, of Augusta, Republican, was easily re-elected state auditor. All the new county sheriffs are Republicans. The vote of the state for governor, with returns from forty small towns and plantations in remote districts missing, was:

Parkhurst, Republican, 132,517.

McIntyre, Democratic, 62,349.

The increase in the total vote was very largely accounted for by the presence of women at the polls for the first time. All over the state women showed themselves eager to grasp the opportunity of exercising their franchise, and they were undaunted by a heavy downpour of rain in the afternoon. The result showed that most of them voted the Republican ticket.

As the returns came in showing from the first evidences of a tremendous Republican sweep, Democratic state leaders were silent as to the possible significance of the vote with relations to the presidential election in November. Coll Parkhurst, after being assured of his election, gave the viewpoint of the Republicans in a statement in which he pointed out that the campaign had been "vigorously contested by the Democrats on national issues," and said that the outcome gave "most conclusive evidence that the voters of Maine resent the autocratic and un-American administration that the Democrats have given us." He declared that it was equally an endorsement of Harding and Coolidge.

Matters of merely state importance were hardly touched upon in the campaign. The leading speakers were men of national prominence, both parties striving to effect a good showing in "the barometer state," the only state in the Union to hold its state election in advance of the voting for president.

The only woman who was a candidate for public office at the election was defeated, Mrs. Margaret Dyer, of Bar Harbor, who was the Democratic candidate for registrar of probate in Hancock county. She received only a small vote.

A proposal for a state income tax was defeated by a wide majority.
