A Pledge for Little Folks.

This little hand
Do with our hand
The Pledge now sign,
To drink no Wine;
Nor Brandy red,
To turn our head;
Nor Whiskey hot,
That makes the sot;
Nor will we sin
Through drinking gin;
Hard Cider too
Will never do;
Nor brewer's beer,
So dear and queer;
Nor fiery Rum,
To turn our home
Into a hell
Where none can dwell—
Where peace would fly,
Where hope would die,
And love expire
'Mid such a fire.
So here we pledge perpetual hate
To all that can intoxicate.

Assault on the Martello Tower.

London, Midnight, Jan. 29.—Additional particulars of the assault on the Martello Tower, at Duncannon, on Monday night, has been received. After receiving the first fire of the garrison, the attacking party retired, but did not leave the field, they waited until their numbers were largely increased from crowds who seemed to be near at hand, and again advanced upon the tower, beginning a general discharge of firearms by which one of the garrison was wounded. When the assault had almost reached the foot of the tower the troops again fired, and two men were seen to fall. The crowd then fell back, and disappeared in the darkness. The two men who were shot were carried off by their companions, and it is not known whether they were wounded or killed. The affair has caused great excitement in Wexford county. No arrests have yet been made, but the Government is using every means to discover the leaders of the assault.

The silver question is still troublous. We observe that a movement is being made in Montreal to gather up and export two or three hundred thousand dollars. This would slightly mitigate, though it would by no means remove, the nuisance. We have several millions of dollars in American coin passing from hand to hand in Upper and Lower Canada, with Montreal could and would again be flooded. It is plain, therefore that any action of the sort indicated above could only afford a temporary alleviation. The fifteen per cent, now levied upon American silver will effectually prevent futher importations; but how shall we get rid of that already in the country? The only practicable plan, in opinion, is for the banks to buy up and export the whole of it, for the sake of getting their own notes and Canadian silver into more extensive circulation. Why cannot this be done.—*Advertiser.*

NOTHING GOOD DIES.—Dickens says:—There is nothing, no, nothing that is innocent or good, that dies or is forgotton. Let us hold to that faith, or none. An infant, a prattling child dying in its cradle will live again in the better thoughts of those that loved it, and will play its part, through them, in the redeeming actions of the world, though its body be burned to ashes or drowned in the deepest sea. There is not an angel added to the host of Heaven, but does its blessed work on earth in those that love it here. Forgotten! oh if the good deeds of human creations could be traced to their source, how beautiful even death would appear; for how much charity mercy and purified affection, would be seen to have their growth in dusty graves!

The Cretans have won another battle over the Turks.

The Fenian circles in the vicinity of Boston have voted to work on St. Patrick's day, instead of marching in procession, and to devote the earnings toward revolutionary purposes in Ireland.

New York, Feb. 5. The *Times'* Washington despatch says it is said the reason of the delay in presenting the new British Minister is that he is awaiting further instructions concerning the *Alabama* claims.

A son of Patrick Henry, whose passionate exclamation, "Give me liberty or give me death!" has been so often quoted, died recently in Virginia, aged seventy-two years.

It is expected that the Suez canal will be fully opened for the unbroken passage of large vessels on or before the first of October next.

It was incidentally mentioned during a recent debate, that the cheese-manufacture of Ontario is second in imporsance only to the lumber interests of the Province.

Eighteen prisoners escaped from jail at St. Joseph, Missouri, Saturday. During the melee, Horace Fish, brother of Sheriff Fish, was shot and killed. One prisoner was severely wounded.

An exchange says that Lord Monck presided at a missionary meeting in the Parish of St. Albans, near Ottawa, on Monday evening and delivered an address.

The present Grand Master of the Masonic Fraternity in Great Britian is the Earl of Dalhousie. He is the sixth of his family installed in the position. Just a hundred years ago his grandfather was "made" Grand Master.

VIVAT REX.—We thought that we had heard the last of Mr. King's intermeddling with the other banking institutions of the country. It appears we have not. We are credibly informed that, notwithstanding the universal outcry against his financial dictatership, he is threatening another monetary *coup d' etat.* He is reported to be engaged in buying up Commercial bills at 99 and 99½, with a view of embarrassing the Merchants' Bank of Montreal as soon as the amalgamation of the two institutions is complete. We need hardly say that the attempt will utterly fail, and we only mention it for two reasons—to put the Merchants' Bank on their guard against even monetary inconvenience, and to point out the persistence, with which Mr. King is waging war upon the other banks, as he supposes, for the benefit of his own. It is high time that the talons of this financial vulture were pared down within the limits of harmless; it is no longer endurable that he should possess the power of putting sound and solvent institutions in jeopardy even for an hour.—[Toronto Telegraph.

CASTLES IN THE AIR.—Dr. John Wilkins wrote a book in the time of Charles II, to show the possibility of making a voyage to the moon. The Duchess of Newcastle, who was likewise notorious for her vagrant speculations, said to him. 'Doctor, where am I to halt at in the upward journey?' 'My lady,' replied the doctor, 'of all the people in the wourld, I never expected the question from you, who have built so many castles in the air that you might lie every night at one of your own.'

EMPHATIC TYPE.—The Berkshire *Courier* says: "*People* who send us "communications" for *publication* are "requested" not to "quote" and *underscore* so MUCH. THIS is *about* the way A good deal of "matter" would LOOK if we "*printed*" it AS WRITTEN. To which "*request*" TEN THOUSAND *compositors* "most earnestly" ADVANCE their "*request*" that Names and Places be PLAINLY WRITTEN, and the *stroke* of the J always carried BELOW the line."

FEBRUARY.

Really this should be noticed. We observed in the Blue Treatise (which indeed is worthy the name of a scietific work) on page 13, an article headed Lacteal Vessels, &c. 'Tis grand. READ it for yourselves and understand the principle upon which the great Shoshonees Remedy makes such wonderful cures of diseases of the Stomach, Lungs, Liver, Kidneys, &c. One of these valuable treatise accompanies each bottle of that peculiar Indian Medicine, for sale everywhere.

THE ERIE CANAL.—This Canal is 360 miles in length, and the Tolls collected upon it for 1861 amounted to over three million dollars, which is nearly double the amount collected in any previous year; and while our neighbours have so much reason to be pleased at this result, itis gratifying to know that the sales of the "Canadian Pain Destroyer," for the cure of coughs, colds, frost-bites, rheumatism, &c., is increasing much faster. Sold by all medicine dealers at 25 cts. per bottle.

☞ Is health worth having? If it is protect it—it is a jewel as easily lost as virtue, and in many cases as difficult to recover. In this climate, and more particularly at this season of the year, people are very apt to take cold and suffer from sore throat, coughs, spitting of blood and pulmonary complaints generally, which if not checked immediately lead to serious consequences. The question arises—which is the quickest and most effectual remedy? Bryan's Pulmonic Wafers have been before the public for twenty years, have always given perfect satisfaction, and invariably effect permanent cures when taken in season. Sold by all medicine dealers and country stores generally throughout the Province, at 25cts per box.

Owners of Horses Rejoicing.

And why not? and who knows but that their horses are rejoicing as well; who can prove the contrary? But their owners rejoice because of the astounding and almost miraculous effects on their horses of "Darley's Arabian Heave Remedy." Some where lean and poor having no appetite, others would devour their food ravenously, yet derive no benefit from it; some where hide-bound with rough and shaggy hair; others had severe colds and coughs; many had the heaves and other complaints peculiar to horses, on all it operated as a charm, the disease or complaint was speedily removed, the appetite and digestive organs corrected—the skin softened, and sleek and skinning appearance given to the coat all without any danger to, or preventing the horse being used.

Remember the name, and see that the signature of *Hurd Co.* is on each package. *Northrop & Lyman*, Newcastle, Ontario, proprietors for Canada. Sold by all Medicine dealers.
