TR 143 1/2 | ZIONISM ONLY HOPE OF THE JEWISH RACE

Noted Hebrew Lecturer Speaks on the Persecution of His People.

Mr. Jacob Sklover, a noted Zionist lecturer, addressed an audience that crowded Cullis' Hall to its capacity on Sunday night on the subject of "Modern Anti-Semitism." The emancipation of Anti-Semilism. The emancipation of the Jews in Europe, which accorded them political rights and allowed them to leave their ghettos, in which they had been penned up for centuries, he claimed, had so far only rendered their condition worse. It had taken away from them a great unifying factor. Zionism said Mr. great unifying factor. Zionism, said Mr. Sklover, was the only hope of the Jewish race. Fifty years ago, the race as a whole was still looking forward to the coming of the Messiah. Today they have given up the idea of a personal Messiah, but the Messianic idea is finding expression in the

Zionist movement. Russian Persecution. In 1881-82, the Russians undertook to massacre the 6,000,000 Jews in Russia. Many were massacred and 2,000,000 were forced to leave Russia for other parts of the world. Roumania has gone so far as to break the treaty of Berlin, and has passed some 300 laws against the Jews, reducing them practically to the verge of starvation. America acknowledges the claims of the Jew to tolerance and liberty, but denies them fraternity and equality ostracising them socially and in many cases excluding them from leading clubs. In United States cities the street gamins are often allowed to jeer and deride the Jews directly under the eyes of the police The only hope for the Jews, according to

MISCELL ANFOUS

Detained by Illness. Much regret was expressed by the conention at the inability to be present or the first time in 18 years of Mrs. Mc-Lachlan, of Montreal, recording secretary, and also Mrs. A. O. Rutherford, of Toronto, honorary president, who was unavoidably detained by illness in her home. Two members of the executive, Mrs. Coles and Miss Detlor, were appointed to perform the duties of Mrs.

Routine business occupied the early part of the morning session. A large number of Dominion officers and superintendents answered to the roll-call. Minutes of executive meetings held on Saturday afternoon were read and confirmed. and greetings from Mrs. Spofford, president of the Province of British Columbia, signifying her regret at not being able to attend the convention.

Reports are Good. The reports of Dominion superinten-dents were next in order, and showed some excellent work done along various lines. Mrs. Asa Gordon, of Ottawa, Dominion evangelistic superintendent, when called on, stated that the aim and mission of that department of the W. C. T. U. was to train especially the individual worker, to encourage more personal spirituality, and to permeate every department with the evangelistic spirit. Weeks It ran as follows: "Martin accidentally means employed. Part of the endeavor of this department was to carry the gospel to lonely settlers in the Northwest, to umbermen, and to sailors, and to help spiritually those in hospitals and jails. Mrs. McKinney, of Calgary, stated that in this connection the health officer of that city had recently issued a bulleting dealing with the harmful effects of toacco upon the human system.

morning were remarkably heavy. Over 8,000 were received, ranging from the best grades obtainable to many of the poorest seen for a long while. This number is equal to the total receipts of any two weeks in the previous year. There were 8,103 head of cattle, 144 sheep and lambs, 683 hogs and 451 calves. The reason for this record, it is said, is that American buyers, chiefly for the Buffalo market, are gathering in all the stock prices across the line. The prices are firm from last week, although a better grade of cattle brought higher pprices than any paid on Thursday. Sheep and lambs were slightly lower, and hog trad-

'Loss Is All Chateauguay's and All Canada's," Declares Hon. R. Lemieux.

[Canadian Press.] Montreal, Que., Oct. 13. - The opinion of the Dominion Government on the result of the Chateauguay byelection on Saturday, when James Morris, the Conservative, by beating Sydney Fisher, the Opposition standard-bearer, by 144 votes, wrested from the Liberals a seat which they have held since Confederation, is probably summed up in the statement which Hon. Louis Coderre, secretary of state

has issued about the result. Mr. Coderre says: "This means that Canadians of all creeds, nationalities and origin have decided to help England in the struggle for the maintenance of her supremacy on the seas."

Sydney Fisher says of the by-elec-"I do not think the election has been straight, I think I would be quite justified in protesting the result. On the other hand, I think everything was perfectly honest on our side." Rodolph Lemieux, M. P., who took a leading part in the fight to get Mr.

Fisher elected, says: "The loss is all Chateauguay's and all Canada's, as well." James Morris remarked after the final figures were announced: "I feel that the result is an approval of the Borden administration. The national and race cry was touched upon, but it had no effect on my French-Canadian friends."
