JOHN E. DEWITT, President.

Taken as a whole the business of the Union Mutual Life Insurance Company for the year 1892 was among the best in the Company's history.

Its increase in some departments of its business was larger than for many years past.

The Company's insurance contracts in point of liberality being unexcelled, coupled with the inestimable advantages of the Maine Non-Forfeiture Law, have been important factors in producing such satisfactory results.

The new Tontine Trust Policy as now issued by the UNION MUTUAL is probably the best all round insurance contract in the market.

## Insure Your Brains.

EVERY MAN having the energy and capacity to earn a dollar knows that brains constitutes the most valuable part of his capital, notwithstanding that his accumulations may be reckoned by hundreds of thousands of dollars. He may have a hundred dollars invested somewhere or it may be a million, but beyond the interest earnings of his investment it is himself which is the producer. His money and his chattels he will hedge around with every guard against loss, he will clap on a fire insurance policy to cover every dollar of his stock—the most unproductive and least valuable part of his capital. But it is brains—the capital inherent in the individual, against the loss or depreciation of which provision is most needed, there is no sort of consistency in protecting your chattels and neglecting to protect your brains. You should insure your brains by a life or endowment policy in the
