

ITERATION IS THE SECRET OF SUCCESS IN ADVERTISING STATE A TRUTH AND DRIVE IT HOME!

"To Discontinue An Advertisement," says John Warriner, one of the largest advertisers in the world—and, naturally enough, one of the most successful business men—"is like taking down your sign. If you want to do business, you must let the people know it."

Rubber Stamps, Stencils, Seals, Etc.

Send for Prices.

A SAVING OF 40%

IS MADE BY USING OIL FOR FUEL UNDER

The Aerated Fuel Co's SYSTEM

(SPRINGFIELD, MASS.)

This system uses oil, with a higher pressure of air, and is adopted in the United States and Canada for all kinds of iron and steel forging, tempering, welding, annealing, etc.; for generating steam; for burning lime, cement, sewer pipes, terra cotta, brick, etc.; for heating chemicals and asphalt; for japanning; for oxidizing lead; for drying sand, salt, etc.; for singeing cloth, etc.

Its advantages over coal and wood are:—A perfectly even fire, at all times under complete control, free from gas and dust, and ready for use in a minute after turning valve, and no increase in insurance rates.

Some of the companies now using this system in Canada are:—The Massey-Harris Company, The Wilkinson Plough Company (of Toronto), The D. F. Jones Manufacturing Company, The Spring and Axle Company, and George Gillies (of Gananoque), the Dominion Bridge Company (of Lechmere).
