Rheumatie Pains

Rheumatic Pains

Require no description, since, with rare exception, all at some time have experienced their twinges. Rheumatism is not easily dislodged, only the most powerfully penetrating remedies reach to its very foundations. The most successful treatment known, and it is now frequently resorted to by medical men, is the application of that now famous remedy for pain—Polson's Nerviline. It is safe to say that nothing yet discovered has afforded equal satisfaction to the suffering. A trial can be made at a small cost, as sample bottles of Nerviline can be had at the drug stores for 10 cents, large bottles 25 cents.

The funeral of the late H. A. Goring took place on Saturday. The deceased was a member of the A. O. U. W. and I. O. F., and both societies attended the funeral in numbers. As an invalid the deceased had suffered terribly the past year, and nearly all that period he was south, residing in Texas. He at one time kept the cigar store in the Masonic Temple.

The death occurred somewhat unexpectedly at the family residence, 235 Dundas Street, yesterday morning, of Mrs. Margaret Ann MacBean, relict of the late Angus MacBean, with whom she resided for many years at Hyde Park. She had reached the age of 64 years and had an extensive circle of acquaintances in the city and neighborhood who will hear with regret of her demise. Her son, Mr. A. MacBean, grocer, of Dundas street, has the sympathy of many in his bereavement. The funeral will take place to-morrow afternoon from the above address.

A Printer Stabbed.

A Printer Stabbed.

As people were going to church last night a man was noticed at the corner of Colborne and Hope streets, who was badly cut, having evidently been brutally assaulted. He was taken in charge and removed to his home. His name is Kelly, and he was employed as a printer in the establishment of the Free Press. No arrests have been made in connection with the affair as yet.

Grippo Cases.

That the grippe continues to hold sway in this city is beyond a doubt, and that this is one of the most unhealthy periods through which the city has passed in some time is also true. A glance at the City Clerk's register of births and deaths reveals the fact that so far this month over 30 deaths have been chronicled, while only 20 births are on the list. In nearly every case the deaths are caused by troubles kindred to the influenza. A much larger proportion than usual are those of persons of advanced years.

The most valuable race ever won was worth \$250,000 to the winner. It took place in Natchez, Miss., in 1836, and was a match of 2,500 bales of cotton a side between J. F. Claybourne's Susan Yandell and Walker Thurston's Rudolph. It was play or pay, and the cotton staked was worth \$250,000. A few hours previous to the time set for the race Rudolph took the big-head, and Susan Yandell had a walk-over for the rich prize.
