Mayoral Candi-

date Morris

HOLDS PUBLIC MEETING. The public meeting in connecti with Municipal affairs called by had thought that when he went on the Mayor Morris opened at 8.15 last Council Board he would be able to night in the Casino Theatre. Ex-Mayor Gosling presided, and in opening stated he did not intend to take any active part in the forthcoming contest. He had been asked by Mayor Morris to act as chairman of matters in connection with the Charter. He said he made Mayor Morris no promise that he would work for him. He, however, whilst not taking an acconstitute himself a critic, and see out the Charter. Mr. Gosling advised the audience to select their candidates for Councillors by their attitude tothe Legislautre, which he regretted, Mr. Gosling said. These were, first, the payment of the Mayor and Councillors; second, a Council elected as driveways, he said, would enclose the a whole Under the original draft the Council was to serve the city without payment, and he thought that there was sufficient capable men in the city to do so. In the second instance, if the Council was elected under the two year term for half the body, the city would always have men with at least 2 years experience on the board. Mr. Gosling concluded by calling upon the higher levels. All these improve-Mayor Morris to address the meeting. ments, said the speaker, I would have It may be explained that when the for St. John's, but they are impossible meeting opened there was a small at- of accomplishment with the present tendance, but that later the seats in finances.

the auditorium became well filled. MR. MORRIS' PLATFORM.

In opening his speech Mayor Morris said that when he called the meeting he was not aware of the shops being open in the night time or else he it was a great mistake to leave the would have held it at a later hour. He city without a Council during the said he proposed to address the month of July last. Men were being audience first as Mayor of the city, blamed to-day for what was done and towards the end as a candidate then. In referring to the Counfor the Mayoralty. which the public life of the country was conducted. Turing to the subject of the city proper, the Mayor said he acknowledged that it was not as orderly and as neat as it should be. He make improvements. The Council, however, had their hands tied with obsolete laws and lack of funds. Near-

ouncillor. In scathing words Mayor

ly one-third of your revenue has to be paid in interest, said the Mayor. Roughly about \$2000 per week has to the meeting in order to explain some be paid out on this account. As an instance of the lack of funds he said that it was only on the 30th of November that he was able to sign a cheque for interest due in June last. tive part in the election, intended to The Mayor next described St. John's as he would have it. He said first he that whoever was elected would carry would turn to Quidi Vidi Lake, around which he would build a broad drive way, along which trees and shrubs would be planted. Next he would go wards the Civic Charter. He then di- to the higher levels and from Cook's rected the attributes necessary in the Street to Mundy's Pond he would men selected to govern the city. The make a driveway, 100 feet wide. This duties of the new Council was next would be continued across the head of dealt with by the speaker, and one of the pond and down Shaw's Street, the principal of these, he said, was where it would narrow to 60 feet. On the making of Bye-Laws. There were the Southside Road from Syme's two changes made in the Charter by Bridge he would have a similar drive way, 100 feet wide. This thoroughfare would extend as far as the Octagon. formerly kept by Prof. Danielle. These city, within which he would demolish about two-fifths of the present buildings, particularly those west of Carter's Hill. The lands made vacant he would have terraced, and where three houses are at present he would only permit two to be built. On Barter's Hill he would build a tramway for the convenience of the people living on

THE INTERNAL WORKINGS OF

THE COUNCIL Mayor Morris next took up the inner workings of the Council. He said six years experience as an elected said, he believed he could do more direct good than if he were Premier of the country. He would not advise the people to make a change now. It is too critical a time to do so. The finances of the Council are straitened: finances of the Council are straitened; he knew the fight that was before him and he was prepared to do his best. He said he did not conduct a campaign, as he was desirous for the people to decide without it. He said he wanted to feel that he was elected by the good will of the people. Mayor Morris continuing said he was aware that derived the people was aware that derived the people was aware that derived the people was a ware that the pe that during the past three weeks a great campaign was being waged against him. This, he said, he regretted as both himself and the other contestant for the office were great personal friends. In proof of this the

Mayor read a letter he sent to Hon. Tasker Cook and the latter's reply.
Seeing that we are friends and both
of us well known to the citizens, said
Mayor Morris, I ask do people think there is need for a campaign? No, never! Somebody is plotting. What is it? There is more at stake than the Mayorality. It may be, continued the speaker, the powers of Mobile River. In these waters, according to the report of Mr. Longley, an expert who has examined them, you have power enough to do all the lighting, heating and driving in the city of St. John's were it twice the present size. Behind this campaign, said he, there is mebody wishing to get more control over the Mobile River. Before concluding Mayor Morris explained his position with regard to the Road-de-Luxe, and the efforts of himself and other Councillors to save the stores from being looted during the time of

a crisis. In thanking the audience for their attendance the Mayor promised that if he were elected St. John's could count on him to give of his best, and whether it was the Governor or a beggar that came to his office, they would get a chair to sit on. a tear, his hand, or his blessing, and that he would rule by love and Christian charity At the close of the meeting the Chairman thanked Mayor Morris for his kindly reference and honed that what had been said would be weighed by the voters before cast ing their ballots. The meeting ended

LADIES AND GENTLEMEN,-

Having been pressed by numerous friends to enter the Municipal contest, I have decided to offer myself as a Candidate in the forthcoming Election. The outstanding features of my policy will be the conservation of the Taxpayer, and amongst thte necessary improvements which I intend advocating will be the inauguration of a Public Market Place and the extension of the Street Car Service to the Higher Levels.

TAXATION HAS REACHED THE LIMIT. If this is to be a place fit to call home, we must call a halt and get back to the simple life. Instead of looking for more sources of taxation to worry and harrass the already overburdened Taxpayer, my frank and honest conviction is, if Council work was put out to tender and contracted for, there would be ample funds for all our needs if public monies were conserved and not played fast and loose with. We have a huge city debt. and our duty is to see that it is not increased but reduced. Our slogan must be ECONOMIZE.

PUBLIC MARKET PLACE FOR ST. JOHN'S A NECESSITY.

It is obvious to all who have visited any country outside Newfoundland the great blessing it confers on producer and consumer alike. Beside, the Town or City which posses such has a valuable asset. In Towns in England, Ireland and Scotland, where the population is from 10,000 to about 15 or 20,000, you find a weekly market, and in larger ones a daily one. It would encourage the producer to increased production, lower the cost of living to the consumer. The money that would change hands would go into the shops and stores. Market Day would be our Red Letter Day.

The development of Agriculture would be encouraged. Tens of thousands of acres of valuable land now lying waste would be tilled. Idle lands like idle hands are a curse to any country. In 1898 the late Hon. E. M. Jackman got a Government grant of Ten thousand dollars for the above purpose. With accrued interest there is available about \$20,000 (now in Bank). THE STREET CAR SERVICE TO THE HIGHER
