The Evening Chit-Chat

By MISS CALDWELL

Two men looked out from prison bars; One saw mud, another stars." Robert Louis Stevenson.

Isn't it an interesting thought to realize how much the subjective element enters into our vision? In other words, what a different world each and every one of us sees.

And I don't refer only to the different worlds of the man who sees mud and the man who sees stars, the man who sees clouds and the man who sees sunshine, but to the fact that no two people ever see the same world in any sense.

For instance, three people—two men and a woman—walk down the street together.

One man is interested in architecture. He is thinking of building a house. So he sees all the houses on the street. He notes the French roof of one, the comfortable bay windows of another, places a third in the Queen Anne period, and approves the long French windows of a fourth.

The other man is interested in automobiles. He notices the makes of all that pass, calculates their horsepower, mentally criticises the wind shield of one and admires the color scheme of another.

The woman sees the people they pass, gets an idea for her sewing hat from the first woman, thinks the man who comes next is a Gibson type and looks rather like her beloved Mr. Gillette, wonders why on earth the next woman wears her hair so unbecomingly, is so glad she doesn't have to

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heart-burn," belching of gas, indigestion, loss of appetite, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attached under cellophane. A glance at these will show that it contains no alcohol, or harmful habit-forming drug, or any other deleterious element. It is made of pure, triple-refined glycerine, of proper strength, from the roots of native American medicinal forest plants. World's Dispensary Medical Association, Props., Buffalo, N. Y.

Household Notes.

A cement made by adding a teaspoonful of glycerine to a gill of glue is a great convenience in the kitchen, and is especially good for fastening leather, paper or wood to metal.

Dampers should be placed in all pipes leading from heaters and kept closed in summer, as air from the furnace should not be allowed to flow into the house when the fire is out.

Cookies put into an earthen jar lined with a clean cloth, while they are still hot and kept covered close will be much more melting and crumbly than if they are allowed to cool in the air.

The label on a glass jar will keep clean and will stick longer if painted on the inside. Of course this applies only where dry materials are stored in the jar, such as seeds, rice, lupin, etc.

If the house is infested with ants, dip a sponge into sweetened water and lay it where they can get at it. They will soon cluster upon it, when the sponge should be dipped into hot water.

A dry rubber sponge is excellent for cleaning woollen materials.

They should be laid flat and the sponge swept over them briskly, care being taken always to rub the wrong side of the nap.

A mixture of finely powdered fuller's earth and alum is excellent for cleaning white goods. It should be rubbed in well, then brushed off, and the gloves sprinkled with dry bran and whitened.

If the gas stove is not equipped with a broiler, try heating a pan piping hot. Put the steak into this without greasing, and turn as soon as it is seared on the bottom, and keep turning until the meat is done.

The most practical use for old corks is to make a low fire burn up. Empty spools also make good kindling, and if these things are saved it will be surprising how many will accumulate in the average household.

To clean a burned kettle, turn out the burned contents, but do not fill with water. Set it aside to cool, and then place in it a handful of washing soda and water and let the solution boil for an hour or more.

Patent leather shoes should be carefully wiped off with a soft cloth when they are removed, and then a few drops of olive oil should be rubbed in.

Hay Fork Ran Through His Foot

But Able to Work the Second Day

Mr. V. Thorpe, of Saskatoon, Sask., was saved much suffering by Douglas's Egyptian Liniment. He says: "My hay fork ran through my foot. I applied Douglas's Egyptian Liniment freely as soon as possible and kept a bandage wet with the liniment over the wound. On the second day I was able to work again and was surprised how quickly the wound healed."

"Last summer I suffered greatly from boils, having as many as 14 at one time. On the advice of a friend I tried your liniment. The boils disappeared as if by magic, and I have since used it for all skin troubles. It is the finest thing of the kind I have ever used."

"It is really surprising how quickly and cleanly a wound heals when it is treated with Douglas's Egyptian Liniment. Boils, pimples, hemorrhoids, barber's itch and all skin affections of this kind disappear before it like magic, and sores, cuts, splits and similar troubles in horses."

"Get a bottle from your druggist and keep it handy, as it is a great saver. Free sample on request. Douglas & Co., Niagara, Ont."

Declined a 2nd Round.

The Judge of a Western Court decided a point adversely to a certain lawyer. The lawyer was stubborn and insisted that the Judge was wrong.

"I tell you that I'm right!" yelled the Judge, with flashing eyes.

"I tell you that you are not!" retorted the counsel.

"Crier!" yelled the Judge, "I adjourn the court for ten minutes."

He pitched into the counsel, and after a sharp fight placed him hors de combat, after which business was resumed. But it was not long before another misunderstanding arose.

"Crier!" yelled the Judge, "we will adjourn this time for twenty minutes."

"Never mind, Judge," cried the counsel; "keep on your coat—the point is yielded. My thumb's out of joint and I've sprained my shoulder."

Premature Burial.

Stilled Cries From a Girl's Grave. Salonica, Turkey, July 26.—The only daughter of a Bulgarian family at Uskub, after alling some time, was found insane recently, and her parents thinking her dead, had her buried, in accordance with local customs, the same evening.

A few hours afterwards a policeman passing the cemetery heard stifled cries from the newly made grave. He ran to the parents' house, and a large number of townspeople attended the exhumation, only to find that the girl had died a few minutes previously from suffocation.

MARINE NOTES.

The S. S. Durango reached Liverpool yesterday morning.

The Little Mystery passed the Narrows yesterday bound for Twillingate.

The Lady Napier is due here from Sydney with coal to Crosbie & Co.

The S. S. Rosalind should reach here at 10 a.m. Friday from Montreal and Gulf ports.

The S. S. Prima left Montreal Friday, with a load of coal for Harvey & Co.

30 Witnesses.

To be Summoned in Dynamite Trial. Los Angeles, Calif., Aug. 9.—The prosecution in the trial of the McNaras, the alleged dynamiters, will summon, it is said, about 150 witnesses and the defence fully as many. Testimony is to be sent to all parts of the country to summon persons named as witnesses. The detectives who were employed by the District Attorney's office are not having the success in locating those who are wanted as are the women detectives. One young woman alone served 25 subpoenas in San Francisco and vicinity, where it is said the men would find none of the persons wanted.

To the Trade!

LIFEBUOY RUBBERS
