CHURCH UNIONISTS VOTE

Sir:—At the recent meeting of the Maritime Synod in New Glasgow, N.S., Prof. J.W. Falconer read certain Union resolutions.

A roll call vote was taken on resolution four, which reads as follows:—"Inasmuch as the action of our Church in resolving to enter the United Church has been taken in a thoroughly regular and constitutional manner and is supported by a very large majority of the ministers and people, Synod believes this to be the duty of every member of the church, to gether with all the elders, members and adherents of our congregations, to accept this as the final decision of our church."

The vote reported was 193 to 1. The explanation is this: "The President of the Presbyterian Association for the Maritime Provinces stood up on the floor of Synod and asked those opposed not to vote as this vote was only intended for a demonstration of the propaganda purposes of the Unionists. Only 193 out of a membership of over 325 voted for, the rest refused to answer to their names. One man misunderstood and voted nay. Only approximately 50 out of 150 elders voted for the resolution and name after name was called but no response came. The Unionists were in a panic at the small vote registered and some of them admitted it was a 'tactical blunder' on the Unionists' part to call for the vote at all.

The people are waking up. I am, Sir etc.

REV. F.G. MACKINTOSH,
Maritime Secretary.

COOKS SHOULD KNOW

That when there is too much salt in soup it can be made palatable by putting a piece of raw potato in the pan for a few minutes.

That when milk is slightly scorched you can remove the burnt taste by putting the pan into cold water and adding a pinch of salt.

That suet which has been put in a dropping pan and placed in the oven to become warmed through will keep for weeks.

That the labor of stirring milk may be obviated by putting a large clean marble into the pan. (The marble will automatically do the stirring while the liquid cooks, and there will be no burning.)

That less sugar will be required when stewing fruit if a pinch of carbonate of soda be added.

A STATESMAN'S WILL

Hon. L.P. Brodeur at one time a member of the cabinet of Sir Wilfrid Laurier, lately one of the Supreme Court, and now one of the most distinguished judges of the Dominion, has died at his home in Montreal.

nor of Quebec, left an estate of 143,538. His will contains this inspiring clause:

"I entreat my children to maintain always the principles of integrity which I have inculcated to them. They must always give to their mother, constant marks of their filial attachment. Should any one of them devote himself to public life, I ask him never to let himself be guided by personal interests, but always to have before him the public interests."

Canadian public life would be on a new plane if all who engage in it could be influenced to put public interests before personal interests.

SAYS GOVERNMENT IGNORES DRY LAW

Campbellton, N.B.; Oct 15.—A suggestion that a new health reader with sections devoted to anti narcotic propaganda and scientific temperance should be introduced into New Brunswick Schools was made at the morning session of the annual convention of the Women's Christian Temperance Union of New Brunswick and Prince Edward Island and in the evening session Rev. Thomas Marshall, Secretary of the N.B. Temperance Alliance gave an address on "Government Control of Liquor Sales."

The morning and evening sessions were held in the Methodist church with Mr. Effie Bruce presiding. A pleasing incident of the morning session was the presentation of a black moire silk handbag to Mrs. Mary Seymour of St. John superintendent of evangelism. Mrs. J. O'Neill, in making the presentation on behalf of the union referred to the faithful and untiring zeal of Mrs. Seymour as a member of the W.C.T.U. for 40 years and spoke also of her earnest endeavors for moral reform. Although taken by surprise, Mrs. Seymour gracefully thanked the donors. The opening devotions were led by Mrs. Edgar Cook, assisted by Rev. Mr. Godfrey pastor of the church.

Mrs. H.H. Coleman of Moncton gave an instructive paper on Scientific Temperance, showing the bad effect of alcohol upon the human body and stressing the need of education to combat the evil. Mrs. Coleman made the recommendation that the health readers in the schools be replaced by one that would include sections on anti-narcotics and scientific temperance, the recommendation being made subject to the approval of the Board of Education.

Mrs. G.A. Adam superintendent of Willard Hall work, reported that 152,086 soap wrapper coupons had been received and had realized the sum of \$76.43 which was used for travelers' aid work.

The noonday hour was conducted by Rev. W.W. McNair, Presbyterian minister, who continued his topic of Good Citizenship and spoke of the duties of citizenship under the three heads, righteousness; patriotism and service.

The afternoon was given over to recreation and the W.C.T.U. members as guests of the residents, enjoyed a drive round the town and were shown many places of interest. They were also entertained at supper in the school room of the Presbyterian church where the mayor of the town, clergymen and their wives and other prominent citizens were also honor guests. Rev. A.B. Humphrys asked the blessing and Rev. Thomas Marshall gave thanks.

At the evening session Rev. Mr. Campbell led the devotions and gave an inspirational address. Mr. Marshall in his address, enumerated steps which he said had been taken by the Government in preparing the way for Government control of liquor sales. He expressed the hope that the Government would not only control liquor sales but also the sale of other intoxicants and that it should work out its own career and style of character.

enforce the prohibitory law and in that way to discredit it in the minds of the people. A Government that had failed so lamentably to enforce the existing law he did not think could expect to be entrusted with more.

He referred to the places where Government sale had been tried and he declared that it had failed in each instance. Mr. Marshall recommended the W.C.T.U. to organize its voters and prepare for the coming election, seeing that good candidates were nominated for both parties. He urged the members to serve notice that unless candidates were in favor of prohibition they would not receive the vote of any W.C.T.U. member.

The choir of the church assisted greatly in the evening session and Mr. Vallis sang a pleasing solo. Mr. Campbell pronounced the benediction.

Easily Fatigued

And Desponded

A Condition Known as General Debility Due to Watery Blood

General debility is a term used to describe a weak and run down condition of the system. Debility may come from a number of causes. The after effects of acute illness, lack of nourishment, due to poor digestion, overwork, or worry, or anything that makes the blood thin, thereby preventing it from carrying nourishment to the tissues of the body. The symptoms of debility vary, but weakness is always present, often a tendency to be easily fatigued, spots passing before the eyes, weak back, dizziness, wakefulness, caused by inability to stop thinking, and unrefreshing sleep.

Mr. Lorenza L. Gamache, Rockland, Ont., tells how he found release. He says, "Two years ago I was in that condition which medical men call general debility. I made periodical visits to Montreal for fourteen months to undergo electrical treatment. At the end of this time I was feeling well and thought with proper care I would continue in good health. But in the course of a month or so the symptoms came back more acute than ever. I lost my appetite and could hardly sleep during the night, and what sleep I had was disturbed with nightmares. I had headaches and the least effort was telling on my nerves. I always felt pains somewhere, and had to lose much time. After suffering for three months, trying various things without good results I was terribly depressed and disheartened. One day I met a friend who noted how pale and thin I was, and he so strongly recommended Dr. Williams' Pink Pills, that I determined to give them a fair trial. I got six boxes and began the treatment at once. After I had taken four boxes I began to notice an improvement in my health. I could sleep better, and I scarcely had a headache. Since that time my health has been steadily improving and now I feel just as well as ever. I have gained twenty pounds since I began the treatment. Now I would not be without Dr. Williams' Pink Pills in the home, and strongly recommend them to sufferers from a depressed system and the aches that follow."

If your dealer does not keep these pills you can get them by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

BE YOURSELF

It is best for the individual and best for the race, that everyone should live his own life and cultivate his own mind and garden; that he should courageously do his own thinking, and stand to the verdict of his own sentiments and tastes, and that he should work out his own career and style of character.

HAS DECIDED TO LIVE IN NEW YORK

New York society is agog over the announcement that it is to have another member of the British Royal family in its midst and this time as a more or less permanent resident. Lady Patricia Ramsay, according to report from London, has decided to live in the city of skyscrapers while her husband, Commander Lord Alexander Ramsay, R.N. is commander of the British Atlantic Fleet, a post to which he has just been appointed. Lady Patricia, as is well known, is the former Princess Patricia of Connaught, daughter of the Duke of Connaught, former Governor General of Canada, and a first cousin of King George. Known as Princess "Pat" she has been regarded as the most popular of the younger members of British Royalty. She has been described as a handsome, young woman with great spirit and a keen sense of humor. Outdoor sports, such as golf and horseback riding, have long been her chief sources of pleasure. It is said that she was a particular favorite of her late uncle, King Edward VII. Her marriage to Commander Ramsay took place in 1919.

Pleas For The Old Ways Are Made By Indian

John Still Day a "medicine man" representing 400 pagan Indians on the Red Lake reservation near the Canadian boundary, protested against the efforts of the Indian Bureau to abolish the old tribal customs when he appeared before the Senate Indian Affairs Sub-Committee during its investigation.

Mention had been made to the Sub-Committee that the tribal dances were detrimental to the Indians' crops, and that they interfered with the educational work among the younger members of the tribe.

Still Day is a tall handsome Chipewia fullblood. He did not wear the garb of the tribal healer but appeared in the attire of the white man. Speaking through an interpreter he told the committee that he was not the chief nor the great speaker but protested against the "white man's efforts to take away my religion."

To the statement that pagan Indians' corn and potatoes "were the worst in ten years because there have been too many tribal dances," Still Day replied that the Indians were not "responsible for the cold weather and the too much rains."

The pagan band lives in a place isolated from the rest of the Kew Lake Indians and its members still indulge in the ancient tribal dances which frequently last two and three days.

Floor AND Table Lamps

It is injurious to the eyes to read with the glare of the light full upon your face and that is the way a great many folks read because of no shade on the light.

A TABLE LAMP—with its silk shade to subdue and soften the light, is easier on the eye and makes reading more comfortable.

OUR READING LAMPS—with their shades of blue, rose or sand gives the room a more finished and homey touch.

Floor, Table, Bridge and Boudoir Lamps in Blue, Rose, Sand and Gold with Walnut or Mahogany stands.
