We've "Shown" Ontario Let Us "Show" You

A series of striking stereopticon views—photos of concrete roads already built—shown on a screen as part of our Good Roads Exhibit, was one of the most talked about features of this recent Good Roads and Motor Show in Toronto. Visitors from all parts of Central Canada were in the crowds that viewed our Exhibit. These same slides, as well as the complete Good Roads Exhibit, will be a prominent feature of the

St. John Roads and Motor Show

St. John, March 29th to April 5th, in Queen's Rink

You can't afford to miss this exhibit and it would be worth your while to come to the Show for this alone. A more interesting exhibition of modern road-building methods, was never gathered together.

The booth is in charge of road experts, who will be glad to give you complete information and to explain every detail of road models. These models show the details of construction, from beginning to end of the road-making process.

If you have a "road problem" at home, take it to them—they are there to answer questions and will help you to a correct solution, without the slightest cost or obligation.

If you cannot visit the show, write us for complete information and literature on good roads. It will show you a new and easy concrete is solving the world's road problem.
