ST. MARY'S COLLECE.

MONTREAL. This College is conducted by the Jesuit Fathers. Opened on the 20th of September 1848, it was incorporated by an Act of the Provincial Parliament

in 1852, The Course of Studies, in which Religious Instruction holds the first rank, is divided into two Sections: the Classical and the Commercial.

The CLASSICAL COURSE, principally taught in French designed to impart a thorough knowledge of the Greek, Latin, French and English Languages and Literature, pure and mixed Muthematics, History and Geography, Philosophy and Natural Science, and whatever is necessary as preparation for a professional career.

It comprises eight Classes: LATIN ELBMENTS, SYN-TAX, METHOD, VERSIFICATION, BELLES-LETTRES, RHE-

Tonic, 1st and 2nd YEAR OF PHILOSOPHY. THE COMMERCIAL COURSE, principally taught in English, embraces the English and French Languages, Literature, Mathematic and the other branches named above, moreover Book-keeping, and whatever elso may fit a young man for commercial and industrial

pursuits. It comprises four Classes: GRAMMAR, LITERATURE

RHETORIC and PHILOSOPHY.

There are, moreover, Elementary and Preparatory Classes for younger students.

The system of Education is paternal : the teachers endeavour to unite kindness with firmness, and make use of the means of persuasion in preference

to those of severity. To be admitted into the College, applicants must present a certificate of good character.

Monthly reports of behavior, application and progress, are sent to parents or guardians.

None but relations or those who represent them

are allowed to visit the boarders. Half-Boarders and Day-Scholars must not absent

themselves without the previous leave from the College authorities. The collegiate year is of ten months, begining in

the first week of September, and ending in the first week of July. TERMS.

amount of money in their possession. To avoid delay, mistake, or any other inconveniences, money, Bank drafts or Checks should be always directed to the Treasurer of St. Mary's College Montreal.

CATHOLIC COMMERCIAL ACADEMY

OF MONTREAL,

PLATEAU AVENUE - 699 St. CATHERINE STREET. THIS Institution has added lately to its Programme of studies a complete polyternic Course. This Course was established by the Minister of Public Instruction for the diffusion of the knowledge of the great industries among our Canadian youth.

Young men possessessing dispositions and aptitudes for the great manufactural and mining industries; for Civil Engineering, architecture, surveying mechanics, &c., &c., are particularly invited to follow this course which is placed under the direction of a skilful professor trained in the professional schools of France. The course embraces three years study, and for the benefit of those who have not completed their course in a Classical College a preparatory class has been opened. A Programme of the studies can be obtained either on personal or written application.

The Commercial Course will continue as heretofore, the only change being a separate class, exclusively devoted to commercial transactions. In this class practical transactions in Banking, Custom-House and commerce in general are carried on. When a pupil is ready to undergo his examination, and passes it satisfactorily, he receives his Diploma.

This year the primary department will be transferred to a comfortable brick-house, next to the Academy, which has been purchased by the commissioners for that purpose.

The opening of classes will take place on Monday

For the relief and care of all derangements in the stomach, liver, and bowels. They are a mild aperient, and an excellent purgative. Being purely vegetable, they contain no mercury or mineral whatever. Much sortous sickness and suffering is prevented by their timely use; and overy family should have them on hand for their protection and rolief, when required. Long experience has proved them to be the saftent est, surest, and best of all the PHIs with which the market abounds. By their occasional use, the blood is purified, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleansed by Ayer's Pills, and stimulated into action. Thus incipient disease is changed into health, the value of which change, when reckoned on the vast multitudes who enjoy it, can hardly be computed. Their sugar conting makes them pleasant to take, and preserves their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution, or diet, or occupation.

As a Dinzer Pill, take one or two Pills to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels, restores the appettte, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

QUACKS CONFOUNDED.

Rheumatism and Gout have heretofore been considered by the ordinary practising physicians as in-curable diseases, and the query has often been propounded, of what benefit to the helpless sufferer is all their pretended science; and what doth it avail,
their long and tedious course of study—if they are obliged to acknowledge that all their resources are to no account when called upon to prescribe for a patient suffering from chronic rheumatism. The great trouble lies in the fact that the mode of investigation is prescribed within certain boundaries and limitations compelling the student to tread in contain well-worn paths, or suffer disgrace and ex-communication from that highly respectable order of mortals known as the Medical Faculty. How often genius has been curbed in its flights of investigation can easily be imagined. And often really grand and beneficial discoveries have been placed under the ban of censure by those self-constituted censors, for no reason whatever, but that they are innovations upon a stereotyped and time honored prescription. It was not so, however, with the proprietor of the

Diamond Rheumatic Cure,

for his high standing in the profession, and the learning and science of an able mind, quickly compelled the canson to succumb, and now physicians generally, all over the world, where this medicine is introduced, admit of its wonderful efficacy, and often prescribe it for their patients. Of course the use of the DIAMOND RHEUMATIC CURE, without the aid of a physician, is a saving in fees to the sufferer, but the really conscientious physician-should rejoice at this, for the reason of the general benefits arising to mankind from its usc.

READ WHAT THE PEOPLE SAY. MONTREAL, 21st March, 1871.

Messrs. Devins & Bolton: Dear Sirs-I with pleasure concede to the Agents wish that I give my endorsation to the immediate relief I experienced from a few dos s of Dr. Miller's Diamond Rheumatic Cure, having been a sufferer from the effects of Rheumatism, I am now after taking two bottles of this medicine, entirely free from pain. You are at liberty to use this letter, if you deem it advisable to do so.

I am, Sir, yours respectfully, JOHN HELDER ISAACSON, N.P. MONTREAL, 17th March, 1874.

Messrs. Devins & Bolton: Gentlemen-I have suffered much with rheumatism, so much so that I was obliged to stay at home a certain time. I heard Mr. O'Neill, of the St. Lawrence Hall, speaking of your remedy. I asked him to get me a bottle immediately, which he did with great kindness. To my great gurnrise that STRAW HATS, has cured me entirely, and I never felt better in my life. I attribute the use of my limbs to the " Dia-

mond Rheumatic Cure." JAMES GALLAGHER, 58 Juror Street, Corner of Hermine. A BLESSING TO THE POLICE.

MONTREAL, 18th June, 1874. DEVINS & BOLTON: Gentlemen-Having been one of the many martyrs of rheumatism that I meet on my every day rounds, I was induced to try the celebrated DIA-MOND RHEUMATIC CURE. I had suffered the last five or six weeks the most terrible acute pains across my loins and back, so severe indeed that I bould hardly walk with the help of a stick. I commenced the Diamond remedy, following the directions carefully,—relief came immediately with the first bottle; improved rapidly with the second, and completely cured and free from pain after finishing my fifth small bottle. You are at perfect liberty either to refer to me privately or publicly, as I feel very thankful for the relief, and sympathise with my fellow-sufferers from Rheumatism.

Yours respectfully, J. B. CORDINOE, Sanitary Police Officer 51 Labelle Street. FURTHER PROOF.

TORONTO, March 30, 1874. Dear Sir-After suffering for the past two years with Rheumatism, I can truly say that, after using two bottles of the DIAMOND RHEUMATIC CURE, I find myself free from that terrible disease. I have used all kinds of remelies and Doctor's prescriptions without end, but your simple remedy surpasses all. The effect upon me was like magic. I take great pleasure in recommending your medicine to all.

I remain,

MARGARET CONROY,

127 Sumach Street.

This medicine is prepared by a careful experienced and conscientious physician, in obedience to the desire of numberless friends in the profession, in the trade and among the people. Every bottle is warranted to contain the full strength of the medicine in its highest state of purity and development, and is superior to any medicine ever compounded for this terrible complaint.

In simple cases sometimes one or two doses suffice. In the most chronic case it is sure to give way by the use of two or three bottles. By this efficient and simple remedy hundreds of dollars are saved to those who can least afford to throw it away. as surely it is by the purchase of useless prescrip-
