The organization is the oldest temperance association in Toronto, being founded in 1842. In addition to the adult body there is a cadet movement which is proving very popular, three sections having lately been formed in one day in the Island of Manitoulin

The meetings on Saturday were presided over by W. H. Tice. district patriarch. In the evening Mr. Hassard, who has lately made a tour of the counties of Ontario in the temperance cause, gave a short address. Mr. Hassard told of the methods resorted to by friends of the liquor traffic in order to throw the advocates of temperance off their guard and to gain their own end.

An instance was related of a scrutineer who at one of the polls stated there was a majority in favor of the Canada Temperance Act, and then told the opponents that the majority was

on the other side.

Had a Hurdy Gurdy.

While speaking in Streetsville a week ago opponents thought to drown his voice by bringing a "hurdy gurdy" outside the window of the hall, and this, with shouting and other disturbing noises, rose to such a point of tumult that Mr. Hassard stated if such had taken place in Toronto the originators would have been arrested as disturbers of the peace.

Out of \$4,000 crimes committeed in Ontario in 1912, over 13,000 were traceable to the liquor traffic, and 75 per cent. of the crimes of Toronto are attributable to the same cause.
Mr. Hassard favors the Canada Tem

perance Act as the best means for egislating for temperance. This is the pld Scott Act revived, whereby a ma-flority, no matter how slight, gains the day. The act has carried in Peel and Huron, so that forty bars will be cut off.

At the conclusion of Mr. Hassard's address resolutions were passed expressing appreciation of the action of Hon. W. J. Chancellor Bowles Leads Agitation Against Methodist General Conference on September 23.

Rev. Chancellor Bowles of Victoria University has written to the Methodist general conference special committee, protesting on behalf of the various Methodist College interests against the general conference being held as late as Sept 23. The college principals were taken by surprise on learning that no late a date had been selected, as if conflicts with the preparations for the

epening of the college term. Rev. Dr. Carman, chairman, states that the date was made later than usual to meet the wishes of the Ottawa Methodists.

In general conference circles the opinion is expressed that on return of the secretary, Rev. Dr. Moore, from the maritime provines, a call will be issued for a meeting of the executive to consider Chancellor Bowles' letter. In case an earlier date is selected, the general conference is likely to meet here instead of at the Dominion capital.

Put a small-sized box of the caviar into a shallow bowl and beat into it alternately a little lemon juice and olive oil until you have a thick, white paste. Press a hard-boiled egg thru a sieve and sprinkle this over the caviar after it is spread on the bread.

If ham is minced with a chopper and then mixed with a very little sweet cream or warm butter it spreads evenly and is better flavored than when cut in slices and laid on the bread.
