**Protection from Lightning,** BY SPRATT'S PATENT. LIGHTNING RODS manufactured by E. V. Wilson, son and H. Piper & Brother, 50 Yonge Street. The subscribers are the only authorized agents for the sale of these valuable rods in the Canada. Manufactured and for sale, wholesale and retail, at No. 50, Yonge Street, Toronto.

CAUTION—Allow no man to protect your buildings without first examining the points of his rods, and if they have not the Platinum Wire in the point, they are not genuine. The coating of them is of a composition metal that never rusts, retaining its brightness for years. The metal is soft and easily cut with a knife, yet sufficiently hard not to melt under the influence of electric fluids. Look out for rods manufactured at St. George, C. W., they purport to be Spratt's points and rods but are not. The points are made of steel, highly polished, but will become coated with rust after the first night's exposure to the atmosphere, consequently rendering them useless. Always ask for the Agent's Certificate of right to sell, and be sure to note the stamp—SPRATT'S IMPROVED POINT—this is on the points near the base. Notice.—No Policy of Insurance covers losses by Lightning unless turned down or set on fire. E. V. WILSON and H. PIPER & BROTHER. Agents wanted. Toronto, March 16th, 1854.
