" 9.—County Model Schools Examination begins.
" 14.—Local Assessment to be paid Separate School Trustees.

THE ROYAL MILITARY COLLEGE.

THERE are few national institutions of more value and interest to the country than the Royal Military College at Kingston. At the same time its objects and the work it is accomplishing are not sufficiently understood by the general public.

The College is a Government institution, designed primarily for the purpose of giving the highest technical instructions in all branches of military science to cadets and officers of Canadian Militia. In fact, it is intended to take the place in Canada of the English Woolwich and Sandhurst and the American West Point.

The Commandant and military instructors are all officers on the active list of the Imperial army, lent for the purpose, and in addition there is a complete staff of professors for the civil subjects, which form such a vast proportion of the College course.

Whilst the College is organized on a strictly military basis, the cadets receive in addition to their military studies a thoroughly practical, scientific and sound training in all subjects that are essential to a high and general education.

The course in mathematics is very complete, and a thorough grounding is given in the subjects of Civil Engineering, Civil and Hydrographic Surveying, Physics, Chemistry, French and English.

The object of the College course is thus to give the cadets a training which shall thoroughly equip them for either a military or civil career.

The strict discipline maintained at the College is one of the most valuable features of the system. As a result of it young men acquire habits of obedience and self-control, and consequently of self-reliance and command, as well as experience in controlling and handling their fellows.

In addition to constant practice of gymnastics, drills and outdoor exercises of all kinds insure good health and fine physical condition.

An experienced medical officer is in attendance at the College daily.

Seven commissions in the Imperial regular army are annually awarded as prizes to the cadets.

The length of course is three years, in three terms or 9½ months' residence each.

The total cost of the three years' course, including board, uniforms, instructional material, and all extras, is from \$750 to \$800.

The annual competitive examination for admission to the College will take place at the headquarters of the several military districts in which candidates reside, May of each year.

For full particulars of this examination, or for any other information, application should be made as soon as possible to the Adjutant General of Militia, Ottawa, Ont.
