ASQUITH STILL TO LEAD.

LONDON, Jan. 30.—The Star, which is known as the organ of the Liberal party, understands that an executive session of the Liberal convention to-day decided to set up any machinery for the election of a leader, thus leaving Herbert Asquith, who is to become the leader of Oxford, as head of the party for an indefinite period. The newspaper said the party decided also to limit any pacts with any parties.

"Child's Eyelids Inflamed Stuck Together and Bled"

Mr. E. P. Kimball, Entwistle, Alta., writes: "Our little girl from birth was troubled with inflamed eyelids and in spite of several remedies, grew worse until at the age of six-teen months her eyes could not be opened after sleep without bleeding, a waxy discharge sticking the lids together and adhering with great tenacity. The child's grandmothers were consulted by mail, and both responded with a little sample box of Dr. Chase's Ointment. These were used as directed, and lasted until we could obtain a further supply from Edmonton. Improvement was very marked from the first application. The waxy discharge was easier removed and did not reappear. Inflammation subsided and has not returned."

Harbor Grace Notes

"Meters" have been a much discussed subject in our town for the last week or so. In consequence of the fact that the United Towns Electrical Co. had given notice to the householders that the Company would, without further notice, install Meters, and at the rate of twelve cents per kilowatt hour, with a minimum charge of one dollar a month. This would replace the old flat rate, which the customers had been paying all along. And, as a result of the matter receiving such attention on all sides, a Public Meeting was called on Friday night last in the Town Hall. Despite the stormy night, a large and representative gathering was present, some 350 people having attended. Mr. W. H. Harris was the Convener, and F. C. Archibald was unanimously voted to the chair. A deputation from Carbonbear was present, consisting of Messrs. R. Duff, M.E.A., John Rorke (Jr.) and Harold Maddock. Resolutions adopted at a meeting on the same subject held at Carbonbear were read and afterwards put to the meeting and passed. The visiting gentlemen addressed the meeting, as did also F. C. Archibald, R. S. Munn and others. A strong Committee was formed, which will immediately get to work and see what can be done in the matter.

Commandant Urquhart, a musical genius, of the Salvation Army, St. John's, is visiting the Corps here and will give a Concert in the S. A. Citadel on Tuesday night next, February 3rd. A big programme consisting of sixteen items will be rendered, and included in the number are the following of special interest:—Harmonious Spelling, Musical Musical Wash Board, Sleigh Bell Selections, Hand Bell Selections, Musical Saw, Tea Kettle Music, Fairy Bells, etc. The Commandant gave a similar recital here during last year, when all who attended were amply repaid, and all music lovers are again assured of a rare treat on Feb. 3rd.

The death of Mrs. Thos. Peddle, of Bristol's Hope, occurred at her home there on Saturday last. She had been in failing health for the last few years, and the end was not unexpected. Besides her husband, she leaves to mourn their sad loss (by a former marriage) one daughter, Mrs. William Murphy, residing in the U.S.A., and two sons, Simon Wells, of Boston, Mass., and Eugene Wells, of Bristol's Hope; also one brother, Mark Pike, of British Columbia, several grandchildren and a large number of friends, to all of whom we offer sincere sympathy. The funeral was held on Monday, and despite the very unpleasant weather, was very largely attended, when all that was mortal was laid to rest in the C. of E. Cemetery. "Until the day dawns and the shadows flee away."

A well known resident, in the person of Nicholas Perry (Sr.) entered into rest at his home on Saturday last, after a lingering illness. Deceased kept a small store and bake shop on Water Street during the latter years of his life. He is survived by a wife and several children, who are all residing away, with the exception of one son, Nicholas, of this town. He is also survived by two sisters, Mrs. Robert George and Mrs. Geo. Kitchen, and one brother, William Perry, all of this town. Our sympathy goes out to the bereaved in their hour of sorrow. The funeral was held on Monday at the Methodist Church and interment made in the cemetery on the hill.

Large Shipment of Smelts to New York
NORTH SYDNEY, Jan. 20.—Enormous quantities of smelts pass through North Sydney from Port au Port, Newfoundland, being conveyed by the steamer Kyle. One shipment consisting of no less than two hundred and twenty-five barrels and about fifty boxes was placed on board a fair on the terminus wharf and forwarded to dealers in New York, the Fulton Market being the principal buyer. Every trip of the Kyle brings large quantities of the delicious food which are forwarded by express to parties in other parts of the United States as well as to points in Upper Canada. The only exception since the smelt fishery started that the Kyle did not bring a large consignment was yesterday afternoon. This was caused by the teams conveying the smelts from Port au Port to Port aux Basques, falling to connect with the Kyle.

Being Investigated
A magisterial enquiry into the fire which occurred on the Southside about three weeks ago, was begun yesterday afternoon in the Magistrate's Court. Several persons were called and examined. One witness was also examined in connection with the Manuels train wreck.

How to take your daily life "on high"

Do you know the power of this amazing food?

—the secret of its action?

Clearer skin · Easier digestion · Regular elimination

THESE remarkable reports are typical of thousands of similar tributes to Fleischmann's Yeast.

There is nothing mysterious about its action. It is not a "cure-all," not a medicine in any sense. But when the body is choked with the poisons of constipation—or when its vitality is low so that skin, stomach and general health are affected—this simple, natural food achieves literally amazing results.

Concentrated in every cake of Fleischmann's Yeast are millions of tiny yeast-plants, alive and active. At once they go to work—invigorating the whole system, clearing the skin, aiding digestion, strengthening the intestinal muscles and making them healthy and active.

Dissolve one cake in a glass of water (just hot enough to drink)

—before breakfast and at bedtime. Fleischmann's Yeast, when taken this way, is especially effective in overcoming or preventing constipation. Or eat 2 or 3 cakes a day—spread on bread or crackers—dissolved in fruit juices or milk—or eat it plain.

"A martyr to indigestion and constipation I was as thin as a rake with a complexion like mud. I had tried many different kinds of tonics and laxatives without permanent relief. I was advised to try Fleischmann's Yeast. In about four months my constipation and indigestion had disappeared. I am now in perfect health and look it. My complexion is clear and the envy of all who know me. I have more vigor and look many years younger than I did."
(A letter from Mrs. P. F. Robin, Mobile, Ala.)

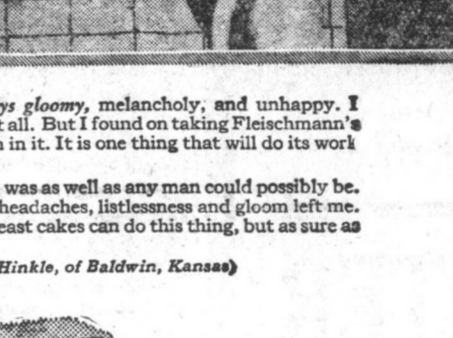

"I was only 24 years old, my health, my good looks, and the old-time dynamic energy, which I had believed so permanently mine, were gone. A man of wisdom is my physician, but I thought him indeed crazy when he prescribed three yeast cakes a day. But at the end of a month I was surprised to find that the world looked much better to my tired eyes. For two months more I took the Yeast and now I am well and happy, the old-time buoyancy and energy are mine again."
(A letter from Miss Elva Tanner, Clover, Utah)

"When I was constipated, I was always gloomy, melancholy, and unhappy. I got so I did not believe in any remedy at all. But I found on taking Fleischmann's Yeast that I did not have to have faith in it. It is one thing that will do its work whether one has faith in it or not."
"At the end of about three months I was as well as any man could possibly be. My constipation was gone, all my old headaches, listlessness and gloom left me. It does seem strange that these little yeast cakes can do this thing, but as sure as the sun shines, they can."
(A letter from Mr. T. C. Hinkle, of Baldwin, Kansas)

"Youthful freshness made way for lackadaisical indifference—headaches and constipation were my constant companions. Spotsches appeared upon my face, and with seven large carbuncles, in a short time my neck and back resembled a shell-torn battle-front. When Fleischmann's Yeast was proposed I readily accepted it as a possible means of escape. The effect was miraculous. The invaders withdrew, and in ten days the last of the carbuncles was healing, and very soon my health was restored."
(Miss Lydia M. de Fuenfios, Waukegan, Ill.)

"One day the chef at the country club suggested that I try Fleischmann's Yeast. I was haggard, anemic, and had lost all interest in life. I smiled, reminding him of my previous experiences with 'tonics.' He began serving me with what he called a special cheese sandwich daily. A month elapsed, and everyone marvelled at my complete transformation. One day I saw the chef spreading Fleischmann's Yeast on sandwiches and realized that I had been the butt of what he thought was a good joke."
(Mr. Herbert J. Hoffman, Philadelphia, Pa.)
