## TO LEGISLATE ALL "DOPE" OUT OF THIS FAIR OLD DOMINION

"SOOTHING" SYRUPS TO GO AS WELL AS THE DEADLY PILL SO DEAR TO THE HEART OF THE "SNOW BIRD." DR. BELAND INTRODUCES BILL WHICH WILL WIPE AWAY THE TRAFFIC IN DRUGS.

Ottawa, May 16.—The "dope fiend" has no friends in Parliament. The law makers now propose to rob him of the drugs he uses to put a "kick" in the two and a half per cent beer. Nor is the "snow-eater" to have any more cocaine, or the "pin-pusher" to secure his dose of opium. Even the "poisonous syrups" fed to cross children by impatient and ill-advised parents are likely to be banned. All this was made clear in the House of Commons last night when the small army of doctors among our legislators directed a withering fire against a clause in the Patent Medicines Act which provides that all proprietary or patent medicines containing opium or any derivative of opium, and intended for administration to children over one year of age will be labelled "dangerous for infants under one year old."

It was Hon. Dr. Beland, M. P. for Resoue, who launched the attack on the so-called soothing syrups during the debate on the Canadian mother's law. He pointed out that the contents of these widely used drugs, they would not think of administering them. Several members used even stronger language in condemning such remedies, contending that it is nothing short of criminal to allow them to be sold.

**Ban Drugs With Liquor**  
"We are talking about restricting the use of liquor," said Dr. M. Stegle of South Perth. "Now is the time to wipe out the traffic in the deadly drugs which too often are being used as a substitute for liquor." In his opinion Parliament should bar out all patent medicines containing opium. To simply label the bottle "dangerous" was futile, he said. "The poison had been put up," he said, "by some headlines in the newspapers, and talk of dollar butter, which caused many people to buy in large quantities."

Dealing with the general question of the effect of cold storage on the cost, to the consumer, Mr. Riddick stated, that generally speaking the result is to equalize prices, which are increased during the period of flush production, but kept down during periods of non-production. "There is only one cure for the present high price of butter," said Mr. Riddick, "and that is more production."

## WAS MUCH ENJOYED

Christ Church Parish Hall was crowded to the doors last evening when Madam Jarley's Famous Wax Works was presented by the Ladies' Aid Society.

Mr. Harry Harding, as Madam Jarley, was exceptionally funny. He was ably assisted by Chas. Ferguson and Walter Balcombe, as Peter and John.

There were three sets of characters. The first "The Historical," the second "The Chamber of Horrors," the third "A General Chamber," and all the parts were splendidly acted.

Between the acts vocal solos were given by Messrs. George O'Neil, A. Lamb and Chas. Ferguson.

After the performance supper was served to those taking part. Among those present were a number from Jordan and Port Dalhousie. The proceeds are to be used in paying off the debt on the Parish Hall.

## MEDAL FOR ALL

Every Soldier Who Served to be Given Medal by the Imperial Government.

Information has been received that there will be a distinction between the 1914 and the 1915 ribbons issued with the Mons Star. The 1914 ribbon will carry a small silver rosette similar in design to that which marks the repeated D.S.O. with rosette, and will be issued to men who, in 1914, participated in actual fighting, and will not be issued to men who, during that period, proceeded no further than a base in France. Also, that a free issue of the ribbon will be sent to all men qualified as above, whether they are serving or discharged.

It has been learned as well, that a general war medal has been decided upon by the British Government, and that a design for a ribbon has been approved. The amount of material required for a ribbon is said to exceed two million yards, and it will be released for sale shortly.

## GERMAN HEADS COME WHINING TO LABORITES

Plead to Britishers not to Force Them to Sign Away Their Birthright in an Hour of Weakness

London, May 16.—Philip Scheidemann, the German Premier, has sent to the Berlin correspondent of the Daily Herald, the labor newspaper, an appeal to the British people to realize "the appalling position Germany is placed in by the peace conditions."

Mr. Scheidemann in his appeal makes various points similar to those in speeches of his that have already been reported and in addition says: "We cannot believe, that fellow human beings, however much under the influence of a wicked war, can really intend to reduce a kindred civilized people to slavery, for that is what these conditions mean."

"We Germans call upon you English not to force us to sign away our birthright and the peace of Europe in our hour of weakness."

Several battalions of infantry will also be employed for the policing of the territory. The selection of an allied Commander for this force is under consideration.

## PROVINCIAL CONVENTION NOT IN FAVOR

Majority of Delegates are Opposed to \$2000 Gratuity Scheme. Each Get Cigarette Case.

Windsor, Ont., May 16.—The question of endorsing the Calgary resolution asking for a special war grant of \$2,000 for returned men who served in France, and \$1,500 for men who got as far as England came before the Provincial convention of the G.W.V.A. today on their return from a motor trip around Windsor as the guests of the Kiwanish Club. During the four days inspected the plant of the Ford Motor Company, where a silver cigarette case was presented each delegate as a souvenir.

The resolution to endorse the Calgary proposal came before the convention at the instance of Central Branch, Toronto, who endorsed the Western branches' action. It is understood that 95 per cent. of the resolution on the \$2,000 grant refused to endorse it, and it was stated that only one resolution, that of Central Branch, favored the exact text of the Calgary proposal.

The resolutions committee itself refused to endorse the \$2,000 grant and submitted the following resolution in its stead: "That the physical and moral sacrifice of the returned men can neither be estimated nor repaid but that it is possible to estimate the difference in actual earnings between the overseas men and the men who stayed at home, and that a committee should be appointed to collect the necessary data to make such an estimate."

## OVER MILLION DOLLARS FOR PENSION WORK

High Salaries Coupled With Administration Costs Boosted Office Expenses.

Ottawa, May 16.—Administration costs and salaries for the Pension Board amounted last year to \$1,250,000, according to a statement made by Hon. Mr. Rowell, while the House was in supply. This is apart from pensions actually paid by the board.

There was before the committee a supplementary vote of \$500,000 for salaries and expenses for the board. Mr. Rowell remarked that the amount seemed large and asked for particulars.

Mr. Rowell replied that last year the Government reduced the Pension Board's estimate of its expenses by \$250,000. It was found, however, that the actual expenditure amounted not only to the estimate of the board, but passed it by \$250,000. Therefore, the supplementary vote of \$500,000 was required. It was also found that larger salaries had to be paid in many cases than were at first contemplated. The vote carried.

## NO UNION JACK AT G. W. A. CONVENTION

Windsor, May 16.—During the convention yesterday it was suddenly discovered that there was not even a small Union Jack in the hall. Provincial Secretary W. E. Turley remedied this by hunting up a big one, which was placed over the table on the platform. The meeting was several hours in session before this was noticed.

The council will also hear appeal of the bridge company on May 26th, when it will constitute itself a court of revision. It is expected that the council will stand by its assessor, and thus a big legal fight will be on.

## FRIENDS BEAT GRIM REAPER TO T. KENSLEY

Buffalo Man is Rescued at Brink of Niagara Cataract Last Night.

Niagara Falls, May 16.—A man who said he was George T. Kensley, 68 years old, of No. 231 Auburn avenue, Buffalo, was rescued from the Niagara river about 75 feet above the American Falls at 7:45 o'clock last night. Kensley said that he felt into the river at First Point, about 300 feet above the falls. Later he claimed he didn't know how he came to be in the water.

W. P. Burke, a Syracuse salesman, was walking along the path skirting the river and saw Kensley. He says Kensley seemed about to take off his coat and that shortly afterward he saw the man in the river. Burke called some boys standing near a tree at which there was a rescue pole, Dominic Lora, fourteen years old, of No. 221 Eleventh street, ran with the pole.

The alarm brought a crowd and R. D. Shure, of No. 223 Syracuse street, and Albert Vincent, of No. 184 West Fourth street, both of Ontario and Michigan, and Ogdenburg Railroad, ran to Burke's assistance. They managed to pierce one of Kensley's coat sleeves.

Burke says that Kensley shook off the pole and tried to keep his head under water. The swift current was carrying the man down stream. But the rescuers could see a bald head bobbing up at times and followed. Casting the pole again, they hooked Kensley's coat. This time, according to Burke, Kensley clung to the pole.

## GIANT DIRIGIBLE BREAKS FROM MOORINGS AND IS LOST

BIG SHIP IS SWEEPED OUT TO SEA AND PLANS OF UNITED STATES NAVY FOR TRANS-ATLANTIC FLIGHT BY AIRSHIP RECEIVED SEVERE JOLT AS A RESULT.

St. John's Nfld., May 16.—Plans of the United States navy for a trans-Atlantic flight by dirigible received a serious jolt yesterday when the giant "Blimp" C-4 burst from her moorings in a gale and was swept out to sea soon after she had arrived from Montauk Point, after being in the air continuously for 25 hours and 45 minutes.

Lieutenant Charles G. Little, of Newburyport, Mass., who was even charge of the C-5 after her crew had been taken off, was almost carried away by the fugitive gas bag while making a terry attempt to debate it. When she broke away he seized the rip cord and gave a tug which should have opened up the big envelope and permitted the gas to escape. The cord broke, however, and Lieutenant Little, realizing he would be unable to bring the ship down, leaped out from a height of 25 feet. His only injury was a sprained ankle.

The escape of the C-5 followed a long struggle by sailors from the cruiser Chicago to prevent its injury when gusty west winds swept across its mooring place in Quidi Vidi basin and began tossing it about. Several of the sailors, clinging to guy ropes, were thrown down by the dirigible's final tug, but none were injured.

The loss of the Blimp was a bitter disappointment to Lieutenant Commander Emery W. Coff and his crew of five. Despite a heavy fog and unfavorable weather they had brought the big ship over a 1,300-mile course from Montauk Point with a performance record which they were confident would have brought the coveted order from the Navy Department to attempt the overseas flight.

## RELIGION AN OBSTACLE AGAINST BOLSHEVISM

Ottawa, May 16.—During the debate in the House Wednesday, Hon. Rodolphe Lemieux said: "In our national existence as a people, we should see to it that in every school whether Catholic or Protestant, there should be religious teaching. The world today needs religion. In the years to come if the Bolsheviki tide were should spread, the greatest bulwark against it will prove to be the Province of Quebec with its sectarian schools where religion is taught. Religion is needed. Let me tell my hon. friends."

## HOBBLE-SKIRT WINS CASE FOR DEFENDANTS

Skilled Lawyer is no Match for Fables of Dame Fashion in New York Court.

New York, May 16.—William Travers Jerome, former District Attorney of New York, was beaten in the Tombs Court yesterday by two hobble-skirts. Jerome represented Joseph Goldmuntz, jeweler, 37 Nassau street, who charged that Jennie and Minnie Berger, sisters, 63 West 110th street, with assault. In a quarrel over some gems, an accounting for which was demanded by the defendants, witnesses maintained that the young woman called the jeweler, who he admitted of their father's estate, thief and a smuggler, and repeatedly kicked him. "They kicked me, and kicked me," wailed Goldmuntz.

The sisters did not deem oral evidence necessary for their defense. They were modestly attired and smiling. They merely rose, shuffled forward a few paces, and Jennie, pointing to the hobbled ankles of Minnie and herself, exclaimed: "We kick him? Impossible!"

Magistrate Douras took a deliberate survey of the tight skirts and shook his head. "The court agrees," he observed, "Impossible."

At the close of the business the visiting ladies were delightfully entertained to tea.
