When writing mention FARMING.

## Farmers

We are surprised to read the claims of some of the makers of Disc Harrows. One would think it was the **WATFORD DISC** they had reference to.

The up-to-date disc of to-day is a throw-out harrow. Still the Watford will throw either in or out. The leading improvement in disc harrows to-day is the spring pressure and its application to hard or soft ground, to cut a uniform depth, and to avoid weight on horses' necks. This pressure must be applied directly over and in line with the centre of discs, just where

you will find it in the Watford, and where we have had it for years. Comfort for rider. Buggy Spring construction. (See Cut.)

**Special Offer**—Where Watford Implements are not sufficiently known we will name an interesting price, it being understood that special cut is to have no bearing on regular selling price—a special price for a special purpose.

Yours for up-to-date implements on the farm,

Thom's Implement Works, Watford, Ont.

Send 2 cent stamps for Illustrated Catalogue of Poultry and Poultry Supplies. Poultry's Guide, New Edition, 15 cts. per mail. P. O. Address.

24 St. Sulpice St. Montreal.

## Humpty-Dumpty Egg Crates

See what loss might have been prevented if the new Egg Crates were used by all farmers.

They are exceedingly cheap and very strong and durable.

Be Sure You See Them.
