JOHN SCOTT & CO., Chartered Accountants.

John Scott & Co., chartered accountants, in a letter addressed to the shareholders, made the following observations:

"The profit for the year, as shown by the Profit and Loss Account, amounts to \$92,691.29, of which \$42,840.27 represents the amount taken credit for in respect of the accrued profits on the Company's holdings in Park Manor Sub-Division down to 31st October, 1913. As will be seen from the Balance Sheet, this amount has not yet been realized in cash, and we would suggest that this be borne in mind when considering the disposition of the balance at credit of Profit and Loss Account, as shown in the Balance Sheet. The balance of the profits, namely \$49,851.02, has been made from operations in the Company's own properties and dividends on investments. The amount now at credit of Profit and Loss Account, as shown on the Balance Sheet, is \$106,277.19.

"The Balance Sheet has been drawn up so that the Shareholders may readily see the position of affairs as at 31st December, 1913.

holders may re December, 1913.
