He has neither the character, qualifications nor experience for such a position. The only plausible excuse for the appointment is that Lord Salisbury will still control the foreign office, while Lord Lansdowne relieves him of his routine duties."

The Daily Mall, which professes to be unable to believe that such an appointment is possible, says: "If Lord Lansdowne is appointed foreign secretary, and some other gentleman of agreeable manners is made first lord of the admiralty, the country may lament a great opportunity lost for-

SURPRISED THEM. Rome, Nov. 2.-The arrival here of King Victor Emmanuel and Queen Helena was marked by an imposing military escort, which surprised the Romans, who were not in the habit of seeing such an array of troops under the late King Humbert's regime. It is understood that the exceptional precautions taken were at the king's own request, in order to prevent the possibility of an attempt upon his life.

statesman. MAGNIFICENT SPECTACLE. London, Nov. 2.—Stephen Philips' historical drama "Herod" was produced Wednesday evening at Her Majesty's Theater with the wealth of Mr. Beenbohm Tree's resourcefulness. It is a splendid spectacle, but contains scarcely enough dramatic action to make a great success. The Herod of the play is the instigator of the massacre of the innocents, and not the Herod before whom Pilate sentenced Christ. The motif lies in the contrast between the king's worldly success and the men'al agony caused by the loss of the affection of Miriamne, his wife. Miss Maude Jeffries, as Miriamne, shared in the honors, but the play was

built for Mr. Tree, who, with the author, had a great reception. THE CARLIST RISING Madrid Nov. 1.-The Carlist uprising in the Burga district of Spain, has assumed serious proportions. It is officially admitted that 800 rebels are in arms in the district. Another large

band has appeared at Figois. The military authorities of Barcelona are censoring all the local papers, that all information respecting the Carlists is prohibited. It is now certain that the bands of Carlists are more numerous than at first announced. Two bands number 800 each, and the movement is well organized,

but premature. Madrid, Nov. 2.-The latest news of the Carlist movement is more favorable to the government. It is as-serted that the chief of the Berga band has offered to surrender if he is pardoned, but, it is added, the gov-ernment has decided to act vigorously and pardon no one.
