

November
Twenty-fifth
1922.

Dr. Haven Emerson,
College of Physicians and Surgeons,
Columbia University,
437 West 59th Street,
New York City.

Dear Dr. Emerson:-

I thank you for your letter of November 23rd indicating that we may count on you for one of the lectures in the course McGill proposes to give re Industrial Medicine.

I am quite sure the contribution you will make under "Periodic Health Examination in Industry" will be interesting and valuable and I gladly accept your suggestion as to the title. When the organization is a little further advanced I shall communicate with you further, but the time will be the month of February or the beginning of March next year.

With many thanks for your willingness to help us, I am,

Yours faithfully,

Principal.
