### WE CHALLENGE THE WORLD.

to show an Electric Belt which the current is under the control of the patient as completely as this. We can use the same belt on an infant that we would on a giant, by simply reducing the number of cells. The ordinary belts are not so. Other belts have been in the market for five or ten years longer, but to-day there are more than three hundred manufactured and sold than all other makes combined. The people want the best.

### REWARD OF IMITATIONS.

Our attention has been attracted to base imitations of "THE OWEN ELECTRIC BELT," we desire to warn the public against purchasing these worthless productions. They are being sold through the country by men calling themselves electricians, who prey upon the unsuspecting by offering worthless imitations of the Genuine Owen Electric Belt that has stood the test of years and has a world-wide reputation. Our Trade Mark is the portrait of Dr. A. Owen, embossed in gold upon every Belt and Appliance manufactured by The Owen Electric Belt and Appliance Co. Some merchants without it.
