THE GENUINE

SINGER SEWING MACHINES

The Best and Cheapest Machines in the world, at New York City Prices.

The undersigned having the General Agency for the sale of the Genuine Singer Sewing Machines, take great pleasure in informing the public of Canada that they have opened offices in Toronto, at No. 34, King Street East, and in the city of Hamilton, on the corner of King and Hughson streets, where they will keep on hand, at all times, a full assortment of the Genuine Singer Sewing Machines, and will sell the same, at the same prices, as at the manufacturing in New York, thus bringing the machines, which have proved themselves, after a test of fifteen years, to be the best, and most reliable machines in every respect, that has ever been made within the reach of all.

The celebrity of the Genuine Singer Machines, and the reputation which they have acquired over all others for superiority, has led certain manufacturers of Sewing Machines, in Canada, to make a bogus imitation of the Singer No. 2 Machines, and which are palmed off upon the public for Singer Machines, but in value, when compared with the Genuine Singer Imperial No. 2 Machines, stand in about the same position as bogus coin does to genuine gold.

Look out for impostors, and dealers in bogus machines, who will not only tell you the bogus are quite equal to the Genuine, but superior, and that it is your duty to buy Home Manufacturers. But if you want a Machine that will prove truly reliable, and really worth what you pay for it, buy the Genuine Singer, and you will not be disappointed.

The Genuine Singer, Letter A Machine is the best Machine made for family use.

The Genuine Singer, Imperial No. 2, is the best Machine made for shoemaking, &c.

A SAD CASE.—There was a young man before the police court of Boston one day last week, for drunkenness, whose father is reported to be worth a half million dollars. He was sent to the Washingtonian Home for reformation, but got away, found drink, and renewed his disgrace. We know a father who is not worth fifty cents in the world, and he has a son, an intelligent, moral, upright, noble young man, and we esteem him richer far than the first named. What father lives who has a son who would not rather see that son come to honor and usefulness in life, than to have a drunkard with a fortune of half million? Can any man put money against character?—a half million against sobriety?—a fortune against beastly drunkenness?—Welcome poverty deep and dark poverty, where a morsel of bread and bitter herbs is all, rather than such a lot.—American Paper.

THE CONVICT GREENWOOD.—There was a report on the streets on Tuesday (says the Leader,) to the effect that the convict Wm. Greenwood, now confined in the jail under sentence of death, had attempted to hang himself on Sunday night. Upon applying to the authorities at the jail it was ascertained that the reported was incorrect. The unfortunate man is visited daily by his spiritual adviser, the Rev. Mr. Sanson, and appears keenly to realize his awful position. He eats very sparingly, and seems to be greatly dejected. He is, however, in a measure, buoying himself with the hope that his counsel will be able to obtain a new trial for him.—The application is to be made in the Queen's Bench soon, by Mr. Cameron.

A FEARFUL DISEASE.—During the last two weeks a disease has been spreading in the South East corner of Usborne Township, Huron County, C. W., which has lately carried off nearly a score of victims, proving fatal in every instance up to the present time. It commences with severe pains in the legs and violent vomiting; the legs soon become spotted and the pain removes to the back, gradually ascending till it reaches the head, when insanity ensues and death quickly puts an end to their sufferings. The medical men of Exeter candidly admit that they don't understand it, and that they can do nothing to stay its progress.

Not Bad.—Uneducated persons and even the rudest, often succeed in illustration, where the thoughtful and cultivated fail. A striking instance is given us in the case of a negro, whose head was examined by a phrenologist. A volume of argument could scarcely have conveyed more to our mind than the fellow's homely speech:—'It's hard, massa, to tell what meat is in de smoke house, by putting de hand on de roof.'

Wooden weddings are taking the place of tin weddings. One of these new fangled concerns came off not a great distance from here recently, and the gifts were water-pails, cradles, clothes-pins, boot-jacks, wash-tubs and rolling-pins, potato mashers and rat-traps, beefsteak maulers and match safes, sugar boxes and wash-boards, wooden trumpets and jumping jacks, wooden shoes and cord wood.—American Paper.

A BAD FIX.

At a station on the Grand Trunk Railway, not 100 miles from Georgetown, a lady got into rather a bad fix, a few days since. It appears from the statement of the case, she had gone out of her house for the purpose of driving away some unruly fowls. In her absence 3 porkers took possession of her cottage, and on the lady's proceeding to regain her rights, she was met in the doorway by the intruders, to her utter dismay and to the almost total destruction of her crinoline. One of the porkers, more frightened than the others, in his eagerness to depart carried off the rightful tenant of the house on his back having got hopelessly entangled in the meshes of her hoops. The position was rather a critical one for a lady, but notwithstanding, was fully enjoyed by many witnesses for a few minutes, until two gallant gents rescued the equestrian from her dangerous position, to the no small comfort of herself, grunter, and the crying children. Moral—keep grunners out of the house, or wear small hoops!

A FEEBLE-LOOKING waterman was, a few days ago, summoned for doing damage to the river Thames. It was proved that he had twice attempted to pull up the stream.

It is stated that linens of a coarse kind are now manufactured in Ireland, that are not only relatively but absolutely cheaper than cotton.
